AHOY THERE. Before we set sail on this issue, the crew would like to say a massive thanks to departing editor Joe Barnes. As he floats off in his Armani life raft towards FHM Island, spreadsheet and treasure map in hand, we'll all raise a glass of grog in his honour, for he'll be sorely missed.

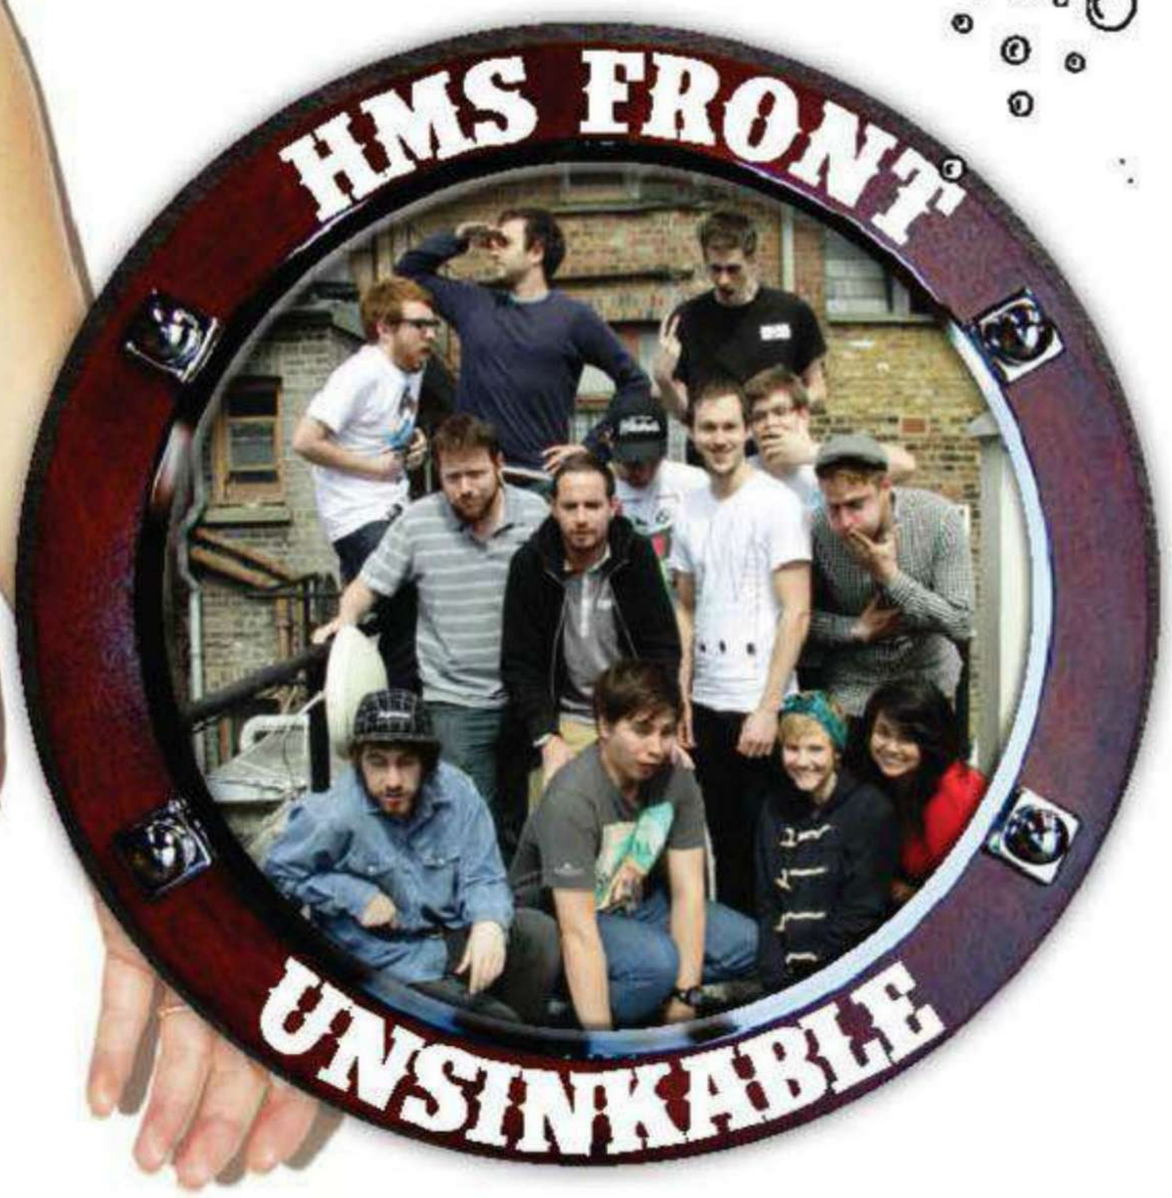

He gave this drowning magazine the kiss of life after it was cut loose by scurvy-ridden publishers, and like a pirate teaching his parrot to speak, he gave FRONT a voice.

But don't panic, readers, we've got firm sea-legs and have weathered a lot of stormy journeys aboard this big beautiful ship of ours, and we intend to keep it on a firm course towards the Isle of Fuck Me Best Magazine Ever.

Aboard this month we've got a girl on a fairground horse, a man being bummed by a llama, an Angry Bird in some girl's knickers and a celebration of non-gay man-kissing. You don't get that at fucking FHM.

Enjoy this issue and love FRONT

GOD BLESS ALL WHO SAIL IN HER

BEHIND-THE-SCENES BOLLOCKS

ADIOS BARNES

As you may have read in last month's mag, we've lost a member of staff. We don't quite know where we left ex editor Joe after his boozy-as-fuck leaving party which consisted of Alt Girls, pissed-off bouncers and pushing people off roofs, so if you do see him, please return him, yeah? There's no longer anybody in the office dancing like a dickhead, dishing out spinny chairs or making us all listen to Foo Fighters all day.

BEHIND THE BROMANCE

So we didn't actually tattoo Me Vs Hero to look like the Dude, Where's My Car? blokes, and we didn't actually knock Gav from The Blackout's tooth out, but what a lot of fun our Bromance feature is, eh? Check it out on page 76.

DAMN DRUNK AT SLAM DUNK

Er, yeah. We can't really remember much of what went on in Leeds and Hatfield this year, aside from a few cider fights, a man puking up rice, being on someone's shoulders and loads of crotch-kickingly good music. Apparently we looked like we were having fun, and that's the main thing.

ROCKET FUEL

Big love to Domino's Pizza this month, who kindly arranged us to dine like kings on our late night deadline day shift. Go check out dominos.co.uk

CRAIG COOK

Very well done to Craig Cook for doing what every warm-blooded man wishes he could do: "I came across someone who deserved a right good smack – Robert 'Cock Breath' Pattinson is slipping down the Cuntdown, but hopefully this'll boost him back up to at least number three!" he says. We've put him in at five, Craig. You'd have to bite him on the bellend for us to go any higher. High fives, none the less.

STAR LETTER

FRONT: UNLIKELY TO BE A BOOK

During one of my lazy Thursdays, the ones consisting of listening to music and the occasional wank, I stumbled across an idea. For an entire month, you (probably) labour all day and night to bring us the mag we've all come to love. My idea is this: for one time only, FRONT should produce a book containing everything from the 69 fittest girls to something about Final Fantasy. I know I'd buy it and my mate Smithy said he might do, so that's one and a half already sold.

ANDREW MAXWELL, VIA E-MAIL

Cheers, Andrew. Sadly, the possibility of up to one point five sales didn't quite seem worth the whole "changing everything about the magazine, including its form, to jazz up Andrew Maxwell's listening-to-wanking Thursday" thing. Cheers though!

LETTERS WIN PRIZES

The mouth from which this month's finest jibbering is muttered will be quenched with a delicously brilliant case of Tuborg's finest alco bubbles.

SLAM DUNK DA DRUNKS

I have a massive favour to ask: do you have any Fuck Yeah North t-shirts left over from Slam Dunk? Kenny Vasoli of The Starting Line wore one on stage, and they were awesome. The only let-down was the BBQ – you shouldn't need to take out a mortgage for a burger.

JOE MITCHELL, VIA E-MAIL

Hi Joe, the plan was to sell all the shirts that we didn't give away, but some light-fingered bastard nicked them all. If we were the thieves involved, we'd put people off our scent by e-mailing in, asking if we could buy the shirts we'd secretly stolen. Joe, you're a fucking robber.

CAN I HAS ROSIE?

All I want to say is that I think Rosie Jones is the all-time best FRONT girl. I honestly can't believe how perfect her body is. It would please me greatly if you could put her in the magazine again, I need a Rosie fix.

GAZ MADDOX, VIA E-MAIL

Despite your clearly made-up name, Gaz, we've only gone and bastard frigging fucking bastard shitting done another shoot with her, haven't we? We did it just for you, Gaz. There's no way we got your e-mail a day after the shoot took place and laughed at how we knew loads and you knew nothing.

STUPID PLANKER

Dear FRONT magazine, I'm sick to fucking death of all these cunts, Extreme Lying Down and Planking, so I thought "fuck it" and started Extreme Danger Wanking. Are you guys with me?

JAWN HARCUS, VIA FACEBOOK

At the time of writing, EDW was up to 373 fans on Facebook, so by the time you read this it'll be on loads. But, if anyone's died from wanking in a plane engine by now, we in no way endorse the awesome pastime of Extreme Danger Wanking.

JOE FROM ROMSEY WRITES IN!

Yo FRONT. Just wanted to let you know I am sat here with a pizza and reading your latest boner-inducing mag. It's fucking ace!

JOE, FROM ROMSEY

Thanks for the details, Joe from Romsey, but you've not told us enough. What are you wearing? What direction are you facing? What colour are your pubes? What does your penis look like? Seriously, Joe, what does your penis look like? Tell us! Tell us.

BYE BYE BONGO

FRONT, you shits! Where the flip has Bongo gone? Oh well, what you lack in false American boobs you make up for in the fantastic Stephy Gregory who I love so much she makes me cry out of my balls! I'll let you off, in return for more of her!

MITCH NOONE, FROM MANCHESTER

Change your surname, Mitch. You're not no one, you're Mitch. Also, you should keep a chart of when Ms Gregory makes you cry. You could call it the Stephy Graph, innit.

FAQs YOUR BURNING QUESTIONS ANSWERED

Q: WHY DOES 'GAY' NOT MEAN 'HAPPY' ANYMORE?

A: RETIRED COLONELS and the like are forever huffy about the fact you can't say: "I'm tired today, I was up all night being gay," without people thinking you're a chap who fancies other chaps rather than someone who's just happy. Thing is, it hasn't meant just 'happy' for hundreds of years, first meaning 'hedonistic'. By the 1930s, it more specifically meant a 'homosexual,' when the word 'gaycat' emerged, as in "I like Ronan Keating, because I am a gaycat".

Q: CAN I ACHIEVE ANYTHING AFTER I'M DEAD?

A: IF YOU'RE LUCKY, you'll achieve even more, even without being a zombie or one of those ghosts that sometimes wins the lottery. Dead pop Tippex-coloured manchild Michael Jackson, for instance, made more money in the year after he died than he had done in years and years before. In the 12 months following his death, his estate made over £300,000,000 – he was over £500,000,000 in debt when he died, the silly sod. Better, though, is the case of New York jockey Frank Hayes, who won a horse race in 1923 before anyone realised he'd actually died halfway round and his horse had carried on going. People only discovered he was dead when they tried to congratulate his corpse. Eurgh.

JACOB DAVIES, VIA E-MAIL

We respect your honesty, telling us that this is frankly shit, but save it for the walls of your underground wank dungeon cos our boners just disappeared up inside us. Dick. NO KISSES.

SMOOCHIN' POOCH

I would like to share this image with the rest of the world as I think that it's superior enough to go in your magazine somewhere. Meet Alfie, my fifth generation British bulldog who likes a good pair of boobs as much as the next bloke.

NATHAN STOREY, VIA E-MAIL

You're quite right, Nathan. There's nothing bad we can say about this image of awesomeness. Everything is great, and makes us love life just a little bit more. Oh wait. No. NO. Your feet in this shot have made us do a massive pile of sick. You big idiot-knob, Nathan.

A MENTALIST DRAWS

With your powers, my beastly libido shall be immortalised in this great egotistical FRONT tribute. Yours truly,

JAN KOUGL, VIA E-MAIL

You're weird, Jan. Very weird. x

3D BOOBIES

Here's a digital painting of Sim-Wise for your eyes. Do I get free shit now? Also, more India Reynolds please.

PHIL, VIA E-MAIL

Oh, it's "for our eyes" is it, Phil? We thought you said "for our mate to do a piss on and throw at a puddle of shit". Next time, eh pal?

WHAT A YODA HOOCH

Holy fuck, we thought that was Yoda with his knob out. Thank God it's only boozy twat Rob, who managed to get himself in such a state, he transformed into a sex pest and girl hater: they're felt-tipped on his forehead SO MUST BE TRUE. Snapper Jonny says: "There are more pics somewhere of him in a worse state, suffering more abuse, but I can't find them." Fucking hell. You win the TV and DVD.

GAY BAR

We get the "I love cock" thing and even managed to make out the word "SUCK" on Derek's booze-filled belly . It looks like "SULK", by the way, and how one goes about sulking a cock is, and always will be, probably, beyond us. Especially at that price. $30?? We're not made of whore dollars y'know.

S'NUFF SAID

Shitty drawn-on glasses – check. Lip salve up the snuffer – check. Plasters that resemble those of the onetime moderately successful rapper Nelly's – check. Welcome to the page, Aaron Blake, y' great cabbage cock.

NOSE JOB

The Hitler tache and Good Boy stickers you see on boozehound Kieran here, we've seen before. Our eyes are virgins to such a severe case of brandy nose, though. We saw a similar case once on a reindeer and the last we heard, he died of bullying.

SMASHED

"It was my housemate Luke's 21st," says snapper Max. "By 10pm, he'd drank a bottle of gin, thrown up four times, pissed himself, lost an eyebrow and gained a Playboy bunny outfit." He also hurled a packet of Smash and gravy into the correct item of crockery by the looks of it. Good work, you fucking beastly lot.

NEXT MONTH WIN AN XBOX 360 AND ALIEN BREED TRILOGY!

If you're looking at this page thinking: "But I'm the king of memory-loss, the prince of passing out, the utterly intoxicated twat that persistently ends up face-first in a puddle of my own puke outside a 24-hour Tesco," then you could be the proud owner of all this lovely shit.

Alien Breed Trilogy is available now for Xbox360. For more information go to mastertronic.com

HERE AT FRONT, we fucking love the work of illo guru French, who we visited in issue 155 and who was kind enough to lend his talented hand to our fashion shoot in the last issue.

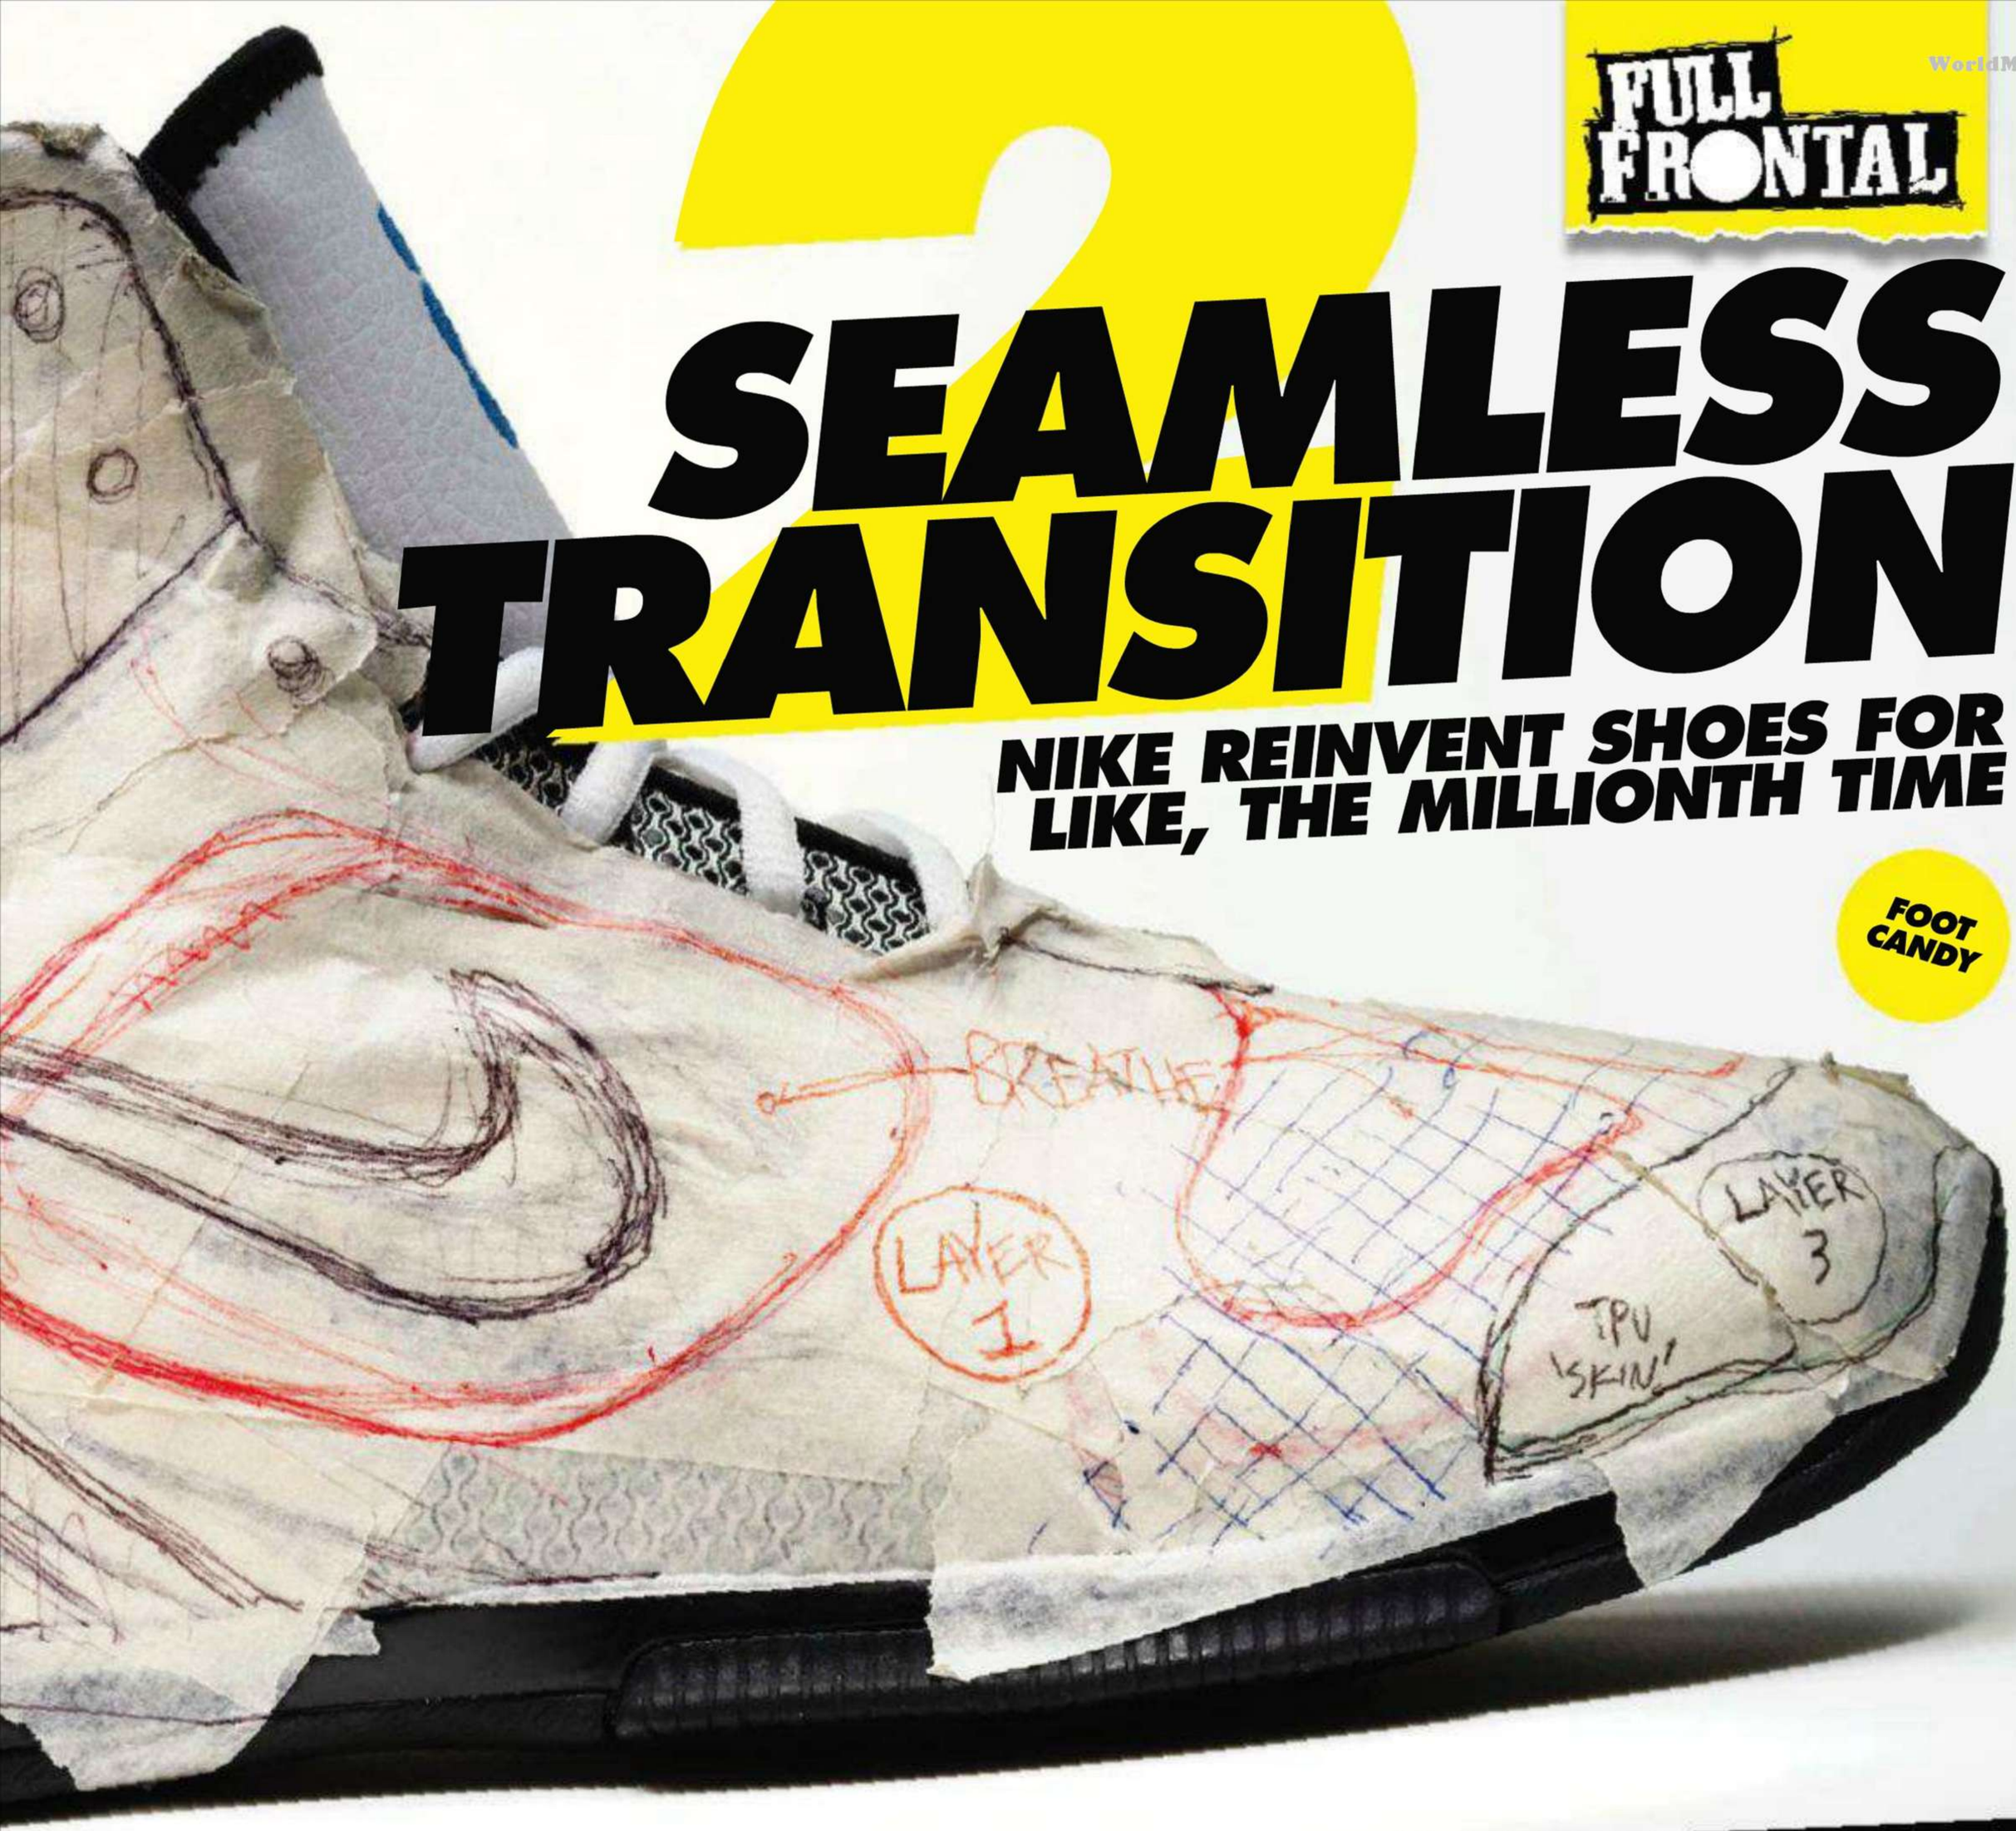

Meanwhile, we've spent much of our lives sleeping either naked (in the summer) or wrapped in granddad-style arse-flapped hand-me-down jim-jams (when Santa's coming). This new colab-tastic nighttime collection French has designed alongside German dudes Cleptomanicx will mean sleeping people don't need to look like dorks for possibly the first time ever. *cleptomanicx-onlinestore.com*

SEAMLESS TRANSITION

NIKE REINVENT SHOES FOR LIKE, THE MILLIONTH TIME

FOOT CANDY

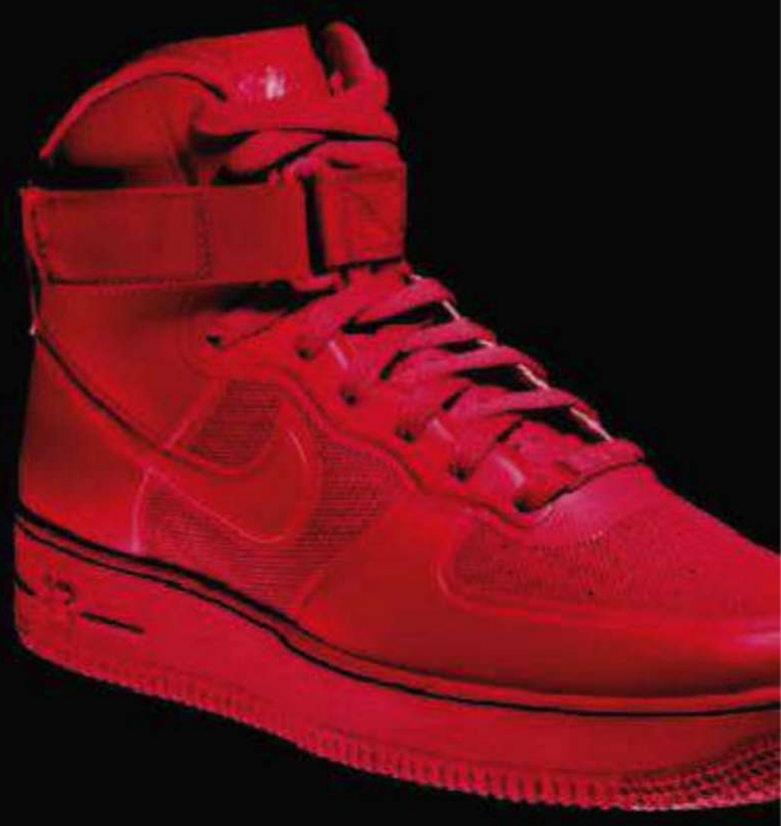

IF YOU HAPPEN to be the proud owner of a pair of human feet, and a fan of exciting things that don't suck, take note. Global trainer overlords Nike have launched a new technology set to revolutionise the design of performance trainers forever. It's new, so in a way, they've "just done it". Yes?

Hyperfuse technology is inspired by the perils of playing basketball on gritty black courts in inner-city China, and consists of a three-layer composite mesh material, fused together using heat and pressure. No glue, no stitches, just hella-durable shoes that weigh damn near nothing and let your feet breathe rather than getting all stinked-up. "We've only just scratched the surface with Hyperfuse," say the R&D bods at Nike's Innovation Kitchen. "There's no turning back now."

The first model to take advantage of the new design was the Hyperfuse basketball shoe, which gave the trainer world such a diamond-cutting erection that Nike's marketers have now gone the whole hog and are releasing Hyperfuse versions of classics like the Air Force One and the Air Max 90. It's like when they first went "Hey, shall we put air bubbles in the sole?" Ace.

M3TAL UP YOUR ART

CANAPES MEET CROWS' HEADS AS METAL MADNESS INVADES POSH GALLERIES

METAL IS NORMALLY confined to muddy fields and dank, sticky-floored venues that honk of cider and armpits. It's the way we like it. This month, though, headbanging is making its way into posh-arsed arty-farty spaces and going all legitimately appreciated by the mainstream and shit.

First up, legendary rock photographer Paul Harries celebrates more than a decade of hanging with Slipknot, showcasing his awesome depictions of the best masked band ever at The Strand in London.

Meanwhile, we're giving an almighty pat on the hairy backs to the organisers of Home Of Metal, a kick-ass exhibition taking place in Birmingham. It was inside the grubby pubs and student unions of England's second city that heavy metal was born more than 40 years ago. And in this crazy modern age of illegal downloads, flaky talent shows and bands tweeting their every bowel movement to a grateful audience of millions, it's easy to underestimate just how tough it was to establish your act in the olden days, let alone spark an entire bloody genre.

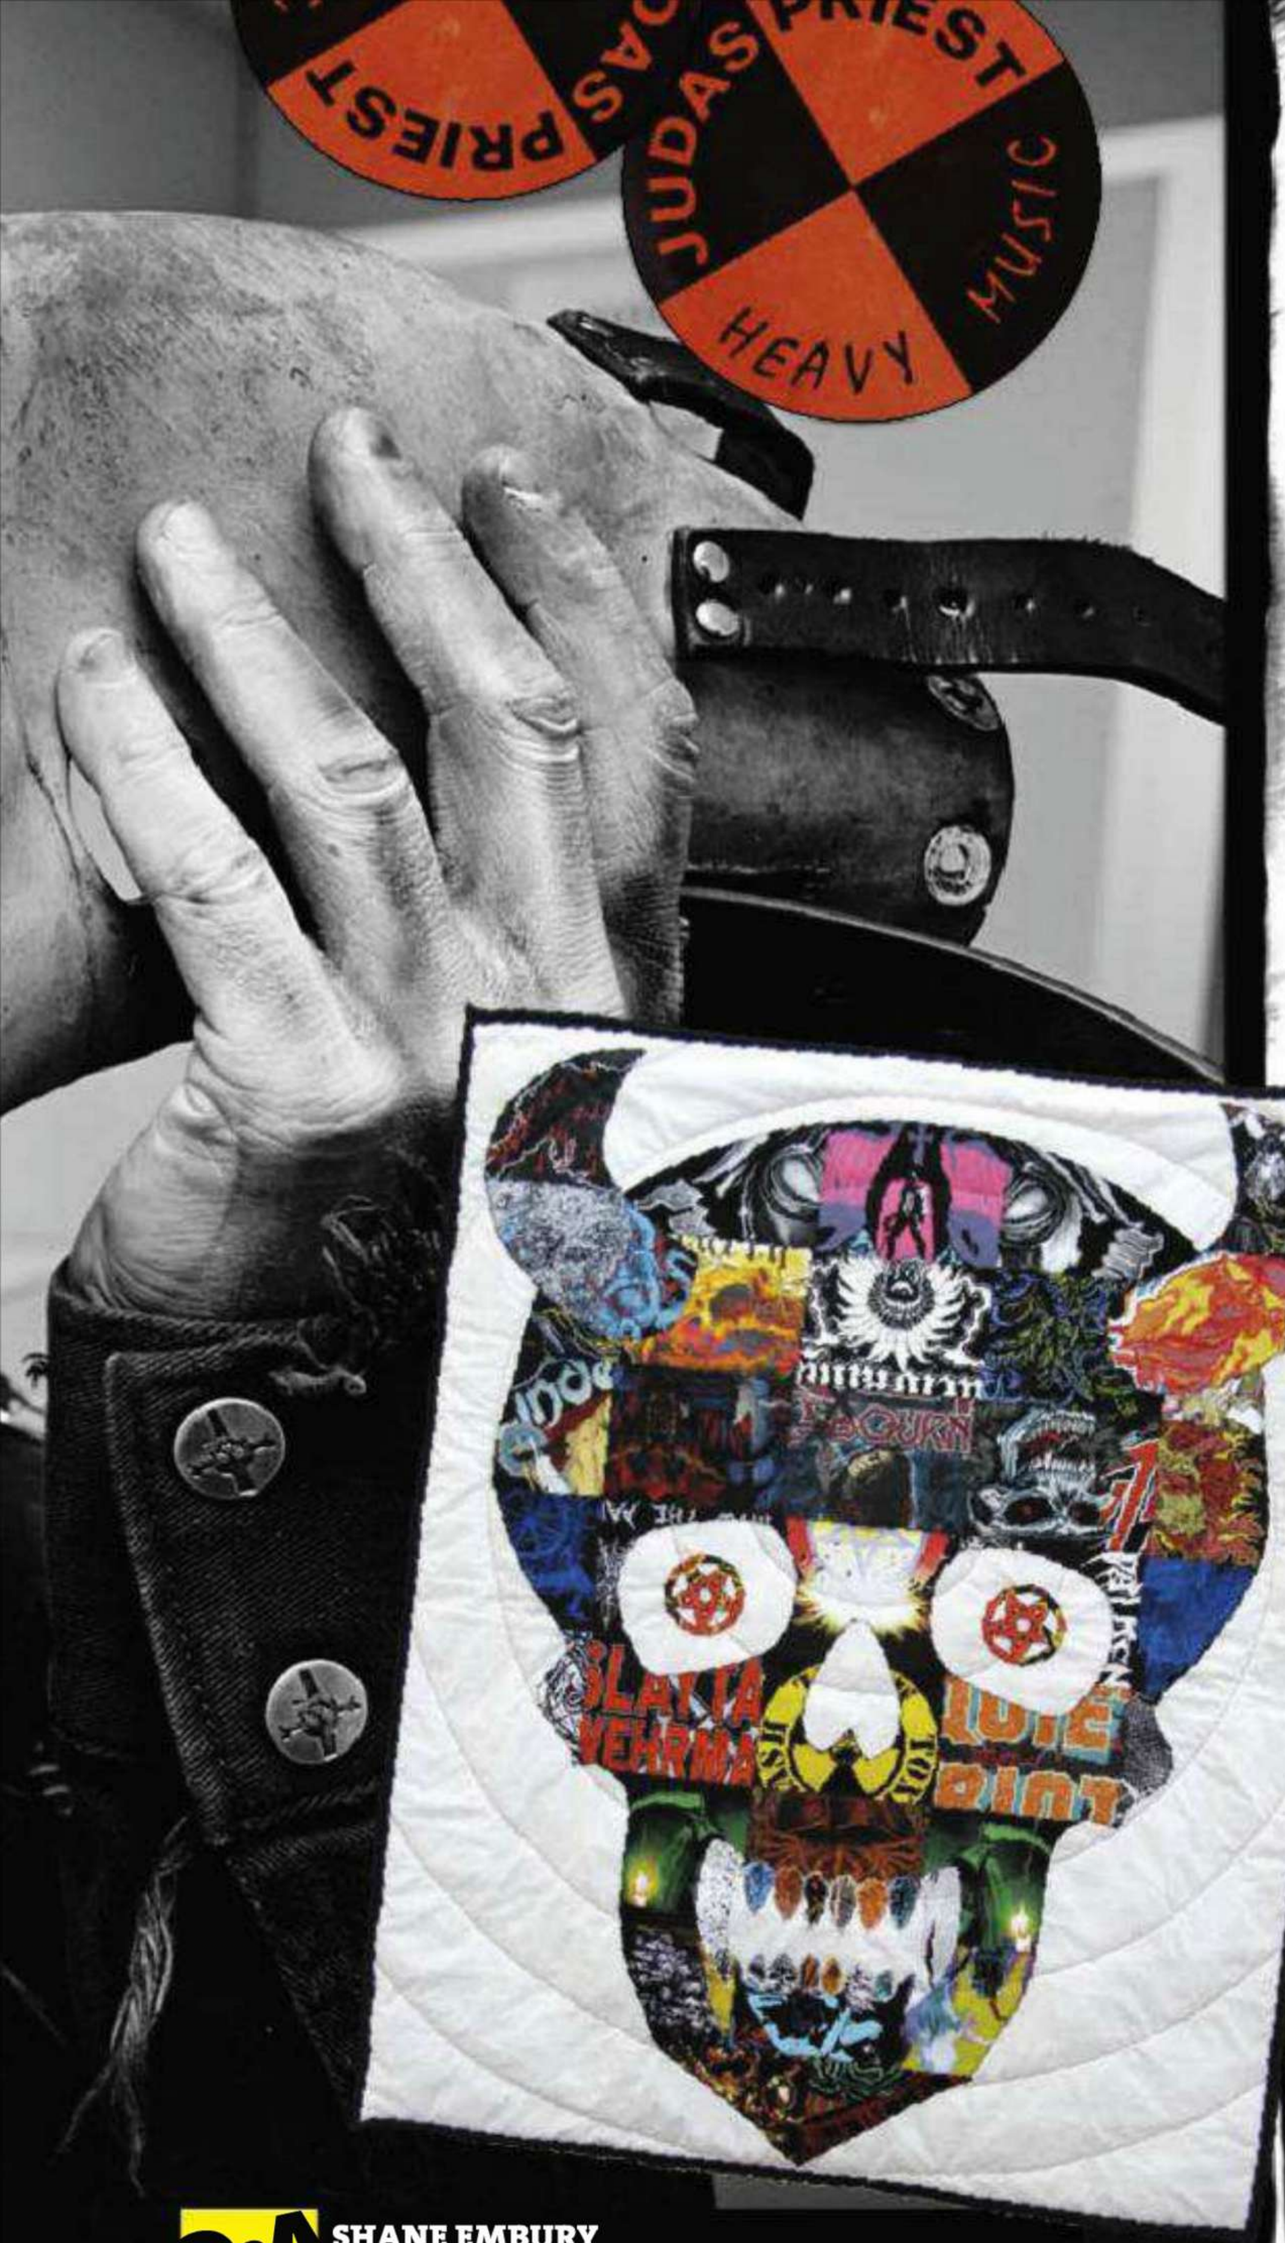

No Brummie metal scene would have meant no Black Sabbath, Napalm Death, Led Zeppelin or Judas Priest, which realistically, would have meant no Slipknot. IT ALL COMES TOGETHER.

Kerrang! presents: Slipknot – A Photographic Exhibition, takes place at The Strand Gallery, London, from 12–24 July.
Home Of Metal is being held at Birmingham Museum and Art Gallery from 18 June to 25 September. Tickets from £4 at bmag.org.uk

THE UK'S NUMERO UNO ACTION SPORTS EVENT IS BACK AND BETTER THAN EVER. LIKE, EVER EVER...

ARE YOU THE KINDA person who gets a stiffy over stacking it on a stairset? Then get your scab-encrusted body down to NASS 2011 on the 8-10 July to see Somerset transformed from a sleepy cider-drenched county to the home of gnarly extreme athletes as well as BMX, FMX, and skate set-ups. Don't be forgetting about their top-drawer band lineup, either. From Sub Focus to Cancer Bats, if you've not already bust open your ears skating, this'll do the trick. What's more, we'll be sending a bunch of FRONT lovelies down for you to party with and to give your peepers a break from all them stinking sweaty dudes. *Check out relentlessnass.com for more info.*

Q&A SHANE EMBURY
WIDE-PARTINGED NAPALM DEATH LEGEND

HELLO SHANE. WHAT CAN WE EXPECT FROM THE EXHIBITION?
It's a celebration of metal's Midlands roots. Kind of like a homecoming, I guess. When the organisers came to my house to have a root around, we found all sorts of old stuff. I never realised I had so many relevant artifacts on my walls, pinned to the back of doors and at the bottom of old boxes – original flyers, t-shirts, backstage passes, album artwork. It was a real eye-opener. It suddenly dawned on me I've been in the band over two decades.

WHEN YOU FIRST JOINED NAPALM, DID YOU IMAGINE YOU'D BE THIS SUCCESSFUL?
I got involved because I loved the music they were creating, but I never imagined there'd be an exhibition about it 20 years on. It's a massive honour to be talked about in the same sentence as Judas Priest, Black Sabbath and Led Zeppelin. I worshipped those bands growing up – they were everything I wanted to be. It's amazing to feel a part of the legend of metal and grindcore music.

WHAT MADE THE AREA SUCH A HOTBED OF METAL TALENT?
Birmingham and the Black Country has a distinct identity; a different vibe and attitude. There's a unity of spirit about the culture, from the way we grew up. I believe that the industrial working class background breeds passion. There's a weird depressing norm, so we turned to extreme music to release our thoughts on it.

Q&A SUB FOCUS RAD NASS HEADLINER

HELLO MR FOCUS. HOW AMPED ARE YOU TO BE HEADING TO NASS THIS YEAR?
I'm dead excited. I've got some insane things planned for that performance. I've got some stuff being built especially for it, including motion sensors. It's going to be amazing.

IS PLAYING TO A CROWD OF GNARLY DUDES ANY DIFFERENT TO A CROWD OF D&B HEADS?
I played NASS a few years back, and they were so up for it. The festival has a really good crowd, so I'm looking forward to getting back there as a headliner.

WHO ELSE ON THE BILL WILL YOU BE CHECKING OUT?
Nero, for sure. I have a studio next door to his, and I'm massively into what he's doing. We're working together on a song at the moment, too. Catch that later in the year.

GLEE TOUR

glee: A BLUFFER'S GUIDE

THIS MONTH, TELLYBOX sensation Glee hits the UK with the Glee Live In Concert tour at the O2. Wanna join the legion of 'Gleeks'? Here's FRONT's guide to the key players at Jihad High!

KRAZY FUKYOO The foul-smelling daughter of North Korean dictator Kim Jong-Il, Fukyoo attacks rivals until their tits/nuts falls off. Fukyoo then eats the tit/nut while shrieking victoriously and farting.

FANELLALA VON PONY Fanellala is Glee's spoilt little rich girl: she drives a different Ferrari to school every day, taking care to run over every homeless person she sees.

WHEEEEELZ Nothing fazes plucky Wheeeeelz! Sadly, the other kids despise his relentlessly upbeat can-do attitude, and (spoiler!) they all batter him to death with a saucepan midway through season two.

BELINDA SHMELINDA This crooning chemistry teacher heroically fists a dying elephant back to life in S02 E13, while belting out a show-stopping rendition of Travis's Why Does It Always Rain On Me?.

JANET 'HOT GRAVY' WINDTURBINE Janet is Jihad High's exuberant singing dinner ladyand the kids are very protective of her, even when she grunts a poo out into their dinners.

HOOTS McKILTWHISKY Hoots is the lone Scottish pupil. She hides her loneliness with around-the-clock drinking binges and tearfully bellows out the Braveheart theme whenever anyone else tries to sing.

PETER FILE Music teacher Peter has molested every single pupil – even the fatties and uglies – but the principal keeps him on because he knows all the words to The Macarena.

GINGER GINGERSON Rappin' history teacher Ginger has a bright red fanny – and insists on bustin' rhymes about it all the livelong day!

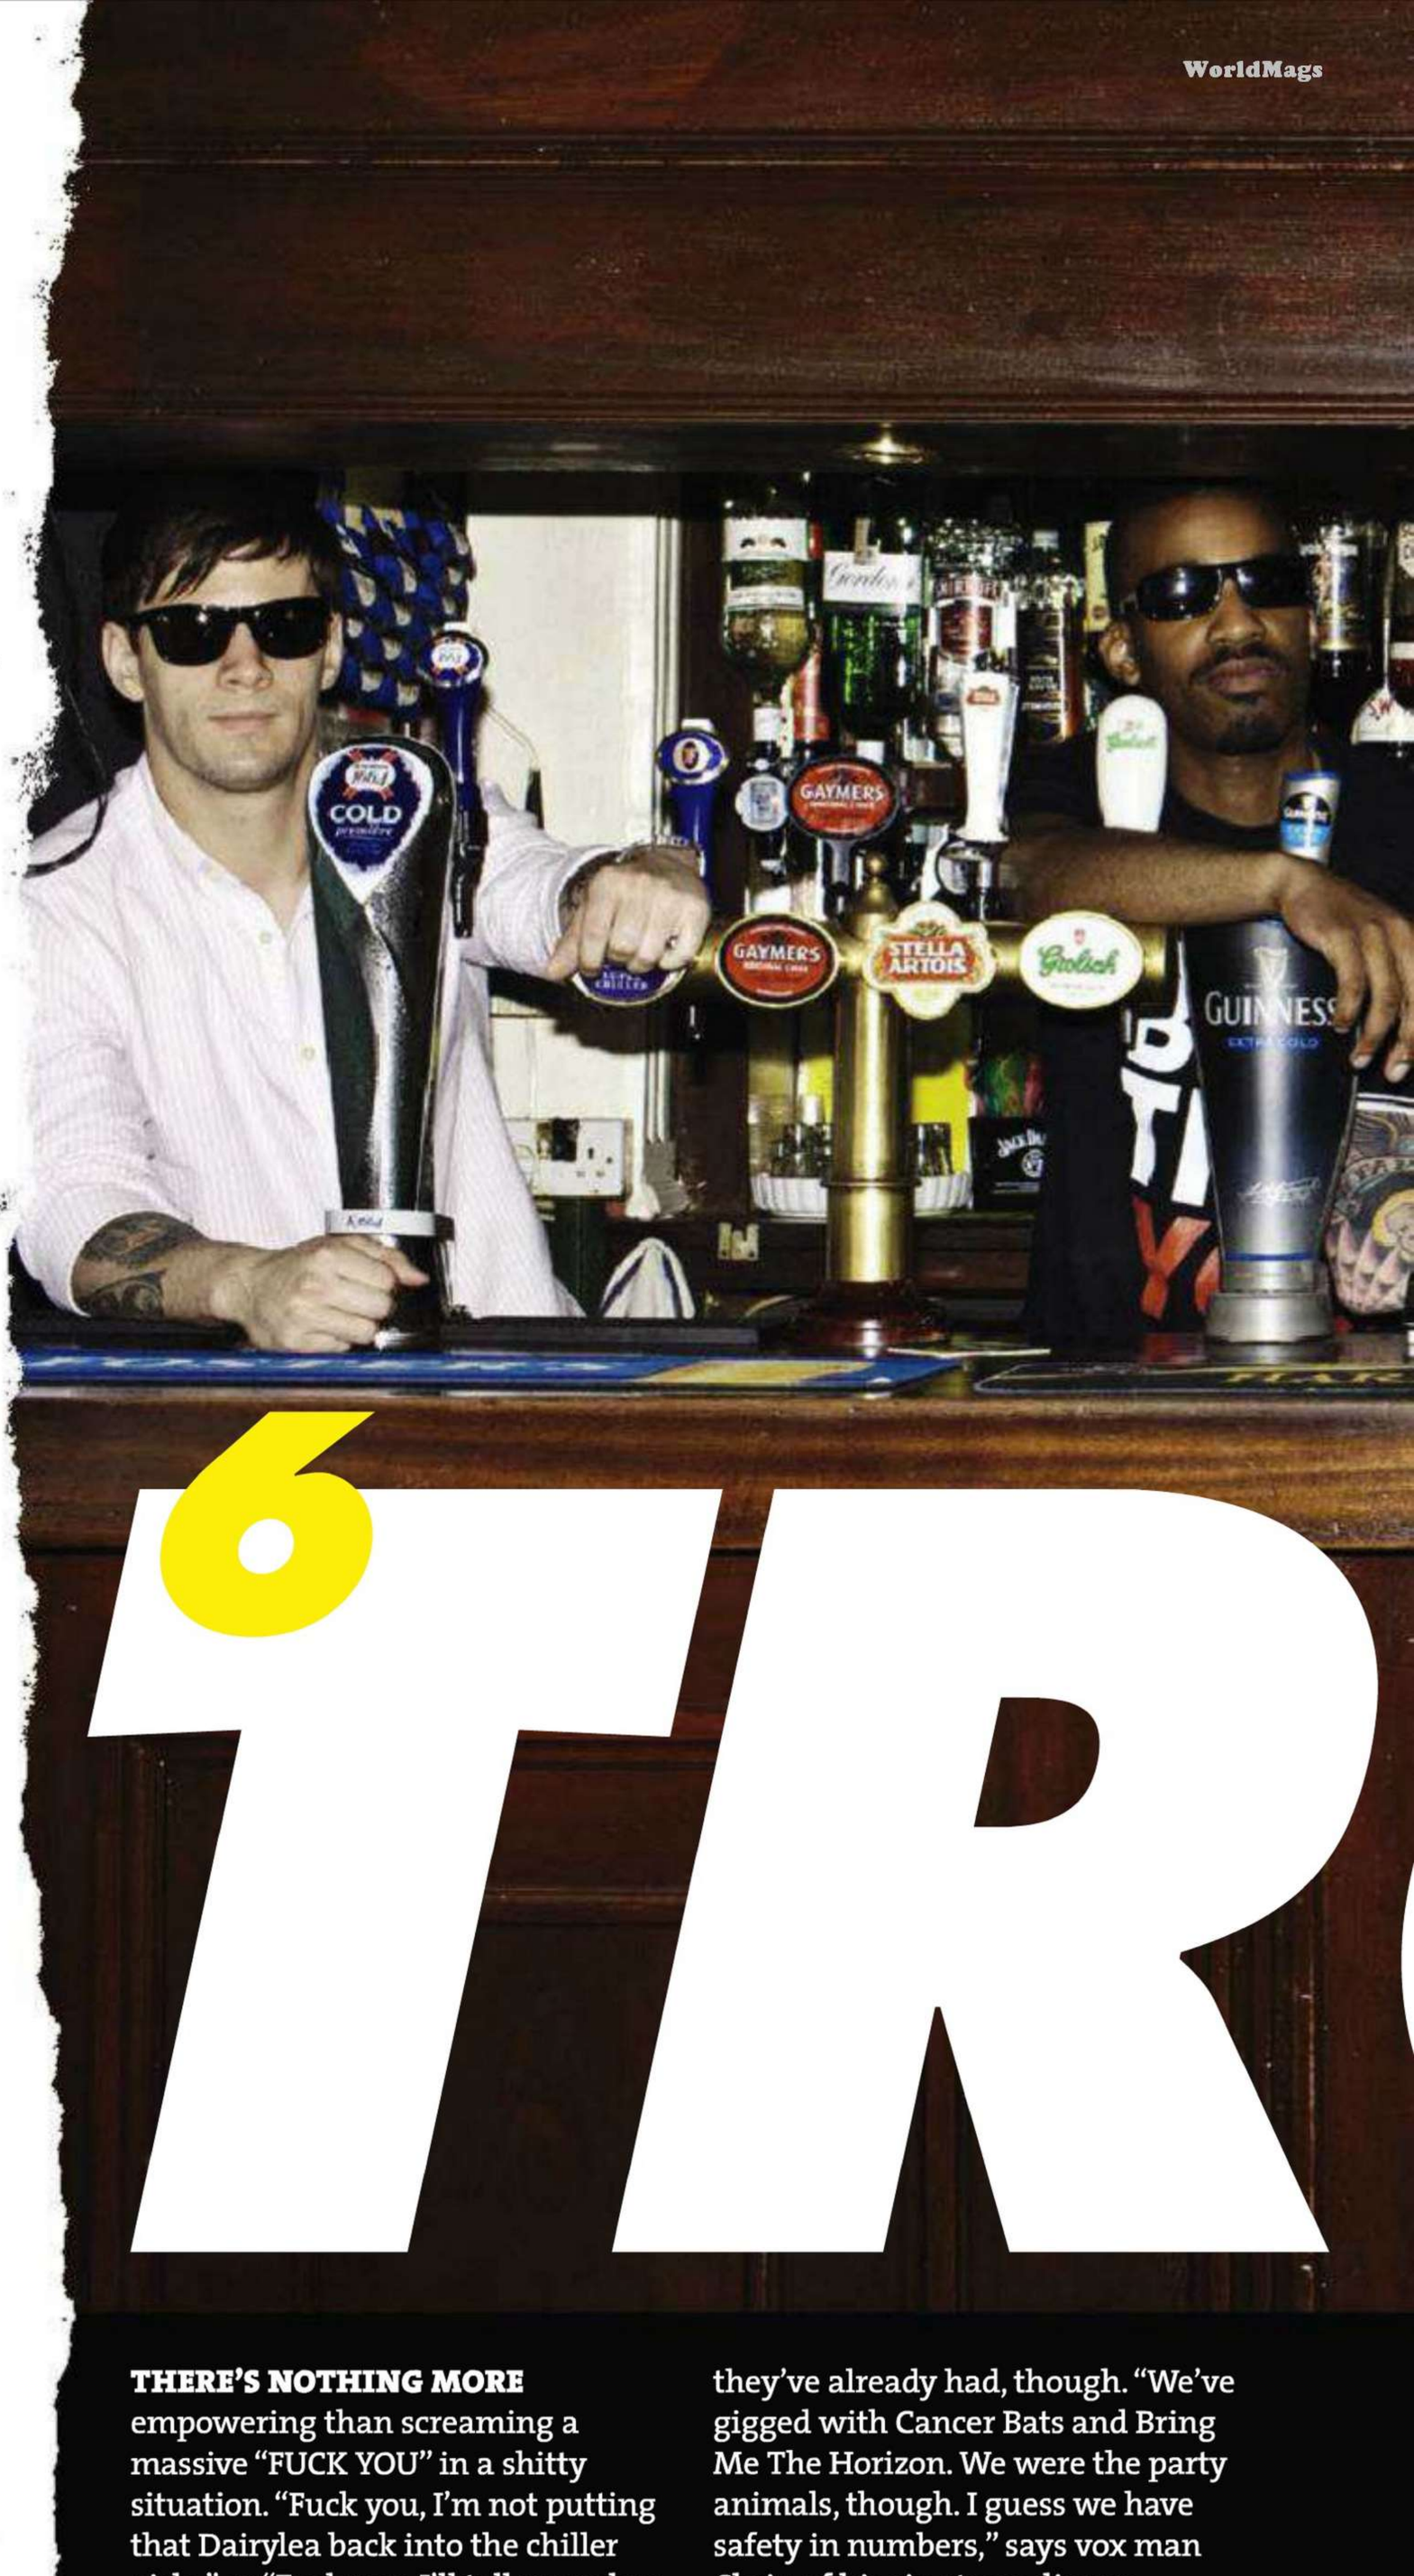

BATMAN Bruce Wayne's parents were senselessly killed during a random mugging, and he's vowed to devote his life – and considerable fortune – to fighting crime in all its nefarious forms. Go Batman!

MALCOLM TALCUM Deaf chess nerd Malcolm really comes out of his shell when he joins the Glee Club. Obviously, he's terrible at singing, and everyone shouts at him to stop, but he can't hear them, can he.

DWAYNE GUNGE Proud transsexual Dwayne (born Dwaynella) hopes Supercool High's Glee Club wins the regionals, so he can use his the prize money to have balls as big as tins of paint fitted to his downstairs.

6 TRC

THERE'S NOTHING MORE empowering than screaming a massive "FUCK YOU" in a shitty situation. "Fuck you, I'm not putting that Dairylea back into the chiller aisle," or "Fuck you, I'll tell you when I've had too much to drink," all make FRONT feel very awesome.

It's also got to be the choice phrase of hardcore genre-benders TRC, who've taken stick from all angles for going and chucking rap in with their heavy breakdowns. Imagine seeing Frank Carter speeding around in a chavved-up Saxo, and you can start to see where the confusion lies. They're definitely doing something right, judging by the support slots they've already had, though. "We've gigged with Cancer Bats and Bring Me The Horizon. We were the party animals, though. I guess we have safety in numbers," says vox man Chris, of his six-strong lineup.

Big-balled mates and a Fuck You attitude should be enough to get you all sitting up and listening. And with their next album, Bright Lights, dropping over the summer, we certainly will be.

A certain game-obsessed ginger fitty is pretty amped for it too: "Yeah, we know Alex Sim-Wise," Chris says. "She's corrupting us by making us bake cakes with her and stuff. It's kinda cool but in a weird way".

THE REVOLUTION CONTINUES

SHOUTY, RAPPY, BUT DEFINITELY NOT SCRAPPY, THE TRC BOYS ARE READY TO PISS YOU OFF THIS SUMMER WITH THEIR UNIQUELY BRILLIANT SOUND

Q&A CHRIS VOCALS

WHAT'S THE TRC STORY, THEN?
This all began six years ago with a bunch of ex hardcore band members and college friends who had nothing better to do. Things only started getting serious about a year and a half ago, when people really started to take notice.

DO YOU GET SHIT FROM HARDCORE PURISTS BECAUSE YOU BLUR THE BOUNDRIES?
Fuck yes. All the time. We definitely piss a lot of people off, but we always stick to our guns. We find it to be fuel to the fire.

EVEN YOUR STAGE DRESS SENSE CAUSES CONTROVERSY. DO YOU DRESS ALL SMART TO PLEASE YOUR MOTHERS?
[Laughs] No. This is how we've always dressed, and have never, ever sat down to discuss some sort of image. It's just the way we are, and I guess that sticks out.

YOU ALL LOOK AS IF YOU COULD HOLD YOUR OWN IN A SCRAP, SO HAVE THESE COMMENTS EVER SPARKED A RUCKUS?
No no, we've never really got in trouble. We're all good boys.

TRC IN THREE RHYMING WORDS?
Lets go with fantastic, charismatic, and er... fantastic again.

MEET THE SPECIAL MAN REINVENTING THE SIMPSONS

IF YOU ARE A 21st-century internet person, you'll be familiar with Chris (Simpsons Artist), the 27 ¾-year-old man behind the Facebook page Simpsons Pictures That I Gone And Done. He's so amazingly brill at capturing images, we thought we'd get him to have a crack at this month's cover. It's even better than the original... D'oh!

Q&A CHRIS (SIMPSONS ARTIST)

WHY DID YOU START DRAWING SIMPSONS CHARACTERS?
I have been drawing Simpsons pictures all my life and I was too small to remember why I did it first but I think it was because I watched The Simpsons.

WHAT WOULD YOU SAY TO PEOPLE WHO SAY YOUR DRAWINGS ARE "A LITTLE BIT SHIT"?
I wouldn't say anything to them because not everyone has the same idea that is good and some people like going for walks and some people like sitting in their loft on their own.

YOU'VE GOT THOUSANDS OF ADORING GIRLS ON YOUR FACEBOOK PAGE. ARE YOU GOD'S GIFT TO WOMEN?
I think girls just like boys who like to think about things and draw detailed pictures so if you want to have a girl then you have to be kind for them and practice drawing and draw the girl a picture to give them and they will like you a lot more.

WHAT DO YOU DO OUTSIDE OF ILLUSTRATION?
I like standing in my garden and being silly with my friend and tickling myself.

FRESH-FACED ROOKIE SKATER WITH A BIG FUTURE

WHO ARE YOU AND WHAT DO YOU DO? I am Tom Asta, a skateboarder from Pennsylvania USA, and I skateboard a lot.

WE UNDERSTAND YOU'RE THE YOUNG PROTEGEE OF ÜBER SICK SKATER JAMIE THOMAS. HOW DID THAT COME ABOUT? If that's what you want to call it, [laughs]. Things just moved on from being homies, to going on some trips, to getting on the Fallen team. It was basically just the process of skateboarding and Jamie, Ian Berry and Chris Cole had my back.

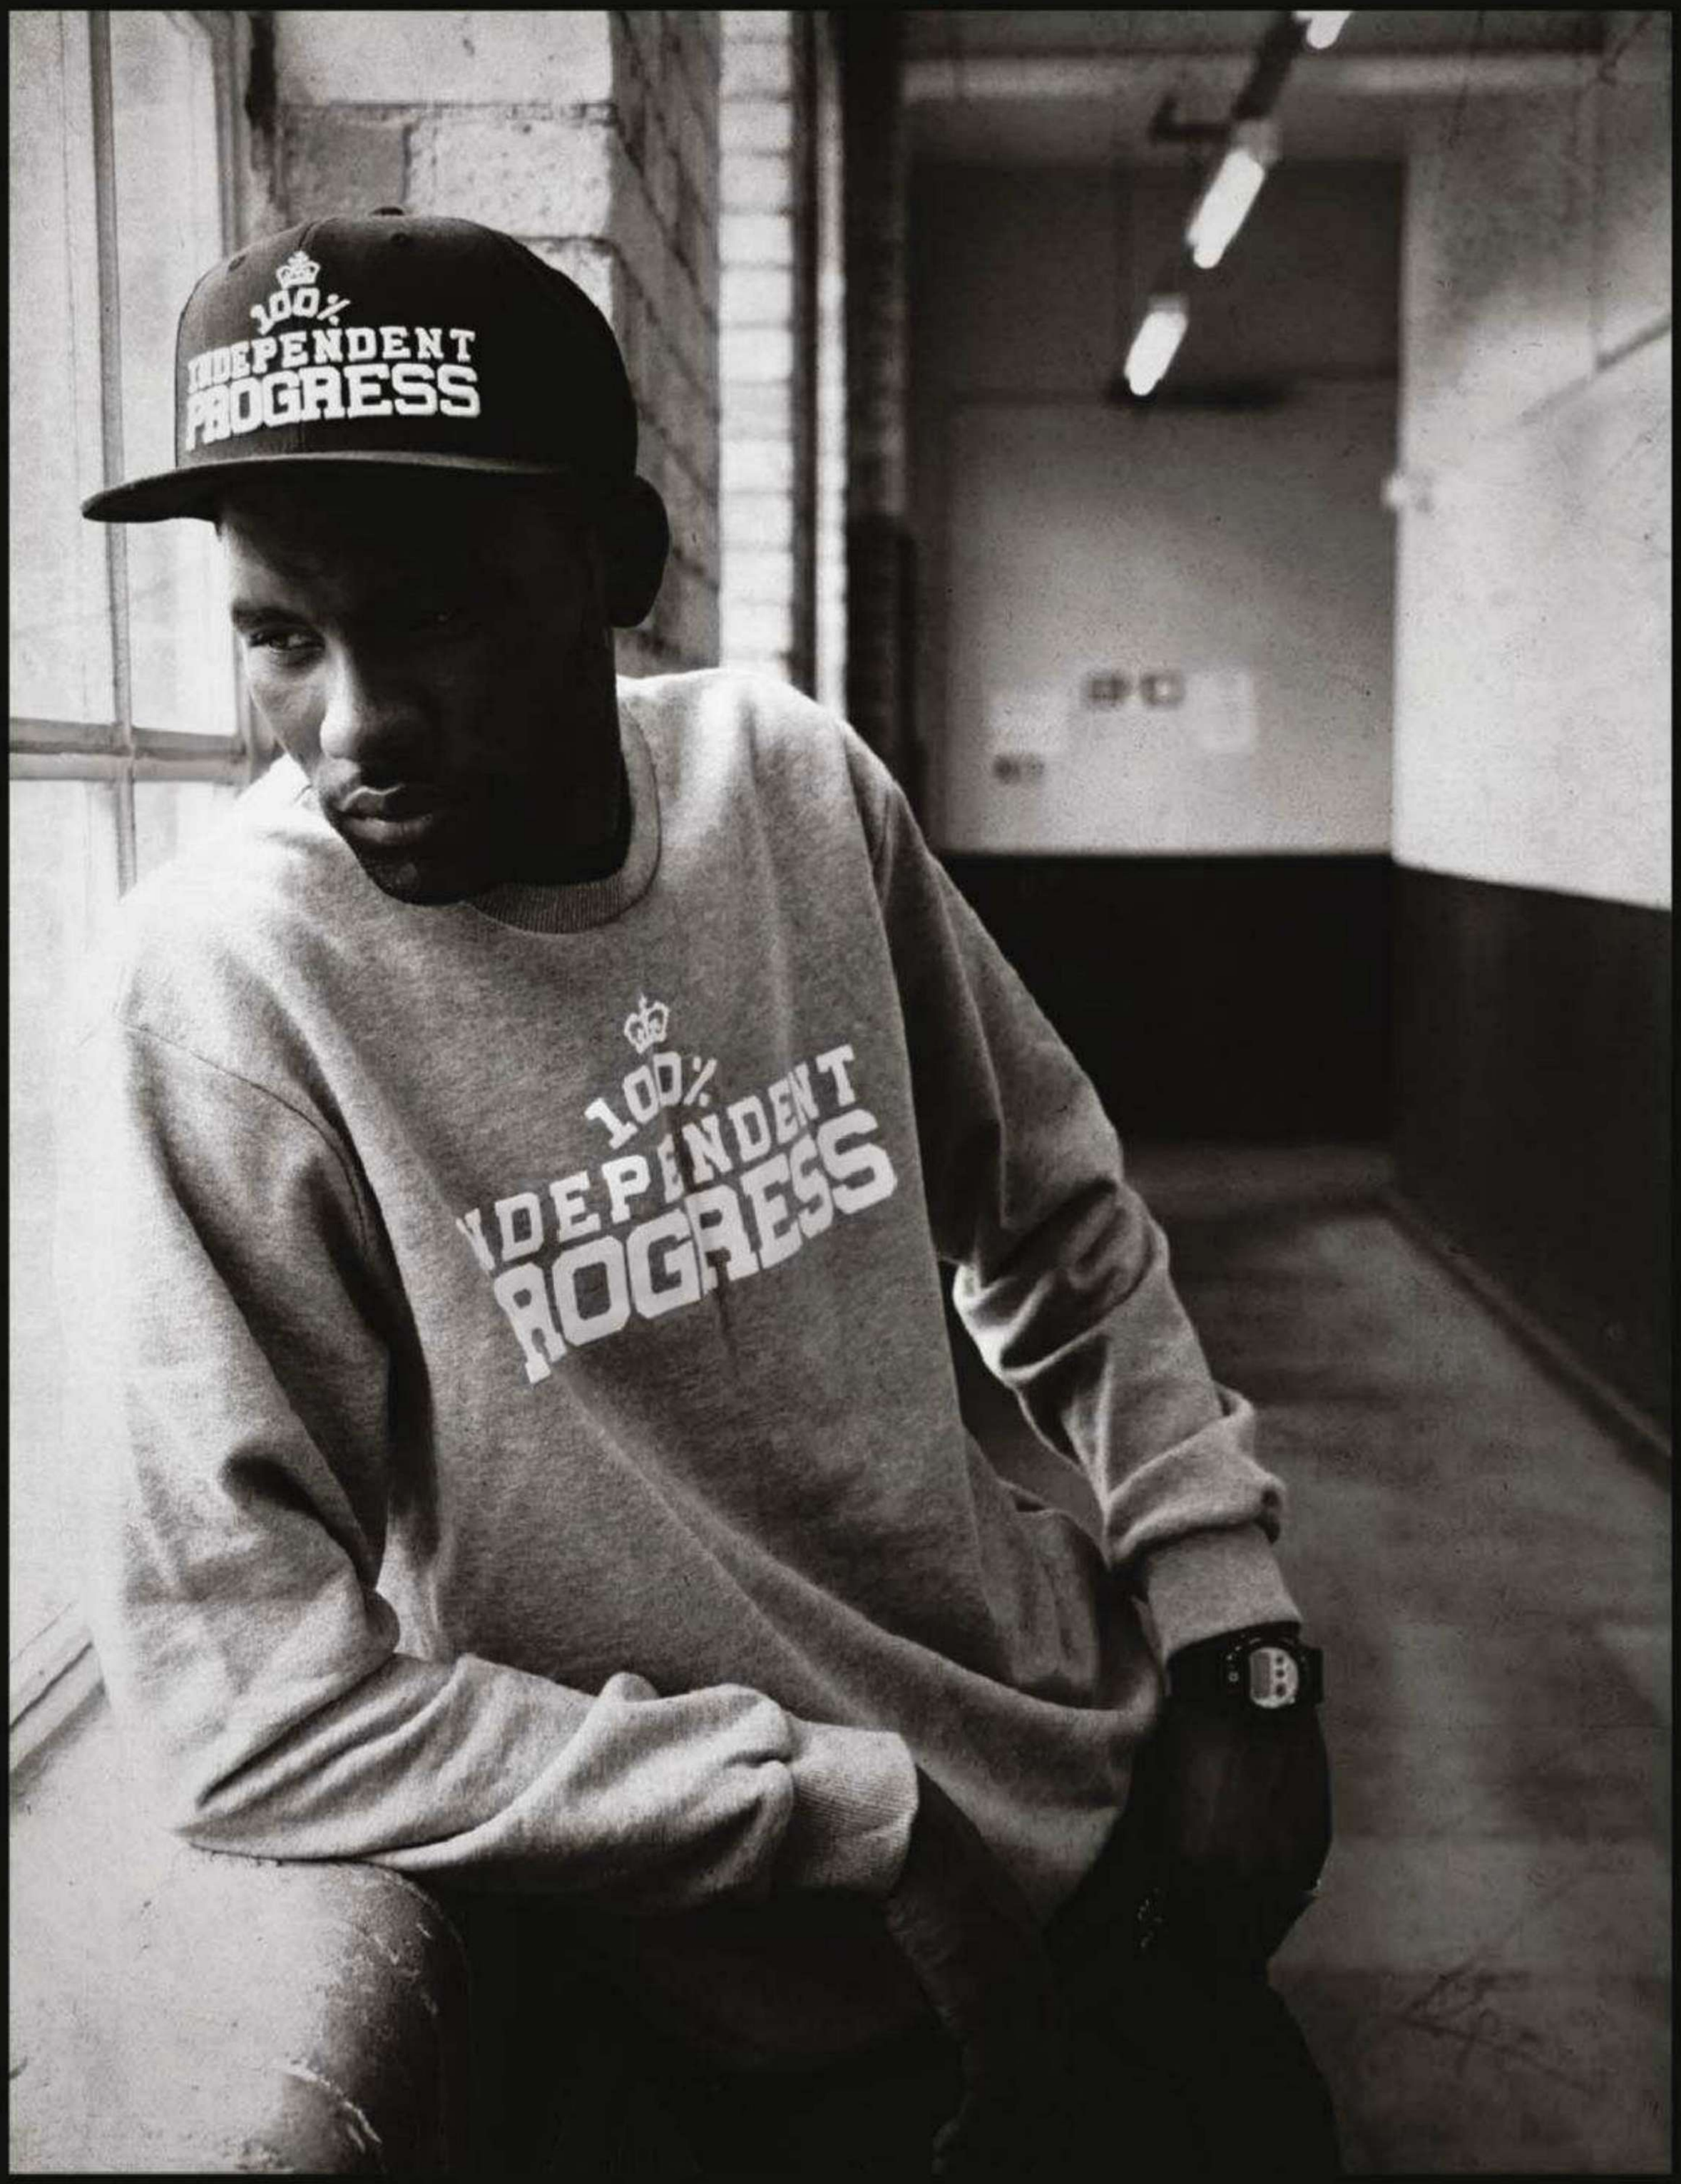

WHAT'S THE BEST TRICK YOU'VE EVER DONE? Whenever I land a hardflip I feel like it's the best trick I've ever done.

WHAT'S THE BIGGEST INJURY YOU'VE EVER HAD AND WHAT HAPPENED? Breaking my arm. It's actually broken for the third time right now. The first time, I was skating some stupid shit and landed all my weight on it and it snapped. It's not fun. It's just a shitty process that takes a while to feel better.

WHAT'S THE BIG PLAN FOR THIS YEAR THEN? Just healing up my arm and more skating hopefully!

WHERE DO YOU SEE YOURSELF IN TEN YEARS' TIME? Hopefully doing the same shit I'm doing now! Maybe with my own house...

WILL MY BAND MAKE IT BIG?

ROCK'N'ROLL IS A CUT-THROAT BUSINESS. DOES YOUR FLEDGLING OUTFIT HAVE WHAT IT TAKES?

YOU WILL definitely make it. Tune up, book a world tour, wash your dick and get ready for success.

THE WORLD NEEDS more fucked-to-the-tits rock stars, as the ones we have keep dying. Prepare for the best (and last) six months of your life!

YEP, YOU'RE gonna kick a whole bunch of ass. Just remember, if you're doing the masks thing, lean more towards Slipknot than Hollywood Undead.

YES — DO YOU ALSO HAVE FUCKING SMASHING HAIR?

NO

YES — DO YOU TAKE A HILARIOUS AMOUNT OF DRUGS?

NO

YES — DO YOU HAVE A GIMMICK LIKE MASKS OR WEIRD FACES?

NO — GO BACK TO START

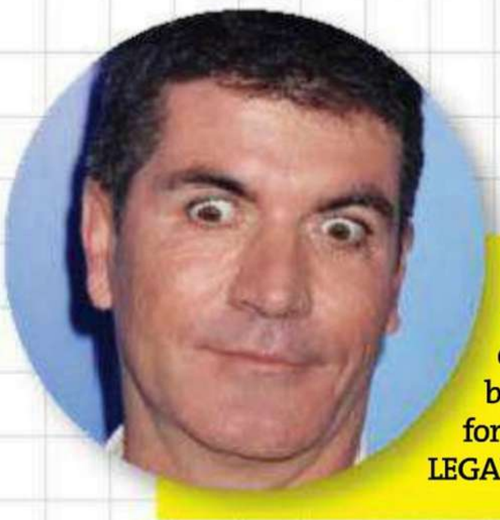

START

Which of these statements is truest about you?

WE'RE REALLY FUCKING GOOD

IT'S JUST A HALF-FORMED JOKE REALLY

WE'RE NOT VERY GOOD

IF YOU'RE PREPARED to be bummed by record execs, success can still be yours. Hey, it worked for [NAME DELETED FOR LEGAL REASONS].

ARE YOU BREATHTAKINGLY HANDSOME, THOUGH?

YES

NO

FAME AND FORTUNE are probably not headed your way. If you still want that rock'n'roll lifestyle, maybe try and be a roadie or a lollipop man.

GO BACK TO START — NO — DO YOUR IDEAS TURN OUT TO BE ALL MOUTH AND NO TROUSERS?

NO — ARE YOU TALENTED/PREPARED TO WORK LIKE MOTHERFUCKERS?

YES — DO YOU MIND THAT?

YOU ARE gobshites – talkers, not doers. There's nothing wrong with it, it's fucking fun, but stardom's unlikely to be in your future.

YES

GO FOR IT! The worst case scenario is that you end up pissing about with your friends and a bunch of out-of-tune guitars, which rules.

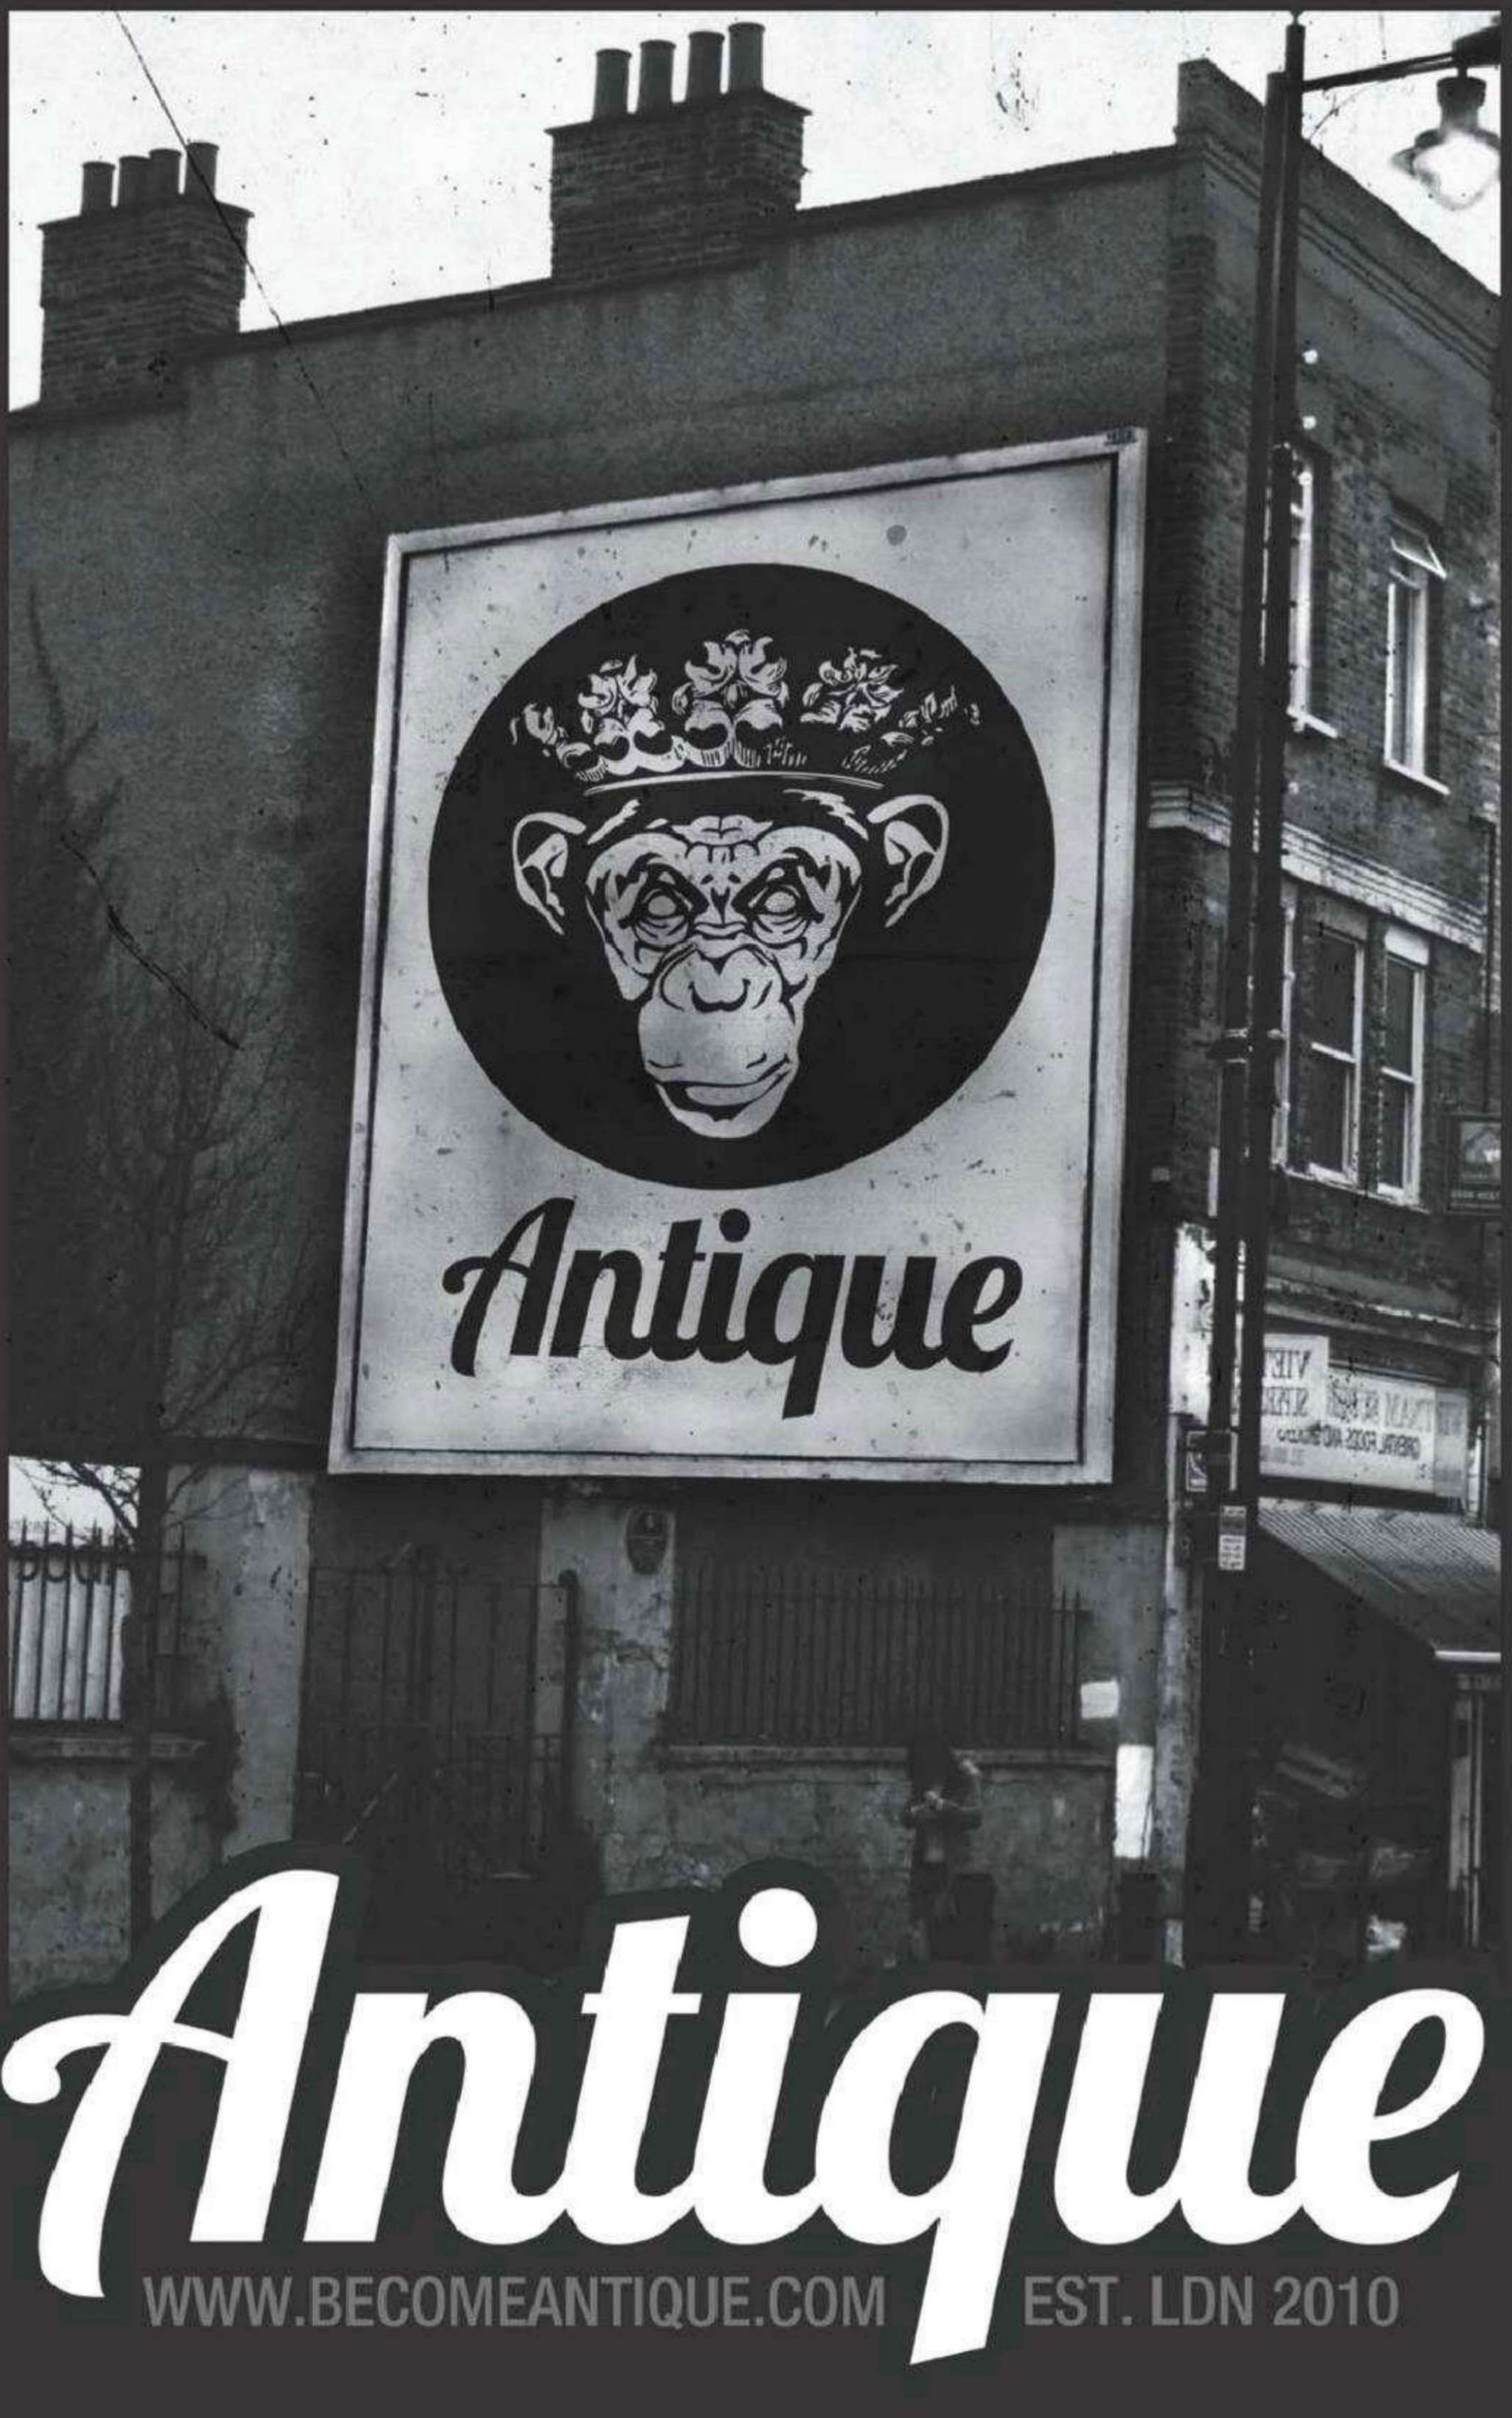

NO

FUCK IT. Talking drunkenly about starting a band is way easier than actually starting a band, and you don't have to stand up.

SLAM DUNK NORTH

WHAT? Slam Dunk Festival.
WHERE? Leeds Uni.
WHO DERE? Kayleigh Mallen, Stephy Gregory, Emma Williamson.
BEST BIT: Stephy was lifting her top up, quite a lot actually...
WORST BIT: Some men followed suit.
DRINK OF CHOICE: Lager. The plastic cups weren't part of that choice.
DRUNKEN LUNACY RATING: 8 outta 10.

AFTER ABOUT FIVE weeks of us nursing painfully persistent erections, Slam Dunk finally arrived and brought with it the healthy element of competition, along with that age-old chesnut of a question – who parties harder, North or South?

Well, readers, we'll leave that for you to decide, partly because we're too bone idle, drunk and lazy to make decisions, and partly for legal reasons. Here're the best of both worlds to help...

● ***HOTPANTS***
Turns out these things are called hotpants for a reason.

● ***SHADOWS CHASING GHOSTS***
These guys figging went for it, sporting Fuck Yeah North tees and getting Kayleigh, Stephy and Emma on stage to have a faintly weird dance-off. Epic.

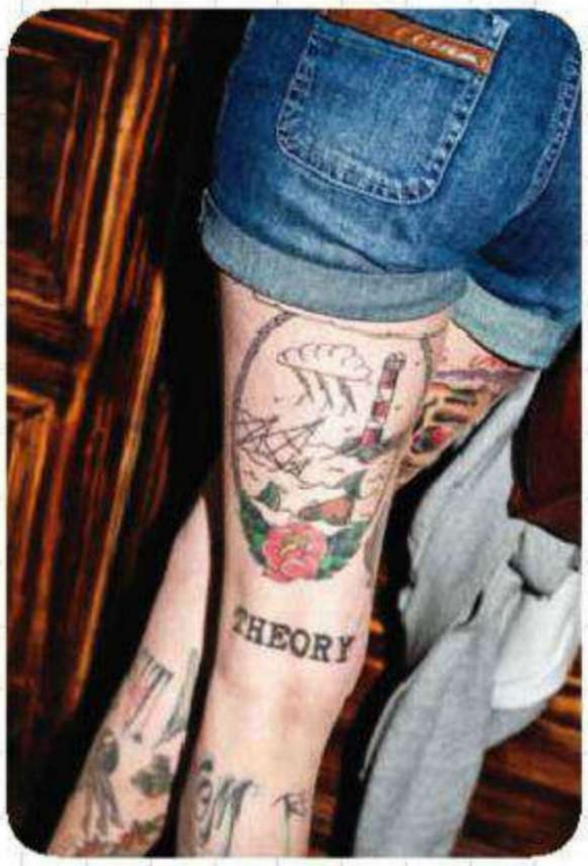

WorldMags

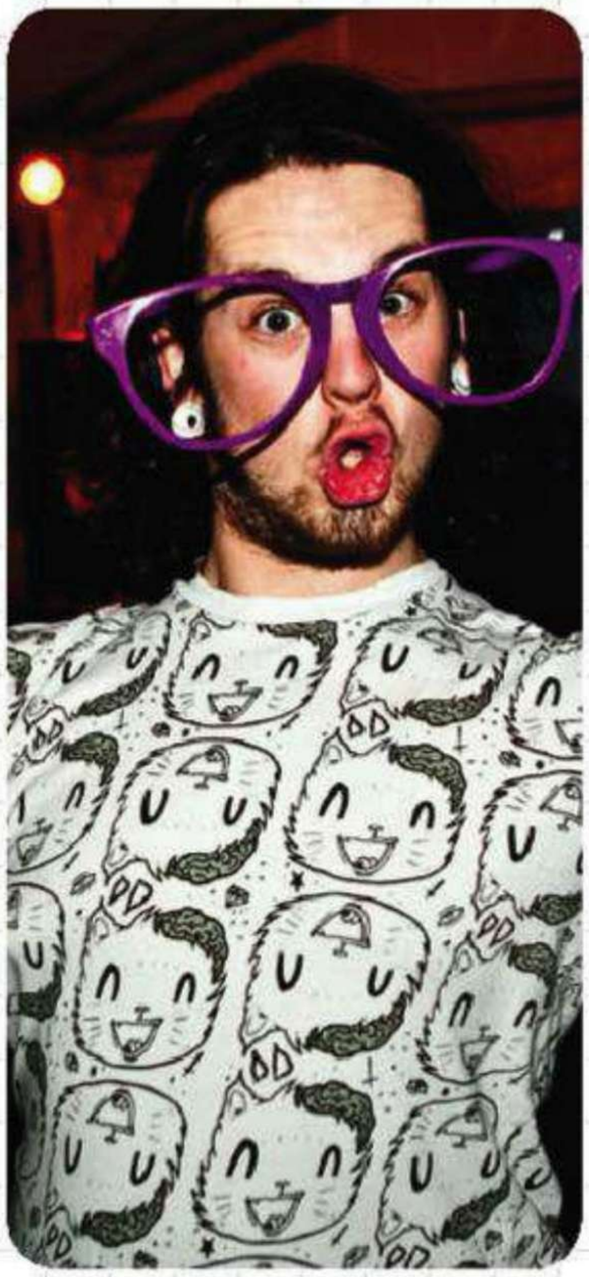

SLAM DUNK SOUTH

WHAT? Er, Slam Dunk...
WHERE? Herts Uni, Hatfield.
WHO DERE? Mel Clarke, Lauren Fernandez, Eve E.
BEST BIT: The ice-cream man was grabby, but let us lick his Mr Whippy so hey.
WORST BIT: A heavyset bald man vomiting on his own vomit and then rubbing his hands round and round in the vomit at the FRONT bar.
THE LOOK: Cross-dressing, handlebar moustaches and full sleeves.
DRUNKEN LUNACY RATING: 9 outta 10.

● AFTER PARTY

There were sticky floors, beers, sexy girls dancing on people's shoulders drinking beers and Davyd from Bury Tomorrow getting the Jägers in. What a nice man. Apparently we owe him. Er... we've got 20p, a bouncy ball, a stick of Doublemint and some lint?

● TEK-ONE

Rad-ass dub sounds we never knew could come out of a human man, live at the FRONT bar. Seriously, we can barely fucking whistle, it's not fair.

● RAVE WAGON

Not so much a rave wagon as a chariot with speakers attached, pumping out B*Witched and The Macarena. The pain in our ears was worth the sexual sight of lots of pretty girls dancing in unison. Unison is hot.

● FREE LOVE

The people at this festival made the 60s look like an episode of Songs Of Praise. They were very liberal with the love, keen on the cuddling, pro at the PDAs. Outdoor spooning and face-licking, we LIKE.

OUT & ABOUT

BELFAST GETS ITS MOJO ON

WHAT? Mojo Fury gig.

WHERE? Spring & Airbrake Club, Belfast.

WHO DERE? Maybe She Will, Eaten By Bears, Mojo Fury's mums...

BEST BIT: A pig – moshing.

WORST BIT: When drummer Gerry invited us into his van and shoved his socks up his nose, then ours.

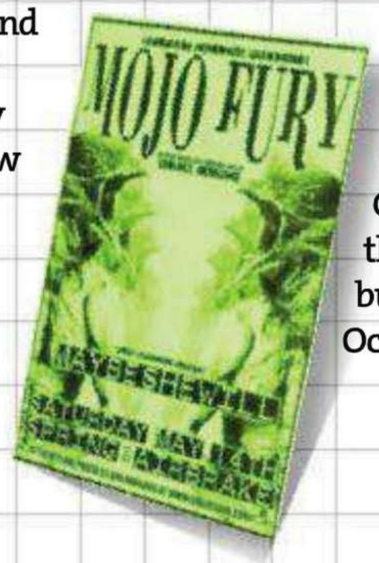

DRUNKEN LUNACY RATING: 7 outta 10.

IT'S RAINING TO FUCK in Belfast, but that doesn't stop local Alt Girls and their BFFs slapping on the face paint and heading out to have a gawp at rising rockers Mojo Fury.

"I'm freaking out today," says frontman Mike. This is the alt rock foursome's first gig since the release of their debut album, Visiting Hours Of A Travelling Circus, and despite having played the Spring & Airbrake a million and one times precisely, plus one other time with Biffy Clyro, this one feels like the big lebowski.

You wouldn't know it, though, as Mojo put on a show rad enough to rock your nan's falsies straight from her face (she wasn't there, don't worry). With support from Eaten By Bears and Maybe She Will, and everyone jumping round like a flock of turkeys with wing lice, it looks like Mojo are ready for the big time.

"We've been happily married seven years," says Mike. "And this beats working in a call centre". So, with that, the band show us some of the luxuries they get to endure now they're inches from being a super hip mega pop group...

● THE VAN

It's not every day a band invites you back to their digs to play with their kittens and snort cocaine of their stomachs, and this was no exception. They did show us their van, though, which was stacked to the rafters with mattresses that smelt like 1,000 dead dogs from hell and a rusty box that Mike assured us was filled with grenades, for emergencies, like.

● BUCKFAST

This booze of choice for Jeremy Kyle victims had the Mojo boys dry humping each other up the skinny jeans before 10pm.*

*This last bit may not be true.

● DETATCHABLE HEADS

Heads included the lovely 'Rachel' who was minding the merch stand and a pig mask. Guitarist James also informed us that he once owned a horse mask, but it was stolen by Steve from Oceansize. Bummerrr.

WORKIE CHALLENGE

WE FORCE YOUNG HOPEFULS TO COMPLETE EVIL TASKS. THIS MONTH...

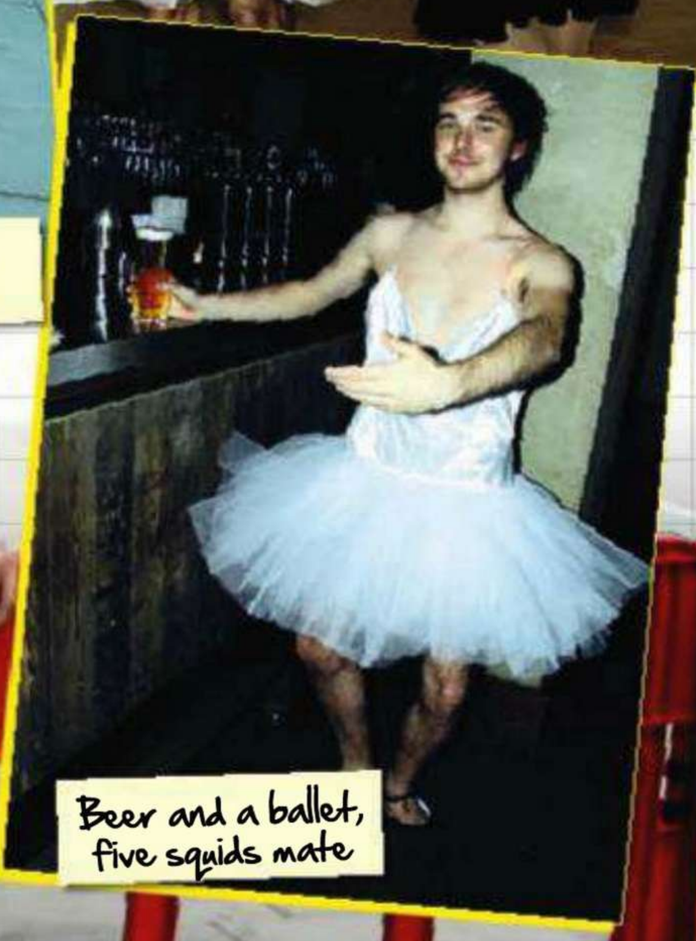

DO US A BALLET

Well he could've fucking shaved

THE WORKIE: Sam Stockley, 22, from Bristol.

TEA-MAKING SKILLS: Slow, but accurate. We asked for half a sugar in our tea, and goddamn, we got half a sugar in our tea. Well done you.

iPOD CHALLENGE: Any high praise for tea-making was soon destroyed when Sam said, "I don't have an iPod". The only people we know without iPods are dead. Think about that.

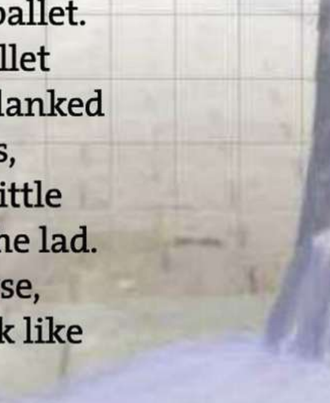

WEAKEST MOMENT: Sam turned up an incredible two hours early on his first day, which is far too eager for our liking. It made us latecomers look bad, too. Thanks Sam, y'dick.

THE CHALLENGE: FRONT's knowledge of upper-class entertainment is a little bit shit. We know nothing of horse polo, hunting foxes or slapping peasants, so we thought we'd geek up on another posh time-wasting activities: ballet.

We trundled Sam off to a ballet class, which turned out to be flanked by four pretty pirouetting girls, which we thought was just a little bit too much fucking fun for the lad. So to rectify this pain in the arse, not only did we make him look like a bit of a twat in front of the pretty ladies, but we made our workie dance around like a fairy in the street, rub up against some 'ard-nut workmen and nail a pint in a dress. Billy Elliot would have kicked you in the cock for shaming his hobby, but well done for keeping your balls in your tutu.

Sam shows off his manhole

VERDICT: PASS

GOOD TEA, NO iPOD AND BALLS REMAINING IN BOXERS. YOU PASS BY THE SKIN OF YO' TEETH. STILL, NO JOB FOR YOU!

WANNA BE A WORKIE?

SPLASH YOUR CASH

BECAUSE SAVING IS FOR WANKERS

HARD SNAPPER

Olympus TG-610 Camera, £212, from *amazon.co.uk*

GOOD: Supa supa supa tuff shock-proof camera for taking gory pics of yourself in the midst of bone-shattering skate ramp wipeouts.

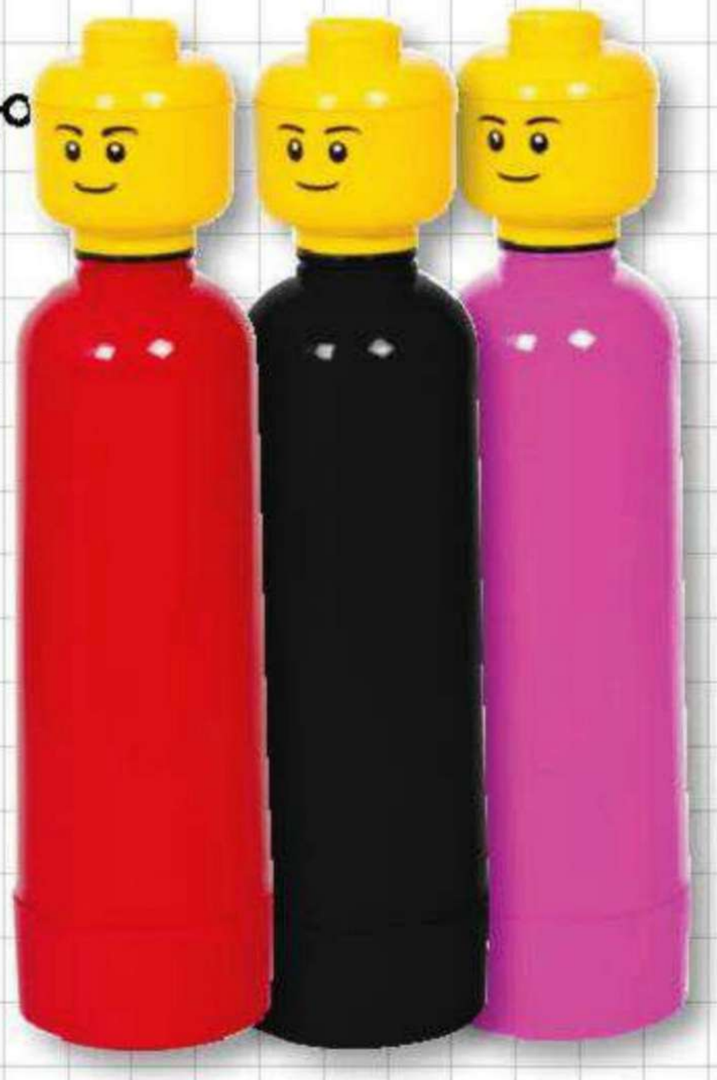

BAD: Get this – it doesn't use film! All your photographs are stored 'digitally' on 'circuit boards' inside the camera itself! Can't see this catching on, but at least Olympus are trying something new.

LEGO OF ME BOOZE

Lego Drinking Bottle, £11, from *firebox.com*

GOOD: Disguise the fact that you're sat in the park swigging a noxious cocktail of scrumpy, cooking sherry and lighter fluid with this toddler-tastic bottle.

BAD: There is something a titchy bit creepy about these. We can totally imagine one suddenly appearing at the kitchen window, quite late at night...

SK8PRON

Santa Cruz Rob Roskopp Apron and Oven Glove Set, £TBA, from *santacruzeurope.com*

GOOD: Heat up your curly oven chips just like '80s skate legend Rob Roskopp would with this terrifyingly unblinking cookery get-up.

BAD: It's following us around the room. Make it stop, Jebus!

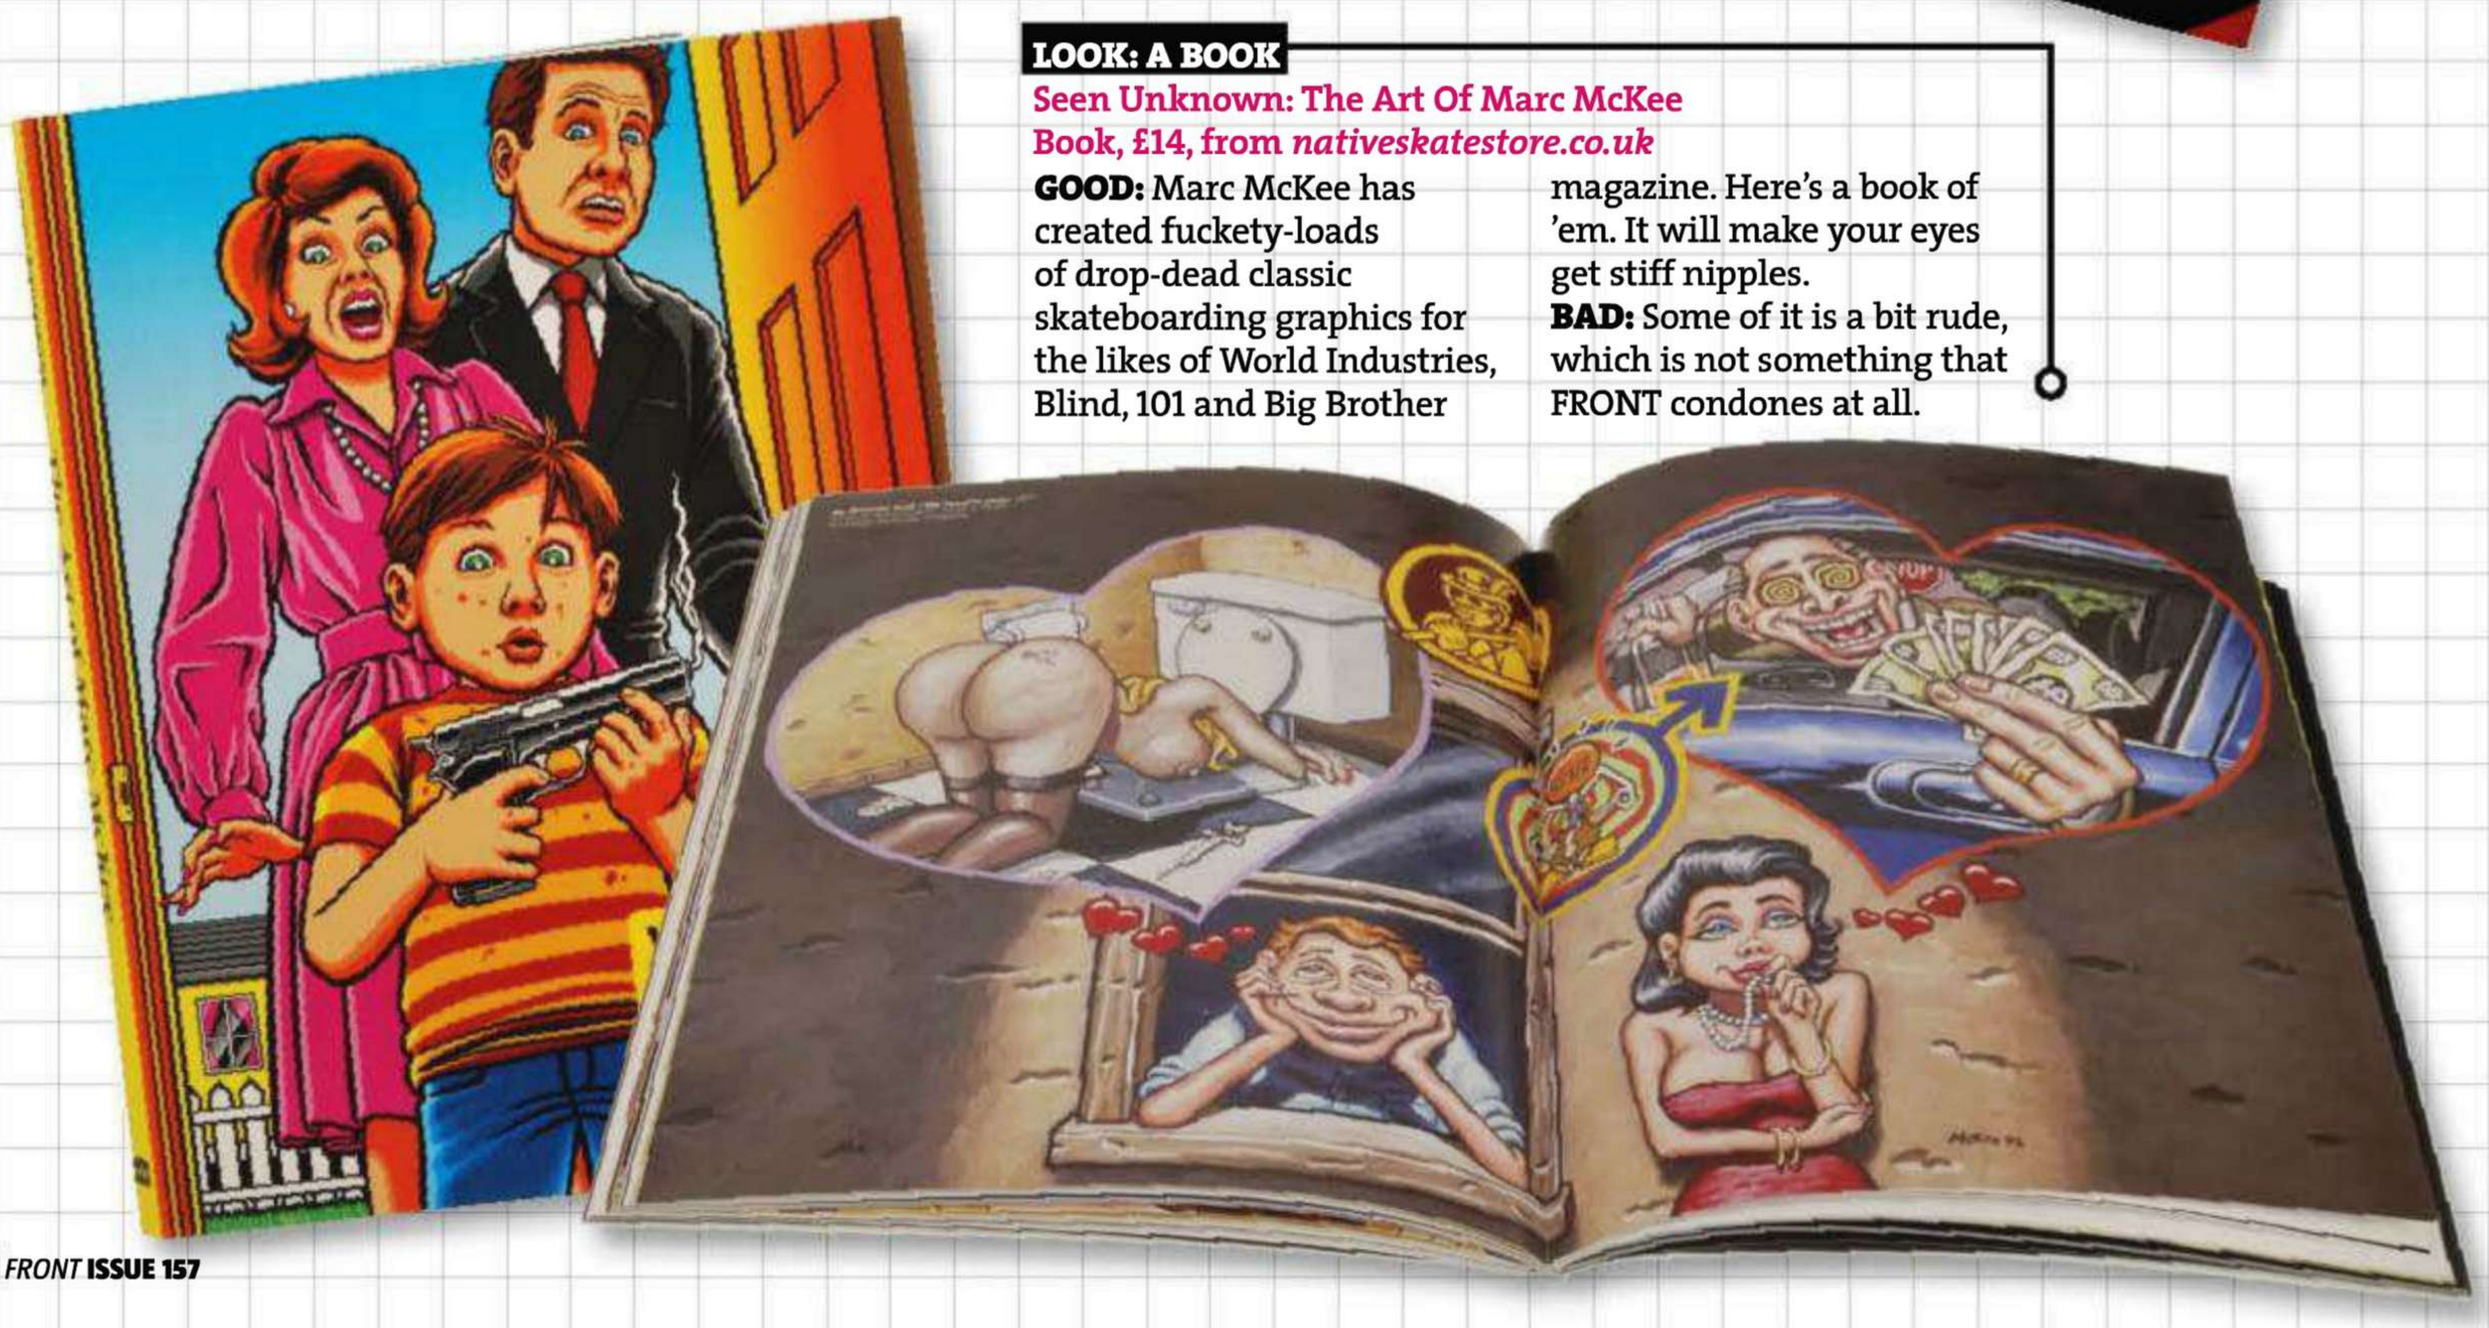

LOOK: A BOOK

Seen Unknown: The Art Of Marc McKee Book, £14, from *nativeskatestore.co.uk*

GOOD: Marc McKee has created fuckety-loads of drop-dead classic skateboarding graphics for the likes of World Industries, Blind, 101 and Big Brother magazine. Here's a book of 'em. It will make your eyes get stiff nipples.

BAD: Some of it is a bit rude, which is not something that FRONT condones at all.

WorldMags

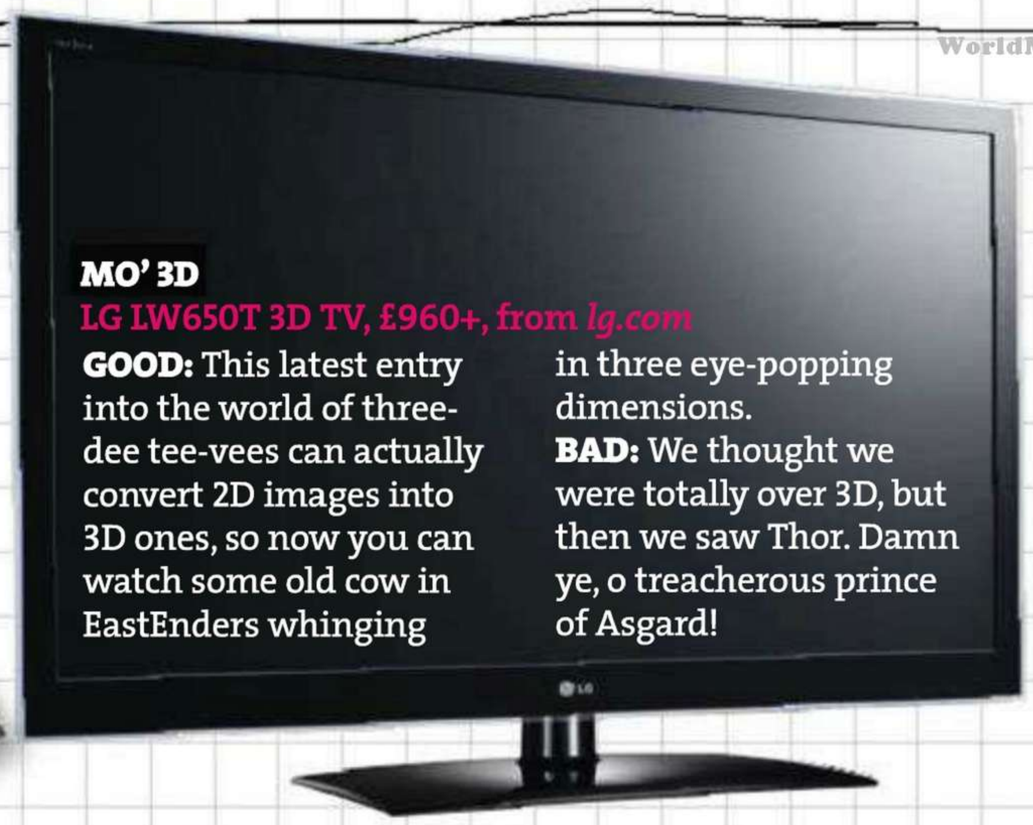

TATTOOED DUDE

Hori Smoku Sailor Jerry Book, $75, from *sailorjerry.com*

GOOD: Commemorate the work of tattoo guru Norman 'Sailor Jerry' Collins with this well ace book about the inky sonofabitch.

BAD: In confusion, you've drunk the hardback and filled your bookcase with rum, you oaf!

MO' 3D

LG LW650T 3D TV, £960+, from *lg.com*

GOOD: This latest entry into the world of three-dee tee-vees can actually convert 2D images into 3D ones, so now you can watch some old cow in EastEnders whinging in three eye-popping dimensions.

BAD: We thought we were totally over 3D, but then we saw Thor. Damn ye, o treacherous prince of Asgard!

FRESH BRUSH

Good Wood NYC X Stalley, £16, from *goodwoodnyc.com*

GOOD: Hip-hop beardy Stalley and trendy wood-fiddlers Good Wood NYC have created a gentleman's brush to tame even the maddest of bushes.

BAD: You could use it to untangle your savage jungle of arse hair...

DEX IN EFFEX

Wemoto decks, £70 each, from *roktic.co.uk*

GOOD: Juxtaposing various celebs/nutters with old-skool rap-hop slang, these Wemoto decks are as loveably daft as a farting pony.

BAD: Pairing Osama bin Laden with the phrase "Check your head" probably didn't seem quite as dark before he was shot in the noggin.

FIVE-A-SIDERS

Nike5 Gato Street Trainers, £40, from *nikestore.com*

GOOD: These have been specifically designed for five-a-side and street footie, so now you can quit tripping over the ball in your two-tonne hi-tops.

BAD: These might make you boot the ball straight into the Moon, thereby knocking it out of orbit, destabilising the tides and killing all life on Earth.

WTF?

KAMIKAZEMOBILE

UNO III Streetbike, £8,500, from *firebox.com*

GOOD: Motorbikes are for wusses. For real revved-up street danger, this accident magnet transforms from three-wheeled motorbike to roaring bicycle. You'll be flying through the air in no time!

BAD: We'd imagine insurance for this starts at somewhere around the £40,000,000 mark.

IN-TENTS

FROM SUPER CHEAP TO MEGA PRICEY, IF YOU WANT A TENT TO GET UP TO ALL KINDS OF MISCHIEF IN, HERE ARE SOME OF THE BEST TWO-PERSON SHELTERS ABOUT. YEAH?

WorldMags

CHEAP AND CHEERFUL

Argos Value Range Two-Man Dome, £12, *argos.co.uk*

WHY TO BUY: Because you are a dreadful cheapskate impressed by the piss-low price.

DRUNK DREAM YOU'LL HAVE IN IT: Being bummed by a ladybird while legendary 1990s wrestlers The Legion Of Doom look on laughing hysterically and high-fiving each other.

GOT THE BLUES

Regatta Two-Man Pop-Up, £20, *argos.co.uk*

WHY TO BUY: It's a pop-up tent, meaning you can basically throw the twat in the air and it'll land as a tent rather than a mess. Good luck rolling it back up, though.

DRUNK DREAM YOU'LL HAVE IN IT: Being reincarnated as a spearmint Polo, which they might not even actually make anymore.

GET YOUR INJUNS RUNNING

Two-Man Teepee Tent, £25, *argos.co.uk*

WHY TO BUY: If you get two of them, blur your vision and take an aerial photograph, they'll look a bit like human breasts.

DRUNK DREAM YOU'LL HAVE IN IT: Being suckled into the gob of an enormous, disgusting baby the size of Buckingham Palace.

CUBIC HERE

Gelert Quick Pitch Elite Double Skin, £80, *gelert.com*

WHY TO BUY: You are a colour-blind fan of geometry, MC Escher, Vans and Madness.

DRUNK DREAM YOU'LL HAVE IN IT: Skateboarding in front of your old maths teacher to a trumpety 1980s ska soundtrack while a Dutch graphic artist busts fat rhymes at you.

GREEN MACHINE

Campo Compact, £139, *vaude.com*

WHY TO BUY: It's a nice big bright green blob, a bit like a bogey, that's really easy to draw, should you wish to.

DRUNK DREAM YOU'LL HAVE IN IT: You are a green frog in a greenhouse wearing a green suit. The greenhouse is in Greenland. And you're jealous of something.

FAST RISER

Coleman Phact X2, £200, *gooutdoors.co.uk*

WHY TO BUY: This can apparently be easily erected in under a minute, leaving plenty of time free for drug and alcohol abuse and/or littering.

DRUNK DREAM YOU'LL HAVE IN IT: Just loads of premature ejaculating, dude. And sometimes, dreams come true.

BLOW SHIT UP

Velocity 200, £230, *vango.co.uk*

WHY TO BUY: This doesn't have poles – you peg it down and pump up the strut/beam things, and that's your lot.

DRUNK DREAM YOU'LL HAVE IN IT: A man puts a bicycle pump up your bumhole, and pumps and pumps and pumps until you explode with a big fat farty noise.

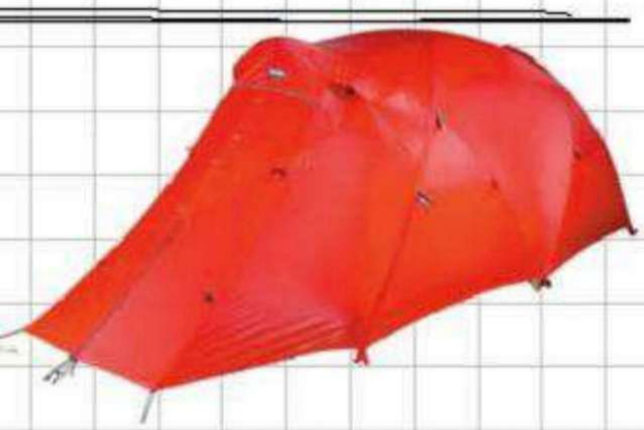

OLYMPIC PORCH

The North Face Big Fat Frog, £260, *blacks.co.uk*

WHY TO BUY: Look at all the porch space you've got. You could take, like, 40 pairs of shoes with you, tread 'em all in dog shit, and not have to sleep with the bastards.

DRUNK DREAM YOU'LL HAVE IN IT: You won't dream, you'll sleepwalk, and eat all the dog shit. You pig. You filthy, filthy pig.

STIFF RED ONE

Crux X2 Storm, £450, *snowandrock.com*

WHY TO BUY: The website boasts this is a "four-pole geodesic tent with an asymmetric shape that increases the porch size and stiffens the rear". You like a stiff rear.

DRUNK DREAM YOU'LL HAVE IN IT: Getting a backwards erection, where your willy ends up pointing out of your bumhole.

THOR POINT

MGR Asgard, £500, *snowandrock.com*

WHY TO BUY: Not only is it just a really good tent you could happily live in for weeks, it's named after the city Thor lives in. THOR.

DRUNK DREAM YOU'LL HAVE IN IT: Drinking Fanta with Michelangelo out of the Ninja Turtles while sat at a big long wooden table in heaven.

HOW TO MAKE YOUR DREAMS COME TRUE

BY ANDREW W.K.

WE ALL HAVE DREAMS. But how do we make them come true? I've been fortunate enough to have a lot of my dreams come true – one of my main dreams was to become a 'professional partier', and I made it happen through a few simple steps I'd like to share with you...

SET YOUR GOALS

Not only a great band name, but a great headspace too! It's not possible to do what you want if you don't know what you want to do. So taking your dreams and really focusing them into specific goals is a huge step. And it works! An easy example would be when you're hungry. If you want to eat, you turn that dream into a goal by specifying what type of food you want. Then you take the steps to get that food, eat it, and reflect on how satisfying the whole process was. Beyond food, if you could do ANYTHING IN THE WHOLE WORLD, what would it be? That's the starting point for setting clear goals, no matter how crazy they seem. If you shoot for the stars and only reach the top of Mount Everest, that's still pretty high!

MAKE A LIST

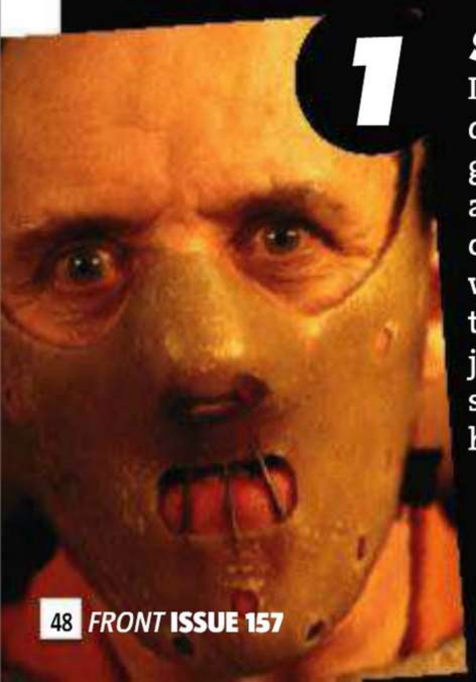

I'm talking about listing what you want life to be like. It could mean living in the city you love most. It could mean going on a date with the most beautiful girl in the world. There's something magical about WRITING STUFF DOWN – it really makes stuff happen. Imagine as much as you can, write it down and then read it every day, no matter how silly it feels. It's worth feeling silly if it brings dreams closer to reality.

MOVE YOUR BODY

The most challenging step, is to actually take action. It's easy to dream, but the only way something actually happens is by using the most powerful magical tool of all: our physical bodies. Pick just one of your goals and figure out one simple action you can take to make it happen. The most important part of all this is actually WORKING YOUR ARSE OFF. And the reason we can do the hard work necessary is because it's what we LOVE. When you work on your dreams, you're doing what you were truly born to do. There is no greater way to spend your time than by making your dreams come true. Get pumped up, put on your shoes, and fucking GO FOR IT – HARDCORE STYLE.

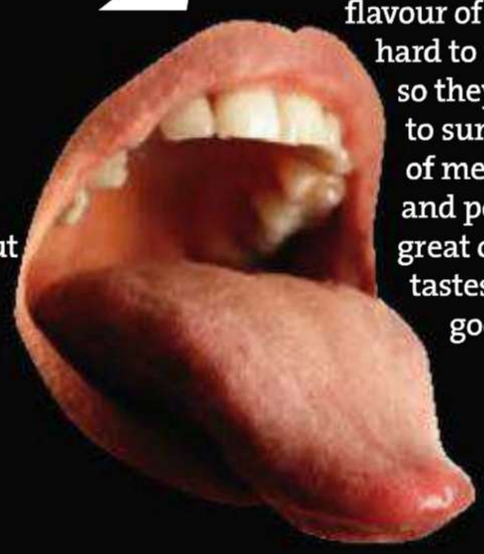

THREE OF MY FAVOURITE FLAVOURS

1 SKIN

I've been with a few different girls, and each girl's skin always tastes a bit different to the others. One girl's skin was really sour to me. I thought she put lemon juice all over her body, but she said that's just how her skin tastes.

2 UMAMI

This is a Japanese word for the pure flavour of savoury taste. It's hard to describe this flavour, so they made a great word to sum it up. It's the taste of meat and fat and salt and pepper and all the great combinations of those tastes. It's the flavour of good food. It's heaven.

3 BURNT

I love when cheese is slightly burnt around the edges of a cheesy toast. I love when cookies are slightly black, fresh from the oven. Consuming burnt food is essentially just eating carbon. I heard it causes cancer. But it's worth it.

TAKING BACK SUNDAY

EVEN WITH A MASSIVE IMAGE CHANGE AND A LANDMARK BIRTHDAY JUST AROUND THE CORNER, ADAM LAZZARA IS SHOWING NO SIGNS OF SLOWING UP...

HEY ADAM, YOU'RE LOOKING A BIT DIFFERENT THESE DAYS. WHERE'S THE LONG HAIR AND NOSE RING AT?

Ah yeah! When we were recording this last record I had this big old beard and it got pretty long. When our drummer said that I looked like Joaquin Phoenix when he was in I'm Still Here, I knew it was time to clean up. I did it more for him than myself, but it's hair so it'll grow back eventually.

SO WHAT ELSE HAS CHANGED SINCE YOU STARTED FRONTING TAKING BACK SUNDAY IN 2002?

What's funny about that is that I started out playing bass in the band, so I never expected to fill that role. When I started out on vocals, I didn't have an instrument to hide behind, and I kinda didn't know what to do with myself.

IS THAT WHY YOU GOT SKILL AT SWINGING THE MICROPHONE AROUND ON STAGE?

Totally. I'm also a massive At The Drive In fan, so I stole that idea from them. It's funny: now everyone seems to be doing it on stage. It just makes me feel as if I'm not doing anything special anymore.

YOU MUST HAVE SPENT SOME LONG EVENINGS PRACTICING IN FRONT OF THE MIRROR.

I remember really early on, I knocked a tooth out. I approach my performances with a total disregard for personal safety.

AS WELL AS THOSE AROUND YOU. YOU ONCE KNOCKED OUT EX BASSIST MATT ON STAGE WITH YOUR MIC...

That was at Give It A Name about five years ago. It was the first song, man. The mic knocked him flat. Luckily, your healthcare is awesome so he was out quick with only a few stitches.

DO YOU STILL FEEL GUILTY?

I'll always feel bad about that. You never want to hurt anybody. I suppose being knocked out by a mic on stage is better than doing a Panic! At The Disco and being floored by a bottle. Sucks to be that guy.

WHO ELSE WOULD YOU LIKE TO LAY OUT WITH YOUR MIC SWINGING?

I don't really hold any animosity towards people like that. But whoever green-lighted that Jersey Shore bullshit would get a strong talking to from me. ▶

WorldMags

FULL FRONTAL

IN THE EARLY 2000S, YOU AND BRAND NEW SPARKED A MASSIVE EMO-INTERNET DISCUSSION AS TO WHETHER YOU WERE BOTH WRITING LYRICS TO BAD-MOUTH EACH OTHER. THE TRUTH?
Honestly, I've not seen that guy [Jesse Lacey, Brand New vox] since 2002. It's funny when people still ask about it because there's just not a lot to say on the issue after so much time.
BUT DID YOU WRITE SOME OF THE LYRICS WITH HIM IN MIND?
Not since the first record, no.
YOU MANAGED TO OBTAIN YOURSELF THAT 'EMO' TAG. DID THAT GET ON YOUR TITS?
That's just something we had to roll with. It's a natural thing for people to label things. Honestly, people can call us whatever they like, as long as they're listening to our records.
EMO STARTED OUT AS HARD DUDES BEING ANGRY – LIKE ALKALINE TRIO AND DASHBOARD – BEFORE IT BECAME A DEROGATORY TERM. WHO WE GOTTA BLAME FOR THAT?
Emo used to be a word we used to make fun of our friends, and all of a sudden people were claiming to be an emo. I thought that was weird, and especially now that genre seems to be a parody of itself, I'd rather not be associated with that. A lot of it just looks like a joke, and although we don't take ourselves seriously, we do take our music seriously.
YOU GAVE YOUR SON THE MIDDLE NAME 'DANGER'. YOU MUST BE, LIKE, THE COOLEST DAD EVER.
I try to be! He's actually the coolest kid in the world. I had to compromise the middle name with my wife, though. I wanted it to be just Danger, but my wife thought I was joking so we settled on Ari Danger as his middle name. It was quite a big debate. He's just starting to have conversations now, and he's a little dude.
ANY SIGNS OF BECOMING A ROCK STAR?
Man, he can do whatever he wants. If he wants to be in a band, he can do it. If he wants to be President, he'll be President.
THE BIG 3-0 IS ON ITS WAY. HOW ARE YOU GONNA MAKE THE MOST OF THE LAST FEW MONTHS OF YOUR 20S?
I've not really had time to think about it. Honestly, I didn't even think I'd make it past the age of 25.
WHY? WHAT SHENANIGANS WERE YOU GETTING UP TO?
I dunno, just some of the stuff I was into. I was living life too fast. I'm just surprised that I'm still here. At 27, when all the awesome rockstars die, my friends actually told me that I had to be careful. I didn't consider myself to be big enough to worry about that. I'm stoked I'm still here, but shocked.
IS THERE ANYTHING YOU'LL BE 'TOO OLD FOR' WHEN YOU'RE 30?
No way! I'm never gonna be too old. I've got the Peter Pan syndrome where I never think I'm gonna grow up. There's no slowing down.
ANY TIPS FOR MUSICIANS WHO WANT CAREER LONGEVITY?
Don't let anyone dictate what you do. So long as you're happy with what you're doing, that's all that matters.
HOW'S THE MATERIAL FROM THE NEW SELF-TITLED ALBUM GOING DOWN WITH THE CROWDS?
Really great! We released one song already called El Paso, which is so much fun to play live as it's dead heavy and shreds my voice. I upset our label after I leaked another one on Twitter a while back, but hearing crowds singing back the lyrics to us already is a good sign.
IS THE FACT THAT YOU GET REQUESTS FOR SONGS FROM PRETTY MUCH EACH OF YOUR ALBUMS THE SIGN OF A CRACKING LEGACY?
There were times when we got sick of playing Cute Without The E, now we find it awesome that people still ask to hear it after so long. That and Makedamnsure. A friend reminded me that often your songs can get bigger than you, and I'm down with that. FRONT

A WEEK IN ROCKSTARS

HEY MONDAY
Call their emo-power-pop-punk-alt-rock sound whatever you will, but we love lead songstress Cassadee Pope quite a lot so don't upset her, yeah?

SEE YOU NEXT TUESDAY
Guess who we'll be seeing next Tuesday! Er, nobody. Nobody comes to visit us anymore. We are very very lonely. Sad face.

WEDNESDAY 13
The worst thing Wednesday 13 ever said to a girl is: "I'd really like to get up in them guts". Read issue 151 if you don't believe us, you non-believers.

THURSDAY
The post-hardcore mob have a drummer with the name Tucker Rule, which is like, the fucking most awesomest name, like, evaaar.

THE FRIDAY NIGHT BOYS
Their song Stuttering was in American Pie Presents: The Book of Love. Yeah, we don't know a helluva lot about them TBH.

THE SATURDAYS
The finest, bestest band this country has ever produced, with an incredible talent and brilliant voices. NOW will you marry us, Frankie?

20 QUESTIONS

HOW WILL THE MAN WHO'S REPEATEDLY STAPLED HIS BALLS TO HIS LEG HANDLE THE QUESTIONS WE ASK EVERYONE?

1 AS A YOUNGSTER, WHAT WAS YOUR FAVOURITE FILM?

When I was 18 I saw Harold And Maude for the first time and that became my favourite right away. I liked the idea of living life to the fullest.

2 WHAT'S THE WORST THING YOU'VE EATEN?

I've been a vegan for two years now, so even though I've eaten plenty of it in my life, probably beef. I went vegan after doing too many drugs and hearing voices – it made me want to be more compassionate towards the suffering of animals.

3 IF YOU COULD THROW ONE PESRON OFF TV INTO A PEN OF LIONS, WHO WOULD IT BE?

I'd go for a whole show: Celebrity Rehab. Meaningful recovery and entertaining TV are mutually exclusive concepts.

4 IF YOU COULD HAVE A SUPER POWER, WHAT WOULD IT BE?

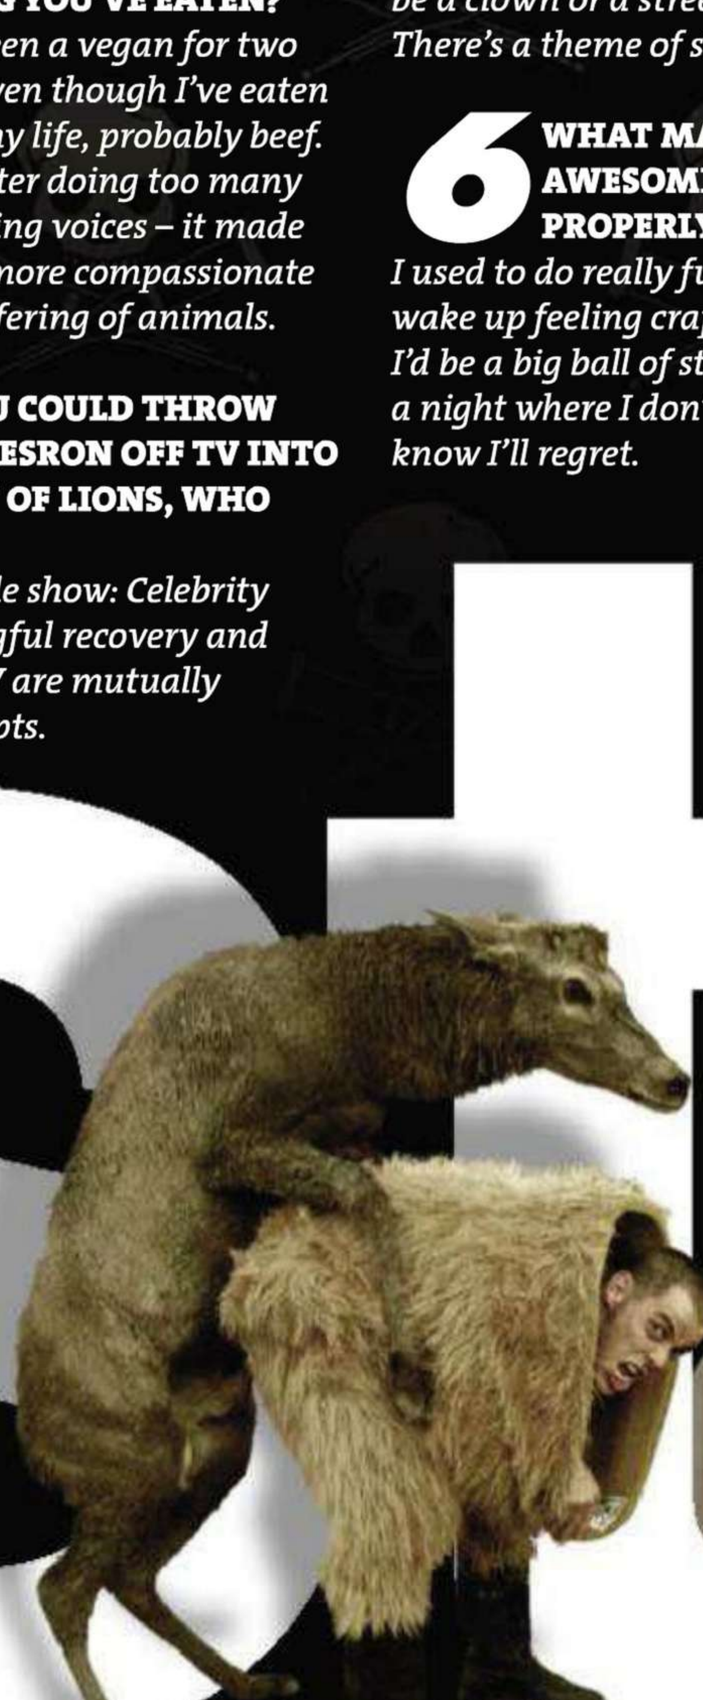

I could do with increasing my stamina in bed. I'm pretty quick.

5 IF YOU WEREN'T DOING THIS FOR A LIVING, WHAT WOULD YOU DO?

There's no question that fucked-up shit would have been my career. I'd be a clown or a street performer. There's a theme of showing off.

6 WHAT MAKES AN AWESOME NIGHT OUT PROPERLY AWESOME?

I used to do really fucked-up shit and wake up feeling crappy about it and I'd be a big ball of stress. So now, it's a night where I don't do anything I know I'll regret.

WorldMags

7 WHAT IS THE FIRST ALBUM YOU EVER BOUGHT?

It was a gift: Michael Jackson's Thriller. I have it on my iPod now, but not the orignal cassette.

8 DO YOU DO SOCIAL NETWORKING SHIT?

I'm new to Twitter, I don't do it very much. Facebook is full of people pretending to be me, duping people. It's fucked up!

9 WHO'S THE BIGGEST ARSEHOLE FAMOUS PERSON YOU'VE MET?

The Situation, from Jersey Shore. I kept saying in interviews that I liked him, and I saw him on the red carpet so went up to him and he blew me off. Fuck that guy!

10 HAVE YOU GOT ANY PHOBIAS?

In my line of work you have to be careful mentioning what you're afraid of. I really don't like fucking bungee jumping. I've spent half my life jumping off high shit, and if there's a 300-foot drop, I know not to jump it, regardless of what's tied to me. The only time I bungee-jumped, we had to get five Costa Rican guys to throw me off a bridge.

11 WHAT'S THE WORST IDEA YOU'VE EVER HAD?

Becoming a rapper. I'd been to an Ol' Dirty Bastard show and seen him on stage with his pants down and his dick out, smoking a huge blunt of PCP, and he eventually passed out. I thought it was the most incredible thing I'd ever seen, dude! Things got pretty crazy – I got friendly with a bunch of people in rap, and I was out of control on drugs. Thinking back, it was pretty fucking dark. If my iTunes is on shuffle and one of my rap songs comes on, I dive across the fucking room to stop it.

12 WHAT'S THE MOST YOU'VE EVER NEEDED THE TOILET?

I used to be a major bedwetter. I had this girlfriend and I stayed at her parent's house, and we woke up swimming in piss. She was furious. I was drunk, carrying this piss-soaked duvet down to the washing machine, and the weight of it broke the door. Her mum came down and the washing machine was broken and inoperable and covered in piss. The girl broke up with me and I started jumping off shit.

13 IF WE GAVE YOU A MILLION QUID AND YOU HAD 24 HOURS TO RINSE IT, HOW'D YOU DO IT?

I would get Iron Maiden to perform in my house with Paul Di'Anno.

14 BEFORE SOBRIETY, WHAT WAS YOUR BOOZE OF CHOICE?

I used to be pretty indiscriminate, but I'd mainly drink vodka.

15 WHAT'S THE STUPIDEST THING YOU'VE SAID TO A GIRL?

I was telling this girl I was going to be a rad stuntman. I pretended to get punched, spun over a railing and landed face-down on concrete. I broke my cheekbone, wrist and seven teeth, and got concussion. She wasn't even hot. I was pretty indiscriminate with women, too...

16 WHAT'S THE MOST ILLEGAL THING YOU'VE EVER DONE?

I have, uh, an extensive criminal record. I think the worst thing is drink driving. Eventually I decided to give up driving.

17 WHAT HAVE YOU SEEN THAT YOU REALLY WISH YOU COULD UN-SEE?

I'd quite like to un-see the eight years George W. Bush was President.

18 TELL US ONE AMAZING THING WE WOULDN'T KNOW ABOUT YOU.

I grew up in five different countries, and spoke three languages by the time I was three.

19 WHY SHOULD PEOPLE COME SEE YOUR STAND-UP SHOW AT SONISPHERE?

I do this ridiculous stand-up based on all the shit that's happened to me, and then I do stunts. We're finding out if I'll be allowed to set myself on fire.

20 WHAT'S THE PUNCH LINE TO YOUR FAVOURITE JOKE?

"You fuck her!"

FYI

- Steve-O has a book coming out soon called Professional Idiot
- The tattoo on his back, of himself doing a double thumbs-up is probably the best thing ever
- There's a documentary called Steve-O: Demise And Rise, that looks at when he was at his most fucked. It's bleak but worth a YouTube

LADY GARDEN

OUR FIVE FAVOURITE LADY BLOSSOMS THIS MONTH

1 CHARLOTTE FREE

Pink-haired, punk-brained catwalk model Charlotte has an impressively fanatical online following – her devotees congregate around Tumblr blog, Fuck Yeah Charlotte Free, to gaze in awe at the latest pics of her being fit/adorable/bad-ass. At this point, she could probably set up her own Scientology-style religion, with herself as the L. Ron Hubbard-y leader. We would definitely kill unbelievers for her.

WorldMags

CHRISTINA PERRI 2

Smooth-faced singy-songy saucepot Christina specialises in "Look how angry yet independent I am, so you shouldn't have left me, you shit" tunes, meaning every time she gives us an erection, there's an air of woe and regret to it. Usually, ours just have an air of unwashedness to them, so this is a refreshing change.

3 ZOË BADWI

Zoë is a pop star in her native Australia, where she regularly packs out Sydney Opera House yelling sweary limericks about Vegemite, tinnies and didgeridoos to cheering crowds of koalas. That's what we imagine being an Australian pop star involves, any rate.

4 KATE UPTON

With a body so amazing it makes your brain feel like scalding-hot crazy soup, D-cuppy supermodel Kate recently gave everybody in America an unshiftable boner with her skimpytastic appearance in Sports Illustrated's Swimsuit Issue. And by everybody, we mean everybody: men, women, babies, old ladies, horses, fish, squirrels, tables...

TARYN MANNING 5

Oftentimes, if a pretty lady claims to be a fashion designer, a pop star and an actress, that means she works in H&M, does karaoke on Friday and once played Shepherd #4 in the nativity. Titchy-wee Taryn is the real dizzle, though: she runs Born Uniqorn clothing, is one half of electro-doomers Boomkat, and has starred in films both aceballs (Hustle & Flow) and shitplop (Crossroads). She's very busy, which is probably why she never replies to our sexy, romantical Twitter DMs.

BUTTER

IT'S SOMETIMES HARD TO TELL IF A LADY IS A WINGED BEAUTY OR A MANY-LEGGED MONSTER. THANKFULLY, THE LADY GARDEN TEAM ARE HERE TO SETTLE SUCH MATTERS...

THIS MONTH: CLAIRE From Steps

SHE'S A BUTTERFLY

ClairefromSteps might've only been the fourth-best one from out of shit 90s girl/boyband Steps (after LisafromSteps, FayefromSteps and HfromSteps) but she's always had that vibe of your mum's saucy mate from when you were 11 – y'know, the one who used to give you a Jaffa Cake with a wink that made your winky stick feel all fuzzy. Give us a Jaffa Cake right up the bumhole, you erotic thirtysomething cow, you.

SHE'S A CATERPILLAR

If you're familiar with gossipy mum mags like Closer and NOW, you'll know that ClairefromSteps' weight yo-yos like a mental motherfucker. She keeps going Dawn French-style mega-blubbery. And then skinny again. And then blubbery again. Stop somewhere in the middle, wudya?

VERDICT: CATERPILLAR

WOULDN'T. SHE MUST PAY FOR HER CRIMES AGAINST MUSIC, LIKE A NAZI WAR CRIMINAL.

SURF ZOMBIE DEATH LIST WITH TOBY DONACHIE

THE YOUNG SHREDDER COUGHS UP HIS LIST OF MUST-DOs BEFORE HE POPS IT PREMATURELY...

FREE FALLIN

I'm a total adrenaline junkie, which is why I've got to try base jumping from a massive building before I die. The ultimate aim would be to jump the rails on the Empire State Building and go for it, right? Living in Cornwall, I used to do a bit of tombstoning, but surfing totally took over my life so I stopped all that.

FESTIVAL FOOS

I remember being given a Foo Fighters CD when I was younger and listening to it every day on my way to school. Since then, I've always wanted to go see them live at a massive festival like Glastonbury. I'd definitely get pissed up afterwards, too. Half a bottle of vodka and half a bottle of whiskey should do the trick.

RUM, GUN AND BUM

I'm quite into that manly idea of venturing into the woods with a gun, a bottle of rum, a heroic mullet and shooting a moose. I'd look like a total redneck, but I'm down with that to complete the whole fantasy. A haircut like that would definitely get me dumped, though.

DRUNK WITH DEPP

Chicks would definitely want to sleep with you if you were out partying with Johnny Depp. I don't know how stoked my girlfriend Emily will be to hear that, but it's true. I'd pirate up for it and all: eyepatch, pegleg and parrot, for sure. Depp looks like he could handle his booze, too. It would be a wild, rum-fuelled night.

TOMATO SORES

That tomato-throwing festival, Tomatina, looks fun, and I'd love to smash a few tomatoes into peoples' faces. It helps that I fucking hate the red bastards, as well.

GOTTA HAND IT TO HIM

I remember seeing a guy in the Guinness World Records book who stood on his hands for something like six months. Crazy, right? I once tried to walk backwards for a day, but only lasted five hours. It all fell apart when I wanted to watch TV.

COCK 'N' BULL

What's the worst that can happen when you're riding a bull? Okay, so a horn up the ass would tickle, but hitting the Pamplona Bull Run in Spain would be so fucking fun, the one where a bull gets set free in the street. I vowed to my mates that I'd do it as a pro junior surfer, so I've got to get a move on.

PIE-EYED FAT BOY

Everyone loves pie. A pie-eating contest would be pretty cool to enter. I reckon I'd get through three in two minutes and still manage a monumental sick afterwards. If I had to live off one thing for the rest of my life, it'd be eggs. You can do a helluva lot with eggs. Magic.

VEE DUB LOVER

I love my VW Transporter van. I've pimped it up, lowered it, slapped some alloys on it and tinted the windows. It would be awesome to live out the back of it for a summer with only the swell charts to follow. I'd leave my phone behind and grow a beard for sure.

NO. 51 JUMP A QUEUE

FIG. 1 FUCK QUEUES!

Waiting in line is worse than getting hit in the nuts with a spiked bat, yet we're expected to do it all the time – what a ton of utter bullcakes. Here are the two best ways to avoid having to queue like a poor person.

FIG. 2 CROSS THE STREAMS

When there's one queue for multiple cashpoints/loos/peepshow booths, look for which side the queue's slightly more on and start another on the other side. If you're questioned, just go "Duh" and queue properly.

FIG. 3 JUST GO FOR IT

A study by big-boy American psychologist Stanley Milgram concluded that only ten per cent of people will actually complain if you push in front of them. To be extra sure, do it in front of someone little.

FIG. 4 YOU AM DE BESTEST

If you're at the front of a queue, you're a winner, and everyone digs winners. Odds are you'll get blowjobbed to death, then the women of the world will build a statue of you they can carry on blowing long after you're gone. Good times!

SECRET LANGUAGE

THE FESTIVAL VETERAN

HE'S AT EVERY SINGLE FESTIVAL, HAS SEEN 56,000 BANDS AND WILL BORE YOU SENSELESS TALKING ABOUT IT

WHAT HE SAYS

IT'S TRUE WHAT THEY SAY – THE DRUGS AREN'T AS GOOD AS THEY USED TO BE.

WHAT HE MEANS

My opinion on this is tarnished by the fact that I've done enough drugs at previous festivals to permanently stupefy the entire population of a small Welsh town. I would tell you about the time I had a five-hour conversation about God's tears round the back of a vegetarian burger van in 2007. But I can't remember it.

WHAT HE SAYS

WOW – IT'S BEEN AMAZING. SEE YOU HERE AGAIN NEXT YEAR?

WHAT HE MEANS

I can't exist outside of the festival circuit anymore. Between October and May, I live in a box room in my mum's house. I don't even open the curtains, let alone go outdoors. I survive on lukewarm tea and corned beef sandwiches and when I get sad, I inhale from a jar of filth I collected at my first ever Glastonbury.

WHAT HE SAYS

THERE'S NO POINT IN BRINGING LOADS OF STUFF TO A FESTIVAL. YOU PROBABLY WON'T USE MOST OF IT.

WHAT HE MEANS

I travel very light. I hitchhiked my way here and I'll be sleeping in a bush while rolled up in a tie-dyed flag with a pyramid and an eye on it. I don't even need to bother with the toilets as I can hold my shit in for up to a fortnight and I generally find that people don't mind if I piss myself.

WHAT HE SAYS

THERE'S TRULY NOWHERE BETTER TO BE THAN AT A FESTIVAL. THIS IS MY 250TH ONE, YOU KNOW.

WHAT HE MEANS

On the surface, everything might seem beautiful and we might all appear to be at one with nature, united by the pursuit of hedonism and self-discovery. But we're not. We're trapped in a massive field with thousands of strangers, and every one of them is potentially an unstable, chemical-fuelled maniac. Nowhere is safe. Maybe that maniac is me. Maybe I'm just waiting for 'the voice'.

WHAT HE SAYS

YOU SHOULD COME ALONG TO THE HEALING TENT LATER ON. IT'S AMAZING. I WAS HERE LAST YEAR AND THEY CURED MY PSORIASIS.

WHAT HE MEANS

For just 20 quid, some 'mystic' smeared what might have been melted play-doh on my arms and then went at it with an iron. I spent the following four days caked in a combination of mud and cow shit which in truth, was probably much better for my skin than anything that fucking hippy did.

TASTE TEST: HERE BE MONSTERS

THERE'S DRINK NAMED AFTER VICIOUS CREATURES, BUT WHICH IS BEST?

	CLASSINESS	COSTUME TO WEAR ON IT	MONSTER FACT	TASTE RATING
KRAKEN RUM *40% ABV, 700ML* £23 82p/unit	Kick-ass bottle, elegant woodcut artwork, tasteful design. Classy as fucking fuck.		Giant squids are real. Also, amazingly, are Colossal squids, which reach up to 14 metres in length and are double-super bad-ass.	"Holy shit, that's delicious. This'd eat Sailor Jerry and shit his remains out all over Captain Morgan." **RATING:** Delicious, exciting, ace-looking and cool as shit. Amazing.
DRAGON STOUT *7.5% ABV, 284ML* £1.50 71p/unit	It's just a shame how much cooler 'Stout Dragon' sounds than 'Dragon Stout,' it – sounds like a nickname for a really wide penis.		Unlike the princess-chomping dragons of Europe, Chinese dragons are seen as symbols of power and luck.	"This tastes like Guinness from the black market – mighty thick." **RATING:** Nice and strong but a bit stewy, and there's no need for a half-pint bottle. 3/5
PINK DRAGON WINE *13% ABV, 750ML* £6 61p/unit	It's pink wine named after a pink dragon with a pink label. As classy as a fairy outfit.		Dragon-slaying English patron saint St. George is thought to have actually been born in Syria. Madness.	"Nothing wrong with this, but I picture 15-year-old girls quaffing it in graveyards." **RATING:** Silly-looking but, as all women know, pink wine starts a party. 3/5
VODKA AND MONSTER *CONTAINS 50ML OF SMIRNOFF 37.5% ABV* £6 £3.19p/unit	This was bought from a J D Wetherspoon public house, limiting the classiness from the get-go.		The word 'monster' comes from a Latin term referring to anything that seemed unnatural – it didn't have to be nasty.	"You'd definitely do some partying if you got fucked up on it, and you'd die toothless but laughing your head off. This strikes me as not being conducive to healthy sleep patterns." **RATING:** It'll keep you going and proper mess you up, but this is inexcusably expensive. 2/5

NO. 32: THE SEWAGE-RIDDEN OCTOPUS

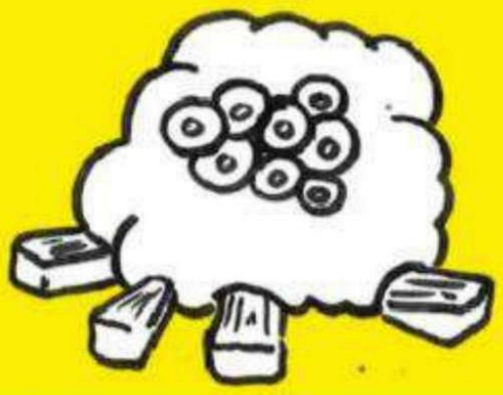

1 Get eight **CRAB STICKS** and position them in a circle radiating out from one point like sun rays.

2 Make the octopus's body with a big-ass dollop of **MASH**, ideally with smooshed-up **FISH FINGERS** in it.

3 Add eight eyes, made from **PICKLED ONIONS**, so your octopus can navigate the icy depths.

4 Drench the fucker in **GRAVY** to represent the polluted depths of Earth's oceans. It's so poetic.

#5 I spy with my little... wait, I have green hair now?

Alex Sim-Wise's

WISE WORDS

THE EXCITING LIFE OF A MODEL

NECKLACE: LOULOULOVESYOU.COM

WorldMags

This month's AMAZING ADVENTURES

Here we go-o!

I was bored one day and made cupcakes that look like Princess Peach from Super Mario. I didn't eat them though, I just stared at them for days in wonderment. I had to throw them away.

Zombie face and spam

What a natural combination.

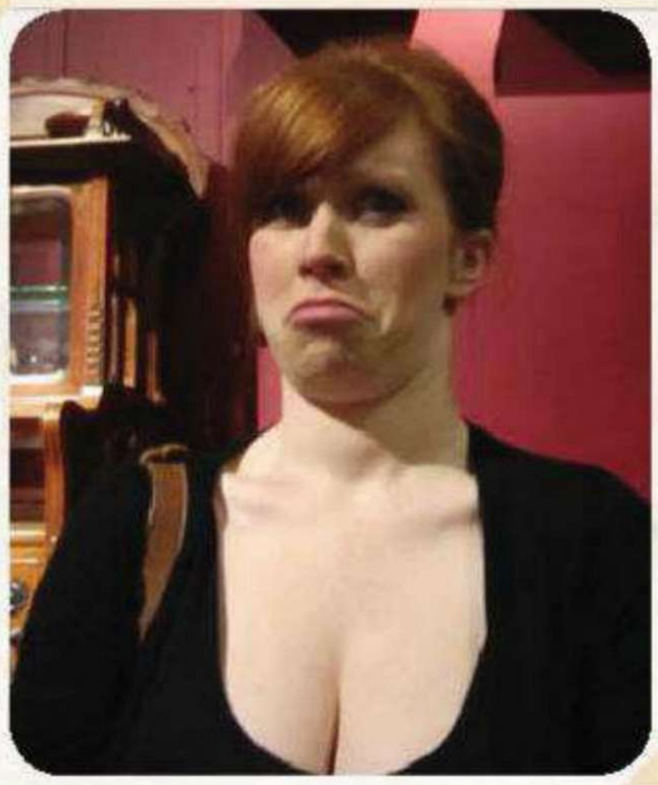

Will anyone adopt this Sim?

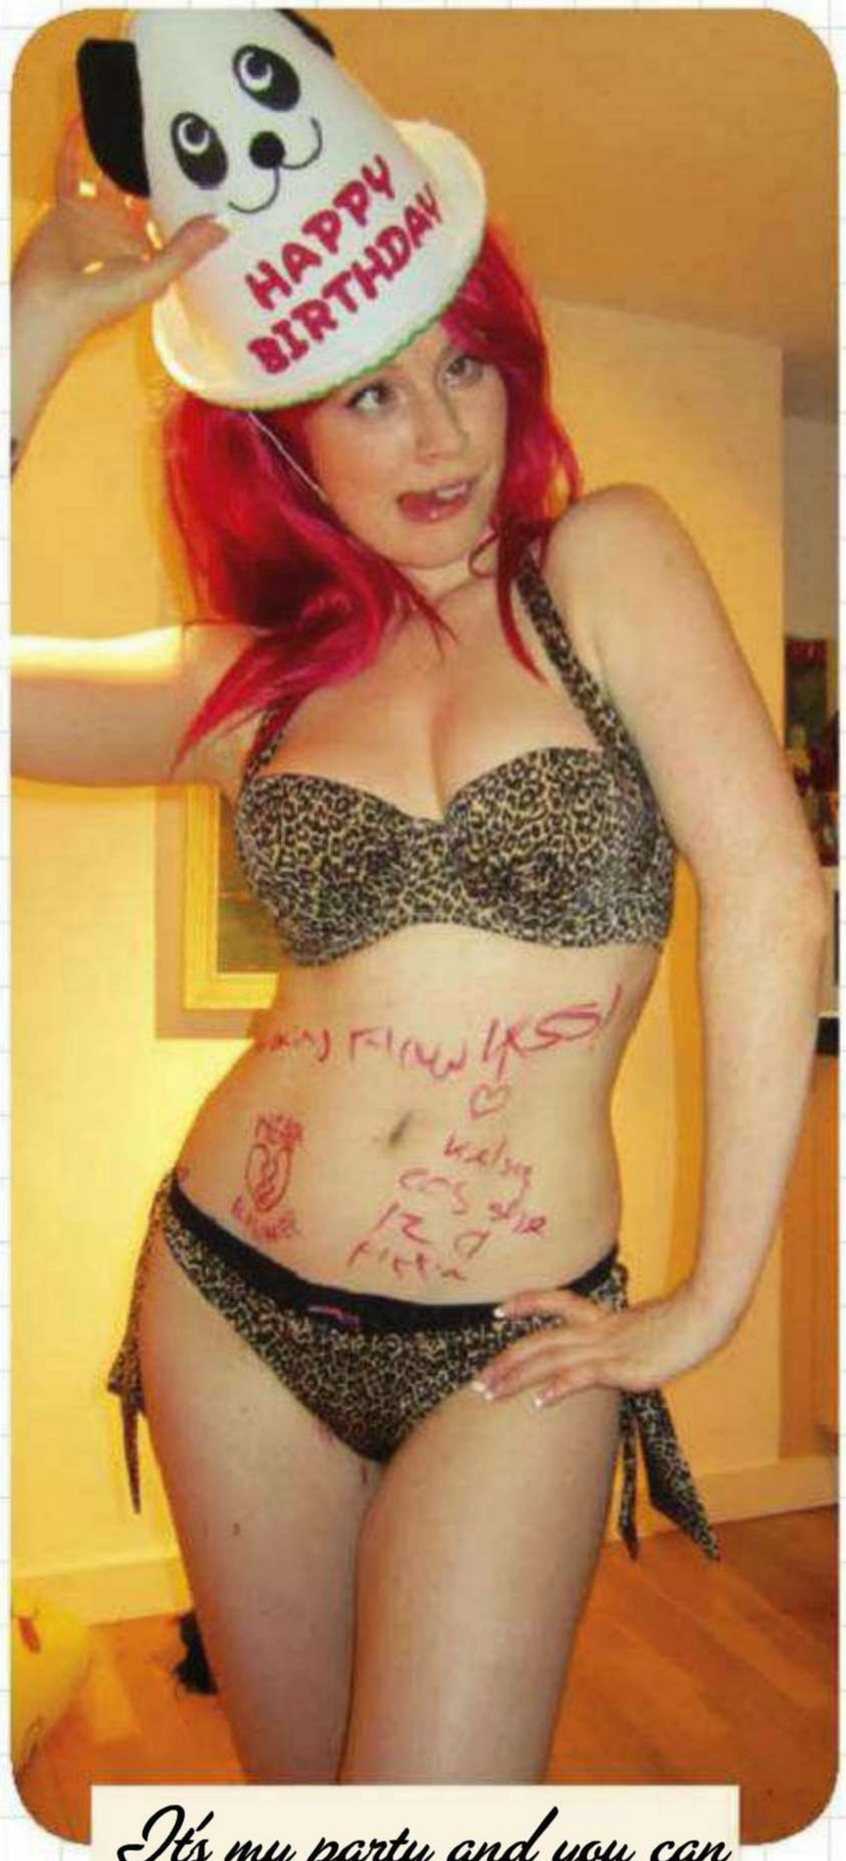

Very affectionate and has a special mat for potty training. Looking for a loving home (remember, Sims are for life, not just for Christmas). Don't feed after midnight or get wet.

Chin-off

All museums are just an opportunity for comedy photos. This is me having a chin-off with some fat man busts.

It's my party and you can draw on me if you want to

After this photo was taken, I locked myself out of my flat in the rain and had to kick the front door down. It wasn't even my birthday.

Sim-Wise's NO MORE GINGER EXCUSES

SO, THE SUN IS OUT. This makes everyone in the world rejoice, but oh no, not gingers. Just one glimpse of sunshine makes us recoil and retreat back into our bat cave, quick smart. I'm lucky in that I'm not one of those frizzy-haired bison-like gingers that smells of milk, but still, sunlight does give me the heebie jeebies. And heat rash/sunstroke/sunburn (delete as applicable).

In the past, I've come up with elaborate excuses so I can stay holed-up in my darkened bedroom playing WoW, away from barbecues, summer parties, and picnics, with excuses like: "Oh, my (non-existent) dog Scabby died and I'm in mourning" and "I've listened to too much Megadeth and I've gone blind" and "today is non-stop take a shit day, sorry" – but not anymore. This year I shall endeavour to change my ginger ways and spend more time in the sunshine. It could be painful – I'll let you know how I get on.

IN OTHER REVELATIONS

This month, I've also got over my sex shop phobia. Back in the day, when I was innocent and pure, my friends threw me an Ann Summers party for my 19th birthday and it was an experience that was so excruciatingly embarrassing that I have been mentally scarred ever since.

I was not very worldly-wise at the time (or very sexually experienced), and the memory of some cackling leather-skinned hag from Essex chasing me round the room with a Rampant Rabbit has haunted me ever since. But, it seems my desire for crotchless knickers has helped me overcome my fears, and now I can shop for naughty underwear without flashbacks. I'm still terrified of dildos, though.

WHAT I LIKES this month

BEING BOUGHT FLOWERS
I may look like I'm made of rocks on the outside, but I'm actually super girly inside. I do love a flower.

GAME OF THRONES
The best thing to be on telly ever. It's like a World Of Warcraft soap with shit-tonnes of shagging.

MICHAEL BOLTON
Four years ago, I professed my love for him in this very column, and everyone poo-pooed me. Now who's laughing, eh? Thanks to Lonely Island, everyone now knows that Michael Bolton is a G.

GARCIA FROM SHADOWS OF THE DAMNED
Finally, a hot tattooed computer game character. Shame about his accent.

GOOD SHIT

THIS MONTH'S HIGHS

UNDERPANTS WORN OUTSIDE TROUSERS

Trust us, right now this is the coolest thing you can wear. Do this and go down to your local pub. Everyone will give you money!

DC CAMERAS

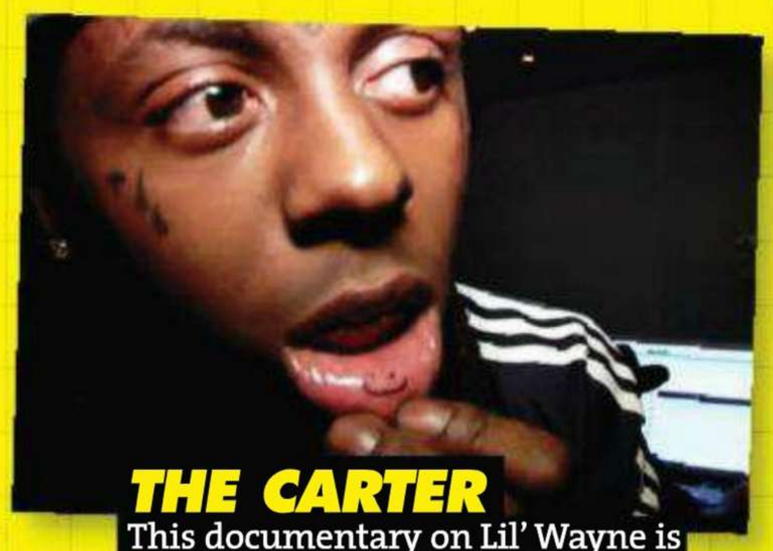

They're basically just PENTAX cameras with superhero stickers on, but everything's better with a superhero sticker on.

ONE-TIME-ONLY BEST FRIENDS

You're drunk, you're lost, you're in a field and you'll never see these people again, but right now, these drunkards you're hugging are the best people in the whole wide world.

THE CARTER

This documentary on Lil' Wayne is so ace that even when he tried to stop it being released, he admitted it was fucking good. It's out on DVD.

'HIP-HOP TIME'

We interviewed Wiz Khalifa the other day (see next issue), and this was his excuse for being late. That's like, the best excuse ever. We're never turning up on time for anything again.

BAD SHIT

GHOSTS

When was the last time a ghost helped you do anything? Exactly. Supernatural wankers.

HURTING YOURSELF DOING REALLY UNMANLY STUFF

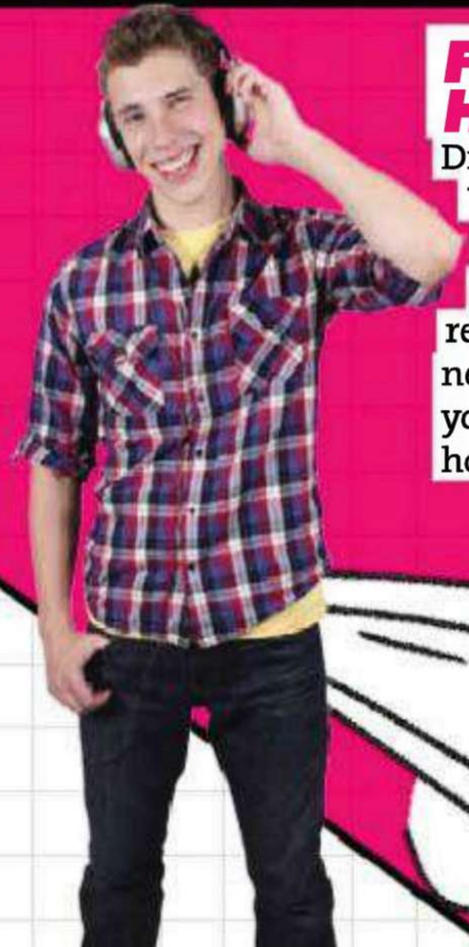

A mate of ours broke his hand while running to the toilet for a shit. It would be a lot better if it was because he'd punched 100 criminals.

THIS MONTH'S LOWS

PEOPLE TALKING UTTER BOLLOCKS

"Yeah, they had to change the name from Kentucky Fried Chicken to KFC because what they sell can't legally be called chicken." Oh fuck off, you full-of-shit bastard.

FARTING IN HEADPHONES

Did anyone hear that? Was that pump a little quiet one like you'd thought, or was it really really loud? Is everyone nearby going "Oof, you smelly bastard" and holding their noses?

NOT BEING ABLE TO COMPLAIN COS THE WAITRESS IS TOO SEXY

You want to complain that your lasagna's full of pubes, but she's such a nice lady, with such pretty hair, you leave an £8 tip instead.

FRONT'S GUIDE TO BROMANCE

JAMES AND MIKEY MALLORY KNOX

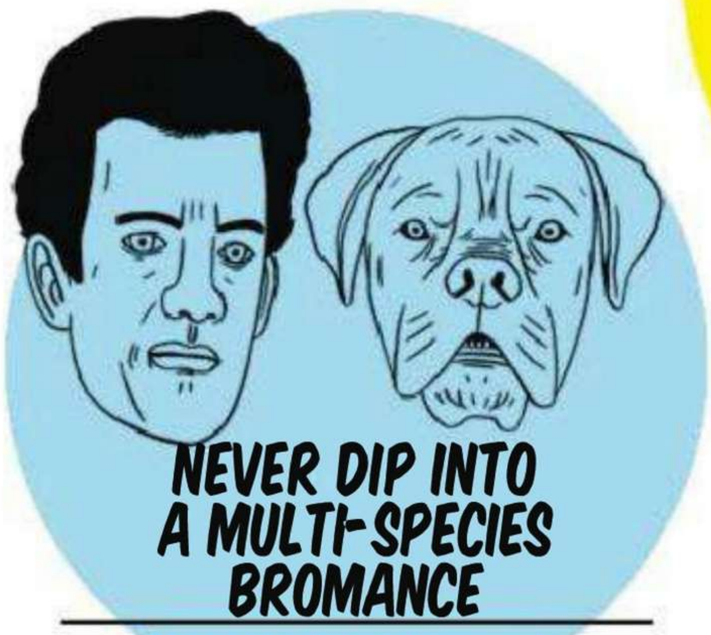

NO LONGER ARE BEZZIE MATES AFRAID TO MAN-HUG, LEAVE KISSES ON TEXTS AND FAKE-BUM IN PUBLIC. THIS IS THE GOLDEN AGE OF BROMANCE, AND FRONT HAS SCOURED POP CULTURE FOR ADVICE. SUCK IT UP, AND TAKE IT LIKE A MAN!

PHOTOGRAPHY: TOM BARNES **GROOMING:** BECKY RULE
STYLING: JAKE SHEPPARD **ILLUSTRATIONS:** JACK TEAGLE **EXPERT:** JUDI JAMES

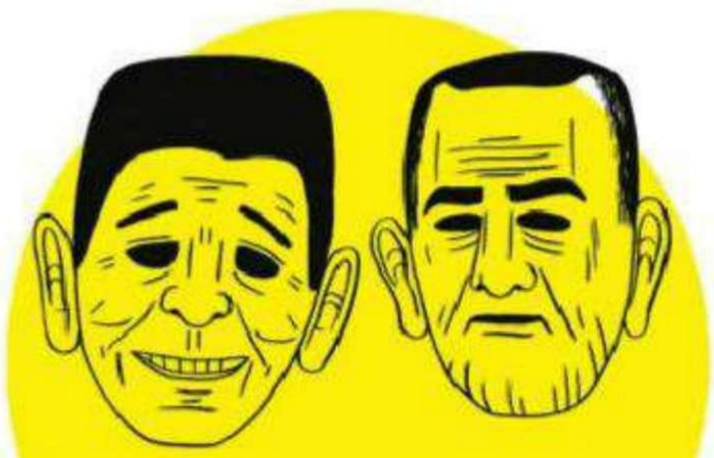

NEVER BUY YOUR BROMANCE STUPIDLY EXCESSIVE PRESENTS

CLASSIC EXAMPLE: Usher and Justin Bieber.
ACT OF BROMANCE: As well as making every man in the world look like an oaf on the dance floor, Usher knows how to stir up a frenzy of gay rumours. Pop shitbag Bieber got a fucking Range Rover off him for his 16th birthday.
WHISPERS YOU'LL HEAR FROM A GROUP OF LOVELIES: "He's bought him a what? He'll have a lot of bumming to do to repay that."
EXPERT SAYS: "This makes you threatening and competitive, forcing him to try and surpass your gift, which could be misconstrued as you trying to control his mind."

NEVER DIP INTO A MULTI-SPECIES BROMANCE

CLASSIC EXAMPLE: Turner and Hooch (Hooch is a dog).
ACT OF BROMANCE: Taking that common saying 'A Man's Best Friend' to the next level is a rookie mistake, son. A big rookie mistake. Yeah, so he'll play catch with you and lick your balls on demand, but dipping into different gene pools will only make you look like a bit of a wally. Okay, that's a lie. A fucking massive wrong 'un.
WHISPERS YOU'LL HEAR FROM A GROUP OF LOVELIES: "I'd rather be sick into my own eyes than see that bloke get his tongue licked by that dog again."
EXPERT SAYS: "Once you do this, it's no longer a bromance but something bordering on weird. A good bromance entails twinning, i.e. looking similar or evenly-matched in terms of attractiveness."

ALWAYS COORDINATE YOUR FANCY DRESS COSTUMES

CLASSIC EXAMPLE: Bodhi and co. from ace '80s flick Point Break.
ACT OF BROMANCE: Fancy dress parties can be a total arse, what with the effort you HAVE to put in and all the drinking you HAVE to do. But take a leaf out of surfin', bank-robbin', sky divin' flick Point Break's book. Dead American presidents running around the streets causing mayhem? That's minimal effort and cool as fuck.

NEVER GO ON A HOLIDAY SO LONG THAT PEOPLE ACTUALLY THINK YOU'VE BUMMED EACH OTHER TO DEATH

CLASSIC EXAMPLE: Frodo and Sam from Lord Of The Rings.
ACT OF BROMANCE: The pint-sized hairballs may have been off to save the world, but that didn't stop a host of bum-lover rumours circulating about exactly what 'ring' the two of them were planning on destroying. If you're off for a lengthy period with your bro, make sure you cram Facebook with mega manly holiday snaps, like pics of roundhousing kangaroos in the face, or felling whole trees with your teeth.
WHISPERS YOU'LL HEAR FROM A GROUP OF LOVELIES: "Hmm, surely that can't just be their sunburnt legs that are causing them to walk funny after their trip to Magaluf? I think not."
EXPERT SAYS: "Anything longer than a fortnight becomes a gap year or at least something more serious, meaning it moves from being fun holz times to being a voyage of discovery."

ROCKSTAR BROMANCES

MIKEY CHAPMAN, SINGER IN MALLORY KNOX

"I've been in a bromance with James [vocals and guitar] since primary school. Once, some guys were looking for a fight and he was their target. I went over and, using our combined powers of being very loud, James and I managed to scare 'em off. That's a tight bromance."

DAN BROWN, SINGER IN WE ARE THE OCEAN

"Whenever New Noise by Refused comes on in a club, me and Liam [other vocals and rhythm guitar] always manage to find each other and pour our drinks over our heads. It wouldn't be the same without him!"

PETER PHILLIPS, SINGER IN TELLISON

"We were invited to a magazine's birthday with a free bar a few years ago. Stephen [other singer] proceeded to quietly vomit in the middle of the floor, surrounded by various magazine types, musicians and models. I had to get him out of there pretty quick before anyone noticed. Ten minutes later, some other guy was chucked out for doing the same thing."

JOHN BAILLIE JUNIOR, SINGER IN DANANANANAYKROYD

"Calum [second singer] is great and all, but he absolutely refuses to eat anything other than egg and cress sandwiches with sparkling orange for lunch. It drives me mental every day."

BOBBY POOK, GUITAR IN ME VS HERO

"Never try to fuck your bro. I mean, sometimes on the road it gets hard. It gets lonely. But it's just not on, is it? At least if you're going to, don't make eye contact and it won't be gay."

WorldMags

ALWAYS FIND A BROMANCE WHO'S THE SAME INTELLECTUAL LEVEL AS YOU

CLASSIC EXAMPLE: Lloyd Christmas and Harry Dunne from Dumb and Dumber.

ACT OF BROMANCE: A bromance consisting of one boffin and one silly thick bastard will be as successful as a dildo made of margarine – look at Pinky and The Brain, those rodent pricks never get anything done. Then look at Lloyd and Harry from Dumb and Dumber, who have the shared IQ of an underused ball sack, but always go on amazing adventures together in a car that looks like a dog. When we grow up, we want to be just like those guys, they have so much fun.

WHISPERS YOU'LL HEAR FROM A GROUP OF LOVELIES: "Aw, neither of them know how to tie their shoelaces? That's sooo cute. We love them already."

EXPERT SAYS: "This makes your intellectual level credible to others, no matter how high or low, which is why Jedward works. Think of one Jedward out in the world on his own and you'll get it."

NEVER GET A BRO WHO ISN'T ACTUALLY REAL

CLASSIC EXAMPLE: Chuck and Wilson in Cast Away.

ACT OF BROMANCE: Of all the things you could do on an inhabited, hotter-than-Satan's-tits island, painting a face on a ball and talking to it all day isn't top of the list. Think of the uninterrupted nad-scratching, endless walking around in pants and outdoor wanking fun you could have!

WHISPERS YOU'LL HEAR FROM A GROUP OF LOVELIES: "He's fucking sick. Not in, like, a good way. Just mentally sick."

EXPERT SAYS: "This is psychologically dangerous. It means the only person you could ever bond with is yourself so you use this form of projection to create a virtual version of 'You', which is very worrying."

NEVER MURDER YOUR BROMANCE

CLASSIC EXAMPLE: Dexter Morgan and Miguel Prado in the third season of Dexter.

ACT OF BROMANCE: Hobbies are great to share with your bro as a way of bringing you closer together. A kickabout in the park or a bit of supermarket theft can be a laugh. Just make sure that, unlike Dexter, you refrain from chopping your mate up into Frazzle-sized pieces. It may cause an argument.

WHISPERS YOU'LL HEAR FROM A GROUP OF LOVELIES: "The white boiler suit covered in dollops of blood and chunks of flesh isn't really doing it for me at all."

EXPERT SAYS: "A bromance is packed full of very intense emotions, meaning hate can be as much part of the scenario as love. But however angry your bromance might make you, murder is an extreme response. You'll only wake up and regret it."

ROCKSTAR BROMANCES

LAWRENCE TAYLOR, SINGER IN WHILE SHE SLEEPS

"All the While She Sleeps boys are super tight, but our drummer, Savage, loves picking his nose and wiping it on people's backs. I hate that – it makes me gip every time."

GAVIN BUTLER, VOCALS IN THE BLACKOUT

"You've got to respect The Chuckle Brothers' bromance. They're a living incarnation of the phrase: "Bros before hoes". They've always got each other's back and they're great at passing things to each other."

FRONT'S GUIDE TO BROMANCE

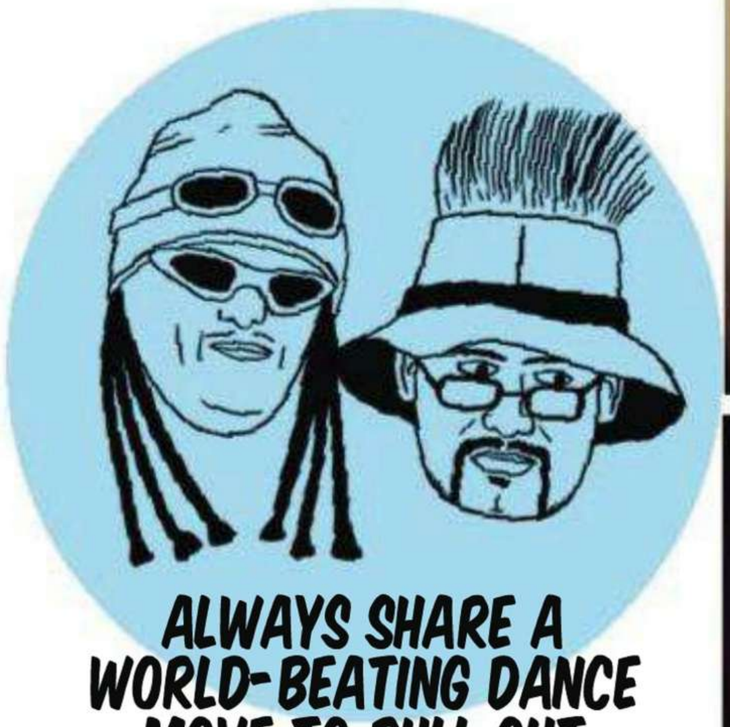

GAVIN & SEAN

THE BLACKOUT

ALWAYS COME AS A BOGOF PACKAGE TO EVERYTHING

CLASSIC EXAMPLE: Ant and Dec from everything ever on ITV.
ACT OF BROMANCE: For about three centuries now, Ant and Dec have been an inseparable force on Saturday night TV. Not through choice, though. The pair's massive foreheads each have their own gravitational pull, which forbids them from moving more than four feet away from one another and are too large to fit out the studio doors. Still, their wallets are almost as big as their faces, so we're not ones to judge, really.
WHISPERS YOU'LL HEAR FROM A GROUP OF LOVELIES: "We like a bargain, so let's go get two-for-one with this awesome pair."
EXPERT SAYS: "Arriving alone means dealing with that look of disappointment on people's faces. This leads to paranoia that your bro might be the popular one, which in turn, can lead to resentment and lethal cracks in your relationship."

ALWAYS SHARE A WORLD-BEATING DANCE MOVE TO PULL OUT THE BAG AT ANY GIVEN MOMENT

CLASSIC EXAMPLE: WWE's Scotty 2 Hotty and GrandMaster Sexay.
ACT OF BROMANCE: Everyone knows that the third-best way to diffuse an awkward situation, after pulling your pants down and public vomiting, is a synchronised dance display. This gives you both an excuse to be the centre of attention, and also provides an opportunity to show the women of the world your cock-thrusting skills (or floor-

WorldMags

shagging talents in the case of Scotty 2 Hotty's 'The Worm').
WHISPERS YOU'LL HEAR FROM A GROUP OF LOVELIES: "A coordinated shelfstack followed by the running man? These guys are perfect marriage material."
EXPERT SAYS: "This implies shared humour and like-minded attention-seeking, which are classic joys of bromance. A solo dance looks odd, but a double act adds that vital ingredient of irony that girls love."

NEVER GET YOUR BRO'S NAME TATTOOED ON YOUR COCK

CLASSIC EXAMPLE: Pritchard and Dainton from Dirty Sanchez.
ACT OF BROMANCE: What's gayer than getting your mate's name tattooed on your cock? Spending a day in a seedy club in Thailand, witnessing a bunch of willy-swinging ladyboys prance about around and on you AND THEN getting your bro's name tattooed on your cock. Bit of a laugh, until your mum sees it.
WHISPERS YOU'LL HEAR FROM A GROUP OF LOVELIES: "You'll never get anyone to sit on that ever again, you silly little man."
EXPERT SAYS: "Explaining the back story for this one in the bedroom will render all chances of spontaneous sex negligible for the rest of your life."

NEVER DO ACTIVITIES TOGETHER THAT ARE ALREADY CONSIDERED A BIT GAY

CLASSIC EXAMPLE: Maverick and Iceman from Top Gun.
ACT OF BROMANCE: Where the hell do we start with this one? Viewers are treated to a carnival of slightly fruity pastimes, including men's volleyball, blokes in the shower, fellas in leather on bikes, boys with silly nicknames and dudes hugging each other. We're game for a laugh, but all those in a short period of time? Even Alan Carr would be overwhelmed.
WHISPERS YOU'LL HEAR FROM A GROUP OF LOVELIES: "You can be my wing man any time. Only fucking kidding, mate! Now, go on, PISS OFF."
EXPERT SAYS: "No comment."

ALWAYS MAKE SURE YOUR BRO HAS A KILLER BEARD

CLASSIC EXAMPLE: Chewbacca and Han Solo in Star Wars.
ACT OF BROMANCE: Picture this: you're in a bar surrounded by lovely ladies, none of which are looking in your direction. What do you do? Get a fucking Chewbacca on the case, that's what. Science tells us that chicks dig beards this year, and soon the girls'll be flocking around you to touch his hairy face and pull your trousers off for being friends with him. Job done.
WHISPERS YOU'LL HEAR FROM A GROUP OF LOVELIES: "Oh my days, look how hairy that dude is. Now look at the Wookiee! MEGALOLZ."
EXPERT SAYS: "This makes you an Alpha male by proxy. Han Solo would've looked far less macho had his sidekick been clean-shaven."

WILL MY MATE BUM ME?

TAKE FRONT'S SCIENCE-APPROVED QUESTIONNAIRE TO FIND OUT HOW FRIENDLY YOUR BROMANCE HAS REALLY BECOME...

THE LAST TIME YOU STAYED AT YOUR MATE'S HOUSE, WHERE DID YOU SLEEP?

A: In his sister's bed. WHEEEY!
B: I crashed out on the sofa pissed out of my face after a heavy night. My mate had put a blanket over me and a bin next to my head in case I was sick.
C: My mate told me there was a snake in his bed and needed me to spoon him so that we were both too large for it to swallow.

HAVE YOU AND YOUR MATE EVER ENDED UP NAKED IN A PUBLIC PLACE?

A: No way, that's totes fruity.
B: Most weekends we drop our kecks in the middle of the dance floor. It's fucking funny, but the security guards don't get it.
C: I once woke up trouserless in the back of a car he was driving. I've no idea how I got there.

DOES YOUR MATE CALL YOU BY ANY KIND OF NICKNAME?

A: Sometimes I get 'Oi, dick-bag', but usually he grabs my attention by giving me a dead arm.
B: Yeah. Anything from 'love' to 'hun', with 'babez' chucked in there now and again.
C: Yep, he's always calling me by his ex girlfriends name. Is that weird?

WHEN YOU MEET UP, HOW DO YOU TYPICALLY GREET EACH OTHER?

A: An intricate yet super-manly handshake/high-five/knuckle bump combo.
B: A man-hug that maybe lasts a little too long.
C: Trousers down, willies out and a thirty-second pork swordfight.

WHAT'S YOUR MATE'S FACEBOOK PROFILE PIC RIGHT NOW?

A: Him being sick into a postbox in Hull.
B: The two of us at a gig – I'm on his shoulders.
C: A holiday snap of him hugging his bikini-clad missus, only he's photoshopped my face over the top of hers.

ANSWERS

MOSTLY A: Call off the dogs, because you've got your mate's intentions all wrong. He just wants to go out for a pint, not kiss you. Phew!
MOSTLY B: You're right to raise a concern, but you're not the next Elton and David Furnish just yet. Watch out for drunken kisses, mind.
MOSTLY C: Take the sim card out of your phone and move house. Your mate wants to work his way into the back of your pants.

AHOY, IT'S ROSIE JONES

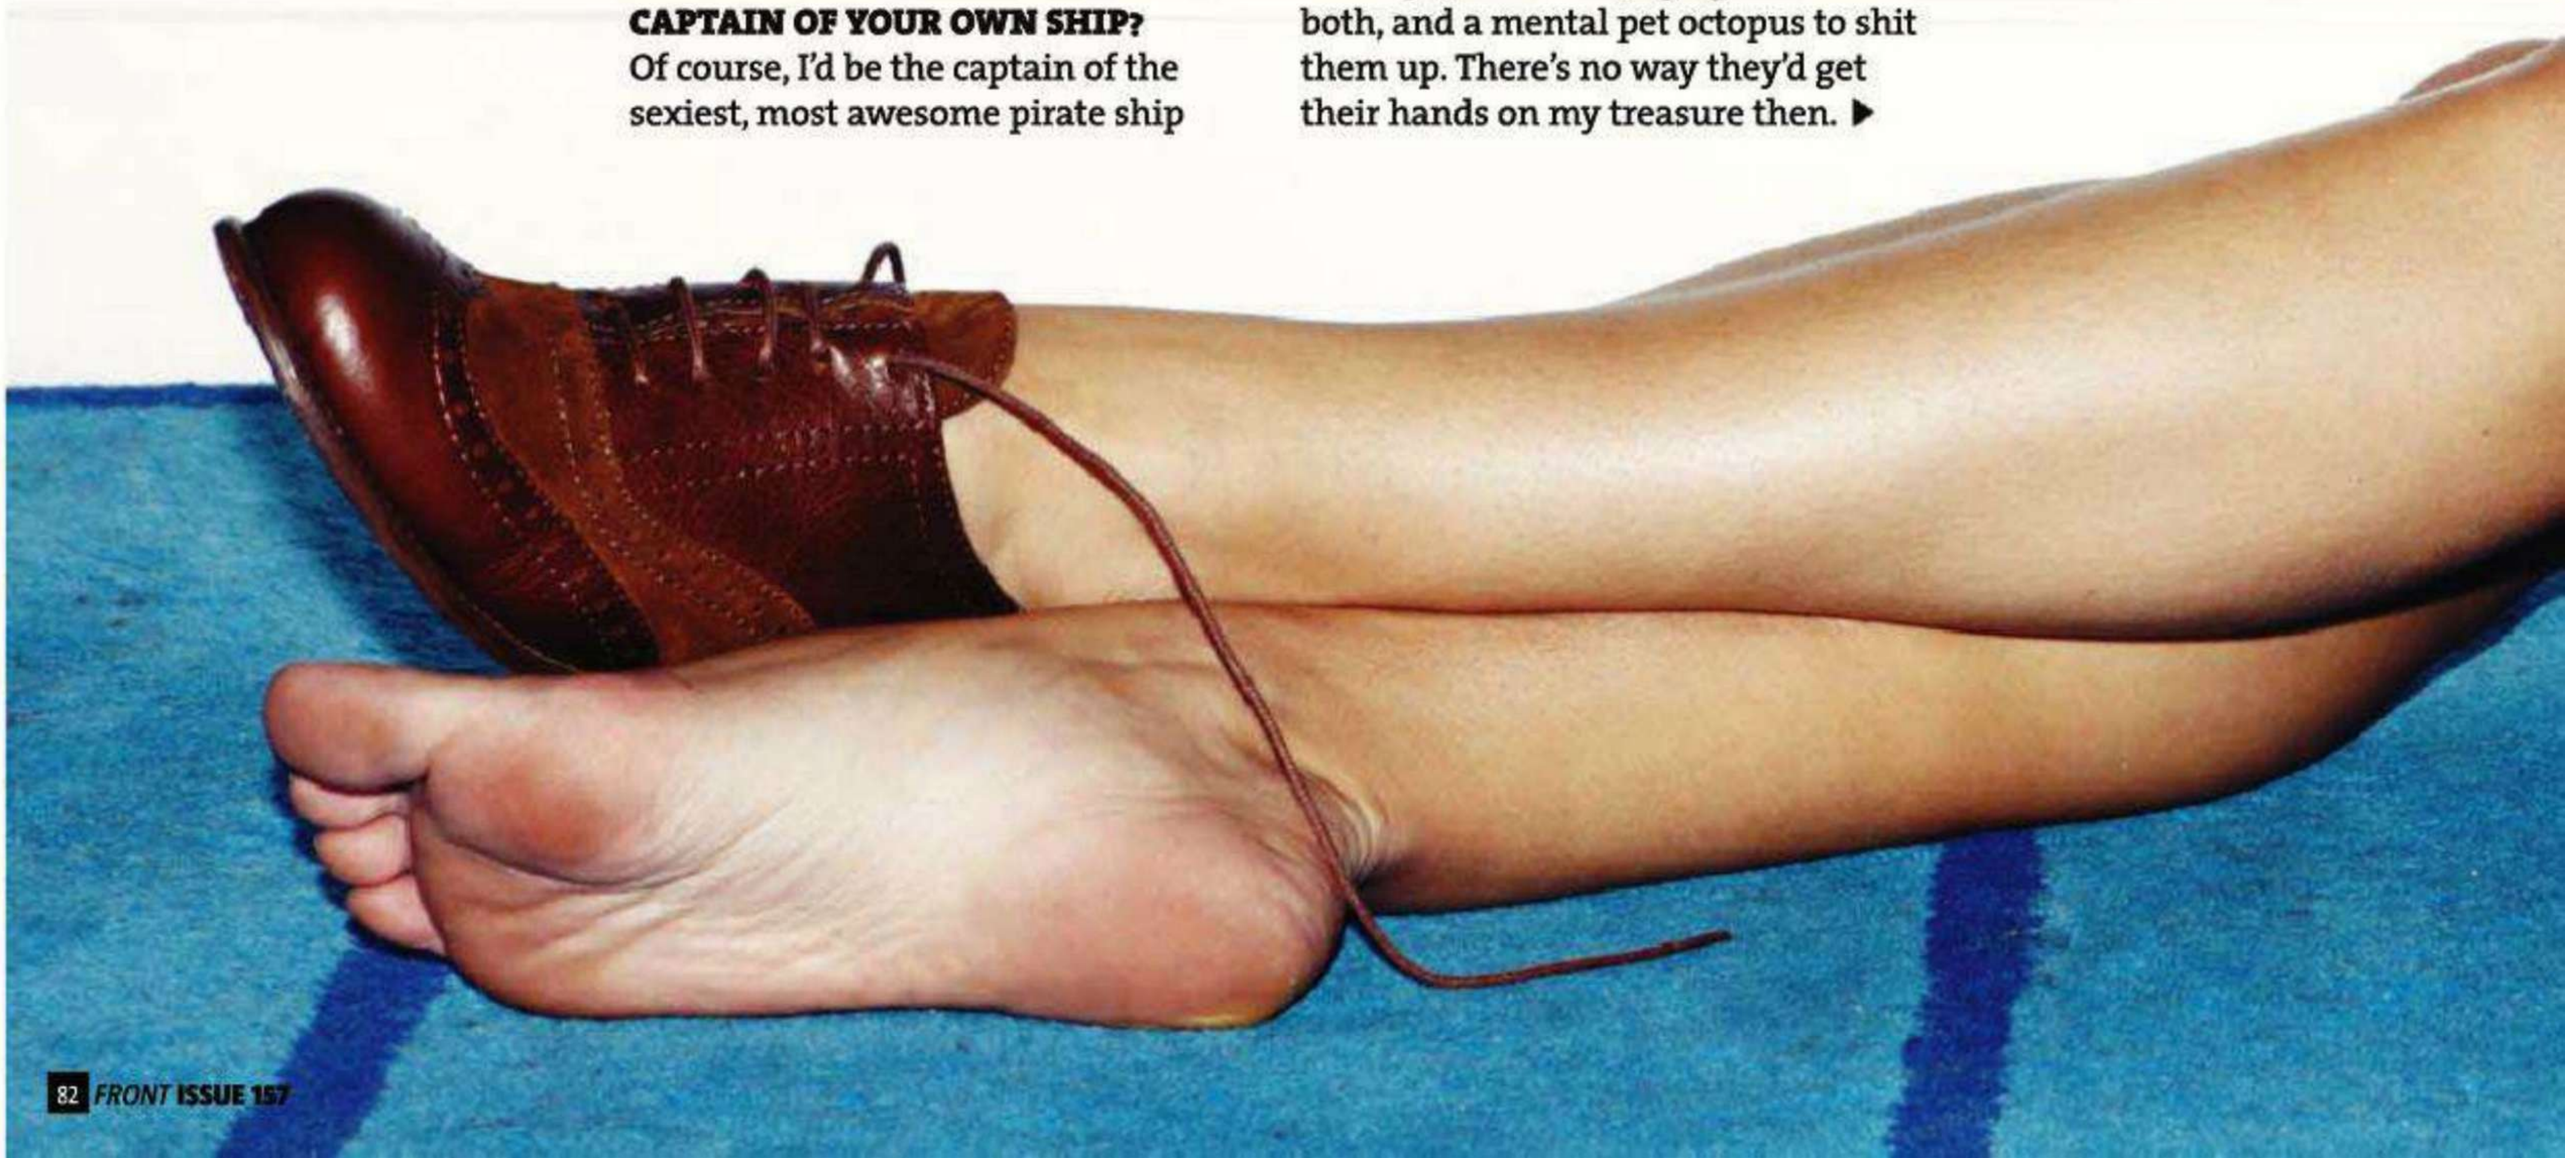

ALL HANDS ON DECK YOU SMELLY PIRATES, BECAUSE THE NEXT 16 PAGES OF ROSIE JONES WILL HAVE YOU SETTING SAIL FOR THE ISLE OF BONER IN NO TIME AT ALL

PHOTOGRAPHY: ZOE McCONNELL
STYLING: HAYLEY FORESTER **HAIR & MAKEUP:** BECKY RULE

AHOY ROSIE JONES, HOW'S LIFE?
Life's really good at the moment, thank you! I'm loving this shoot, although I am now covered in cider after spraying it all over the place. Luckily I wasn't wearing any of these sexy nautical clothes at the time, so I didn't ruin anything.

IS THIS THE TYPE OF GET-UP YOU'D BE WEARING IF YOU WERE THE CAPTAIN OF YOUR OWN SHIP?
Of course, I'd be the captain of the sexiest, most awesome pirate ship ever! I'd get all my model friends on board, and order them to be naked all the time. We'd have to be pretty bad-ass though. All the other crews would want to hijack our boat parties, but we'd be hard enough to sort them out.

EVEN THOSE BASTARD SOMALIAN PIRATES?
They're not real pirates. They don't have eyepatches or peglegs. I'd have both, and a mental pet octopus to shit them up. There's no way they'd get their hands on my treasure then. ▶

WHAT WOULD GO INTO YOUR TREASURE CHEST, AND WHERE WOULD YOU BURY IT?

I never understood why pirates bury their treasure. That's a stupid idea, especially as I'd most likely forget where I put it. I'd like to make people do a massive treasure hunt, though. I'd draw a map to stacks of naked pictures of me and make people search for them. Maybe at the bottom of the sea, just to make it extra hard. I'm a little scared of deep seas, though.

SHIT, THAT'S NOT A GOOD QUALITY IN A PIRATE.

I know, that's my one failing. I can only hold my breath for about five seconds so I can't dive underwater for very long. I think I have the world's smallest lungs. Pirates must be shit at swimming if they have ▶

wooden peglegs, anyway. I'd need to be a mermaid or something to dive down into the sea.

WHICH WAY ROUND WOULD YOU BE, THOUGH? FISH HEAD AND HUMAN LEGS, OR HUMAN HEAD AND FISH LEGS?

Nobody in the world ever would choose a fish head with human legs. You'd be a fucking useless mermaid, then. Nope, I'd have a human top half and fish tail. That way, I'd swim like a champ and get to keep my boobs, too.

WE LIKE YOUR THINKING THERE. HAVE YOU EVER BEEN ON A BOAT BEFORE?

Of course I have. When I went to Magaluf I did a booze cruise, where everyone takes a boat for the day and gets ruined. I was force-fed vodka in the middle of the sea. That was pretty bad, but I could blame my drunken stumbling around on the rocking sea. ▶

WorldMags

QUICK FIRE Rosie

PORT OR STARBOARD? Port. My nan drinks that stuff.

CROW'S NEST OR CROW'S FEET? Crow's nest, obviously.

PLUNDER OR CHUNDER? Chunder!

MEN WITH MUSSELS OR MEN WITH CRABS? Er, mussels?

HOLY SHIP OR FUCKING HELM? Ha, holy ship.

PARROTS OR CARROTS? I'd love to have a parrot.

SALT WATER OR FRESH WATER? Salt water.

WOODEN LEG OR EYEPATCH? Oh man, definitely an eyepatch.

CAPTAIN OR CABIN BOY? I'd choose the cabin boy.

WorldMags

YEP, WE'VE USED THAT EXCUSE BEFORE. DOESN'T WORK AS WELL IN THE PUB, THOUGH. ARE YOU OFF ANYWHERE THIS SUMMER?
I'm off to Ibiza in a few days which I'm looking forward to. I do miss England when I go away, though. I miss out on killer garden parties, but I suppose laying on the beach all day is a good alternative.
WHAT SHOULD WE EXPECT FROM A ROSIE JONES GARDEN PARTY?
You've got to have a massive barbecue and plenty of booze. I think Kopparberg is amazing at the moment. I'd have a load of that on ice so that everyone got nicely wasted. That way, nobody would mind getting naked. Nudity is the sign of a really good garden party, I reckon.

NOT IF WE'RE INVITED, TRUST US. IF YOU HAD A SWIMMING POOL IN THE GARDEN, WHAT SHAPE WOULD IT BE?

A heart shape. Actually, that sounds really gay. Maybe a big willy shape? It would be a good conversation starter, I think. I wouldn't want it detailed or anything. How amazing would it be if I filled it with cider, though? You could swim with your mouth open and get smashed!

ER, YOU WOULDN'T WANT TO DO THAT AT OUR LOCAL POOL. ANY OTHER WORLD-BEATING SUMMER PLANS?

I want to do a festival properly this year. I think the whole wellies-and-hotpants look is sexy as hell. I'd make sure I'd take the cider-spraying skills I learnt today along with me, and get everyone soaked. It's gonna be a brilliant summer! **FRONT**

YOUR NO-MESSIN', FLAME-GRILLIN'
A-Z GUIDE: WHAT TO COOK! WHO TO INVITE!
HOW TO GET THE MOST OUT OF THE BASTARDS!

ILLUSTRATIONS: DAN FLIP

ALTERNATIVE FIRE-LIGHTING METHODS

Method 1

Ensure you eat a can of all-day breakfast the night before. Perch your buttocks over the grill and waft a big fart on to it as a mate holds a lighter.

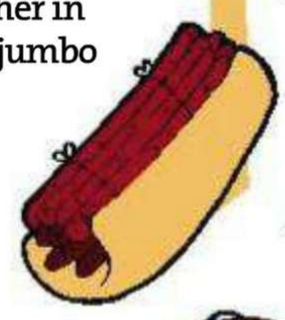

Method 2

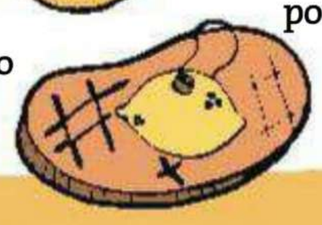

Tie each sausage to an illegal Chinese firework and set it off. Ensure a friend is waiting at the opposite end of the garden with a hot dog bun and some brown sauce.

B BP COOKOUT

It's a ball-meltingly hot Sunday evening – time to whack out the griddle. But Morrisons closed at four! Fear not, the local petrol forecourt is perfect for preparing a makeshift feast. You will need:

- Birthday cards (for kindling).
- Large plastic bottle of petrol to hurry shit up.
- 30 Peperamis, tied together in bundles of three to make jumbo hot dogs.
- A bunch of flowers (for the vegetarians).
- A lemon air freshener, to give the chicken that Nando's flavour .
- A copy of Fiesta in case no girls show up.

C CONDIMENT HILL

When you said bring a bottle, you meant: "Bring so much gin that I'll be drunk for a week and not allowed within five yards of a naked flame". Instead, every fucker brought all the sauces known to man. But which should you lump for? Use this saucy cut-out'n'keep guide to spice up your decision-making process.

BBQ BORE: Just a slither of tomato ketchup.

CARDIAC COCKTAIL: Mix together far too much of every single sauce.

PROTEIN PURITAN: Nothing for you today, it's all about the MEAT.

ANAL APOCALYPSE: Only consume the hottest sauces there, and do a shot of Tabasco for good measure.

OUT-OF-THE-BOX THINKER: Mix mustard and ice-cream.

GERMAN FLAG: Go for ketchup, mayonnaise, mustard and barbecue sauce before realising you don't know what the German flag looks like.

D DICKHEAD DAD

You begged him to stay away, but he's gone and whipped out the novelty apron with the muff on it, the wacky prick! To escape, either tell him there's a sale on at Focus DIY, that James May is presenting an award at a local train museum, or that ITV3 is showing back-to-back episodes of Hornblower.

E E. COLI

Whilst off-putting to many, attracting E. Coli is actually a sign that your barbecue is going well! Government guidelines state that if a sausage takes more than three minutes to cook, people will assume you're a dull twat. We left a message with the Food Standards Agency to check this and didn't hear anything back, so we assume it's all sweet.

F FOODIE FUN-RUINER

You can always rely on some Jamie Oliver bummer to insist on doing things "properly" with "ingredients", the killjoy cock. But what sort of foodie are you dealing with?

SEASONING SHITHEAD

LIKELY TO SAY: "A barbie next Thursday? You should have warned me. I'm going to need to marinade that chicken in fenugreek seeds for a month, y'know."

BLUMENTHAL BASTARD

LIKELY TO SAY: "Hey, you know what would make this sausage really groovy? Some Green And Blacks peppermint chocolate!"

SALAD CUNT

LIKELY TO SAY: "Are there any new potatoes to go with these ribs?"

G GAY FOOD

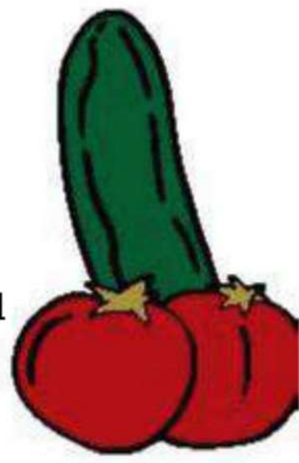

Whilst you're happy to drink a steak milkshake at the average grill-off, it may shock you to know that some people will opt for a non-meat option. Learn these words to avoid any faux-pas.

'CUCUMBER' The cucumber (Cucumis sativus) is a widely cultivated plant belonging to the gourd family.

'TOMATO' The tomato is a savoury edible fruit, most typically red.

'BREAD' Bread is a staple food prepared by cooking dough. It is not made of meat.

'HOUMOUS' Houmous is the Palestinian Islamic political party that governs the Gaza Strip.

H HUNGRY DOGS

Keep an eye out for these ravenous little pricks, as they'll whip away your string of sausages in a flash.

I I HATE MY LIFE BBQ

You emailed everyone you know this morning with the best intentions: a flame-grilled feast with nine kinds of meat, so impressive that the Mayor'll come round to have his picture taken. Then you remembered that you have no garden, barbecue, money or food, and only a bottle of Frosty Jack's Cider. There's only one way this is going.

J JOKE APRON

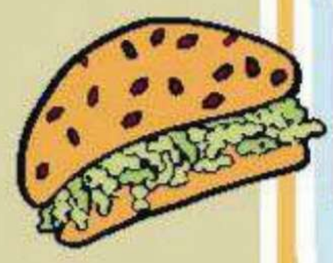

WorldMags

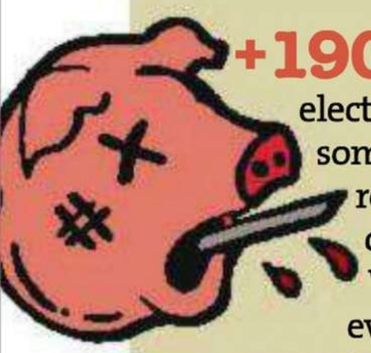

KEEPING TABS

Is your barbecue a delicious, flame-grilled triumph or a damp, stomach-churning fart in the wind? Use our scorecard to see if it's a success or a shitfest...

+110 George Foreman's car breaks down outside your garden and he has to wait four hours while the RAC fix it. His expert grilling skills and numerous boxing anecdotes make your shindig a rip-roaring success.

-50 The SupaSava burgers you scrimped on appear to be walking. Upon closer inspection, it's because they're made of maggots. The council issues you a shameful one-star health rating and no one visits again.

+190 A local pig accidentally electrocutes himself and then somehow gets stuck on a rotating spit that some clot left by your barbecue. Within five short hours, everyone's enjoying an unexpected but delicious hogroast.

-100 Despite the weather saying it will be so hot you can fry an egg on the floor, it shits it down with the heaviest rainfall since records began. You and the four guests who came anyway eat Doritos, taking it in turns to sniff matches and rub charcoal on each others naked bodies. Fail.

MEAT MUSIC

No BBQ worth its burnt-to-buggery buggers is worth going to unless you have a suitable playlist...

1. FRYIN' MAIDEN
2. YOU MEAT SIX
3. THE BURGER KING BLUES
4. TRASH PORK
5. MADINA STEAK
6. ANDREW BK
7. HAMMSTEIN
8. VEAL PANTHER
9. PJORK
10. DEAF SHEPPARD'S PIE

NOXIOUS NON-COOKABLE ITEM

Some prick will inevitably ruin everyone's fun by grilling something they're not supposed to. Should that prick happen to be you, here's the scale of nastiness:

OVEN

UNDER NO CIRCUMSTANCES MUST YOU LET ANYONE USE THE INDOOR OVEN, EVER. Celebrity chefs say that it's best to cook chicken and shit in the oven first, but celebrity chefs also tell people to use sharp knives and not to eat eggs that have gone off. Bullshit, we tell you.

QUICK, EVERYONE FUCK OFF!

There will come a point at every social function when, and there's no polite way of putting this, you need everyone to fuck off out of your fucking face. Here are three tried and tested ways to end a barbie:

PISS OFF!

Just do a great big, elaborate piss onto the BBQ. This will extinguish the flames and stop any would-be fatty from half-inching the last of the chicken wings!

PACK UP!

Simply, but violently, pretend you're doing the classic 'whip the table cloth off' trick, but just turf over the whole table, leaving women and child guests screaming!

BLACK UP!

Charcoal is VERY handy for this. Within minutes, you'll have emptied the party, had everyone unfriend you on Facebook, and received a serious court summons!

LADIES

Do you smell fire and expiring meat? That's the smell of chargrilled love. Use these tried-and-tested* BBQ-themed chat up lines on your lady guests. Instant results GUARANTEED**.

- "I've got some meat in my trousers that needs marinating, if you know what I mean, sweet-cheeks, eh? Eh?"
- "Is that Nando's peri peri mayo on my groin, or did I just ejaculate myself rotten after seeing you?"
- "If that Calor gas bottle is as faulty as I think, we could all DIE here today. What say we make the most of our final moments on Earth?"

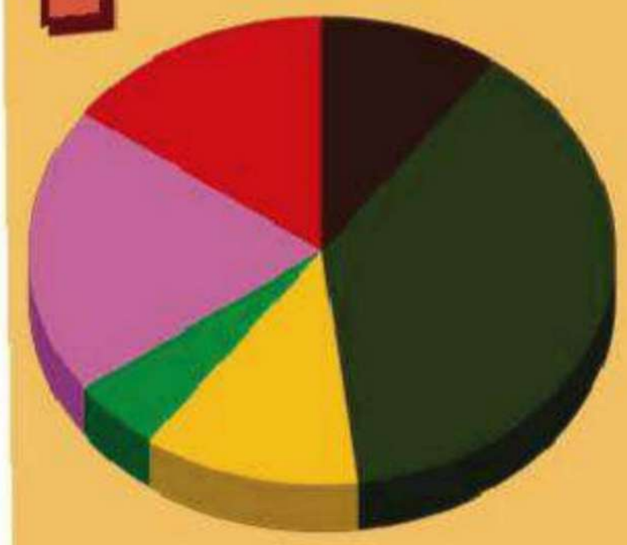

*not really

**absolutely not

POO

BBQs are full of pooers all shapes, sizes and smells. Look around at your guests: chances are they will fit into one of these categories:

10% RECTUM SPLITTER
They've eaten too much steak-flavoured steak, and now they'll need gas and air if there's any hope of getting that turd out.

38% SHITS-A-GEDDON
The secret ingredient at any BBQ is British Standard Diarrhoea. Look out for depleting Andrex supplies to determine whether it's been a success.

12% EGGIOUS-FARTIOUS
They're too embarrassed to use the loo at your mum's so they'll relieve a semi-regular but potent gust of wind (that they pray won't become rain).

5% PANT POOER
Be it a full-blown cascade or just an over-excited Malteser in the pants, this'll happen to at least some of your guests.

20% NON-POOERS
People who can't poo, or girls in general.

15% PISSY PLOP
For when the industrial E. Coli you've given everyone means that they start weeing out of their bum and pooing out of their willy. Call NHS Direct.

RIVAL BARBIE

Just as you've gotten the whiff of a hot charcoal, the shitheads next door have their Harvester-standard soirée in full swing. Here's how to match their poshness:

THEY HAVE	YOU HAVE
Duchy Originals sausages from John Lewis, and matured-for-28-days Aberdeen Angus beef.	Sausages bought off two dodgy guys on the market called John and Lewis. That kebab you're going to reheat's been out 28 days.
Local dignitaries, rugby players, Pippa Middleton, a celebrity chef and the village priest attending.	A model railway, mannequins and a cardboard cutout of Michael Jordan. Just like in Home Alone!
The GasMaster 9000 complete with mobile slaughterhouse, egg poacher, and unlimited Calor gas.	Everyone's Lynx Africa cans masking-taped into one and set on fire.

T TROUBLE-SHOOTING

Common BBQ pitfalls and their solutions:

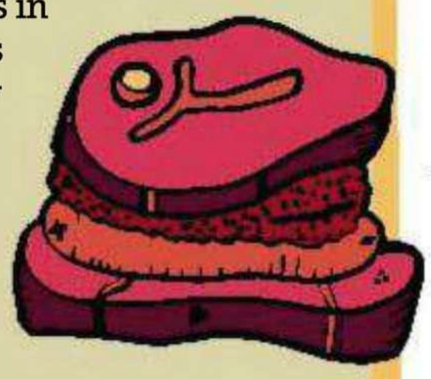

THE FOOD ISN'T COOKING QUICK ENOUGH

Pour a load of sambuca over it. You'll have an inferno in no time, and you'll get everyone doubly wasted.

WE'VE RUN OUT OF BREAD

You know what makes a good bread substitute? More meat. Simply wrap your sausages in steaks, and put your burgers in between chunks of lamb. It really is very self-explanatory.

MY GUESTS AREN'T HAVING FUN

Slide some narcotics under the halloumi and watch in wonder as everyone gets high as a kite. It'll be just like that scene in Anchorman with the unicorn!

I HAVE NO BARBECUE, NO ABILITY TO COOK FOOD, NO FRIENDS AND NO GARDEN. AND IT'S RAINING.

Go to Burger King, dude. And, are you okay?

V VEGETARIANS

Grillers beware: some of your guests will be adverse to the delicious charms of meat. Being able to accommodate for the herbivores among us will set your barbie apart from the rest, so ensure you've stocked up on cress for your veggie guests. It's all they eat, cress. They'll bloody love you for it.

W WORLD FOOD

Dazzle your guests with your international culinary know-how by inviting the world to your grill. Don't have access to proper ingredients? No bother, just use these household items to spice shit up:

LE POULET DE FRANÇAIS

Squeeze old-ass Domino's garlic mayonnaise on your chicken thighs before grilling for added ooh-la-la. Continue the French theme by not washing your body for a few days!

SOUTH WEST SEAFOOD SURPRISE

Crunch up prawn cocktail Walkers crisps onto some value burgers. You'll have guests assuming that Rick Stein has been sleeping with your mum in no time!

REGGAE REGGAE CHICKEN

Simply develop the idea for a fruity/spicy ketchup, and post it to a group of successful television entrepreneurs around a year before your party. If all goes to plan, they'll send you the finished product and £100,000 within a few months!

X XCESS BREAD

You have enough left over to put Warburtons out of business – but don't throw the doughy goodness away! Here are three ways to utilise unwanted bread items:

COMMIT CRIME

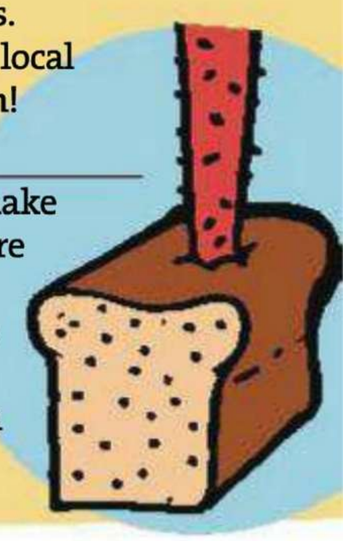

Shoving hot dog rolls on your fingers is a cheap alternative to leather gloves, plus you can eat the evidence after the delicious felony has been committed.

MATE IN A STATE

Some knob always falls asleep at a BBQ. Smother unused bread slices in ketchup or marge and clad the bastard in doughy goodness. Oh, how you'll laugh as the local seagulls give him ringworm!

SHOES

Hollowed-out oval loaves make excellent value Crocs. They're comfier, will smell better, and you'll actually look like less of a bellend wearing bread on your feet than you will proper Crocs.

Y YOU BASTARD

As well as flies, stomach cramps and local drunks, barbecues are also notorious for attracting cheapskates and freeloaders. Look out for:

- Guests arriving with budget-brand burgers and then helping themselves to premium meats.
- People bringing bottles of crap pop and then drinking your Coke.
- Homeless people wearing masks of your friends' faces.
- Guests leaving with stuff they didn't bring, i.e. uneaten bread, bottles of wine, jewels, your mum etc.

ZZZZZ

When the day is done, the fire has died down, and you've had an epic shit, you'll be ready for your meat coma. Keep a flannel by the side for meat sweats, and a bucket of leftover pork for the middle of the night (in case you can squeeze just... one... more... bit in).

U UR MENTAL LOL!

It's advisable to put on some light entertainment for your guests to fill the three long hours it will inevitably take to cook some bad chicken and blacken a sausage. The more extreme, the better, so try out these Jackass-styley stunts:

CHARCOAL TWISTER

Get a Twister mat, but replace the red dots with hot charcoals and the green ones with raw, semi-rotten chicken. Third-degree burns, first-degree fun!

EXTREME SAUNA

Challenge your guests to stick their head above the smoky cooking pit. The guest who can last the longest gets the first sausage. Anyone who refuses to participate goes hungry, no matter how much they protest about "asthma".

WALKING ON HOT COALS

Whilst preparing your barbecue, lay a gauntlet of coals around the perimeter of the grill. This will put an added element of excitement into the day, and will stop gluttonous guests from consuming more than their fair share.

YOUNG LEGIONNAIRE: HOW'D THIS ALL HAPPEN THEN?

PAUL: A while back, my old band Yourcodenameis:milo did a collaboration project and Gordon came up and did a track. Afterwards we always said we should do something, but it took about six years of e-mails. We thought it'd work as a band, and it did, and now we're here.

HOW DID WICHITA GET INVOLVED?

GORDON: I guess that's my connection. Bloc Party were on Wichita Records for five or six years, and they're quite a small label. It's not one of these huge faceless ones – they have a personal relationship with all of you. I always said to Mark there that as soon as I had something new, I'd approach him with it. I didn't have another list of labels I wanted to approach.

HOW WERE LES SAVY FAV TO TOUR WITH?

P: Oh God, it was excellent. I've loved that band for ages.

DEAN: I wasn't into them at all beforehand, then I heard them play live...

G: Without wanting to sound like a stupid fanboy, it was just a pleasure to be that close to them for a week. I mean playing, rather than in a cuddling way. Just to see their show every night was amazing.

DOESN'T SEEING THE SAME GIG EVERY NIGHT GET A BIT SAMEY?

P: Usually when you come off tour with a band, you just stop listening to them – you even stop listening to your own songs because you've been with them for so long – but we were still playing their record all the time. At the start I was quite scared – they've been going for like 15 years, and they're the godfathers of post-punk, so you'd think people would be standoffish towards this new band showing up.

G: Liverpool especially was great.

P: I was standing at the back watching at the Liverpool show, and when Tim went into the crowd he clocked me straight away. He was licking my nipple and kissing my face, and I had to try and sing something, and I couldn't, and I was just left with sweat on me and feeling slightly confused.

IS THERE AN END GOAL? LIKE A "BY 2016 WE'LL BE DOING THIS" SORT OF PLAN?

P: For me, it was always quite simple ambitions – I wanted to play one gig, and then I wanted to go on tour, and then it was a single, and now we ▶

think it would be nice to have a record in shops. It's quite an old-fashioned idea: people don't buy records in shops anymore.

G: Records? Shops? What are these shops you speak of?

P: We got the finished album artwork in the post the other day. It's a special thing – it took a while but we got there, and now it's full on.

FROM BEING IN OTHER BANDS BEFORE, IS THERE ANYTHING YOU'RE DOING SPECIFICALLY DIFFERENTLY THIS TIME AROUND?

P: I'm just playing and seeing what happens, which you do in every band.

G: That's quite a new idea for me, with my background. I had written, not exactly to a blueprint, but more to a framework. Probably the main difference for me is that there is no rule particularly, just what sounds good, what feels good.

P: You've got to be on it, you can't hide behind it. As a bass player or a drummer, you can never hide behind anything, whereas if you play guitar... We talked about being a four-piece, because I'd written music for two guitars, then we decided it was hard enough work to co-ordinate with two other instruments, let alone three.

THREE SEEMS EASIER FOR VOTES AND FIGHTS AND STUFF TOO.

P: Also, it'd mess up the group symmetry on stage, as there would be one guy always having to stand off to the side.

G: I've always played stage left, which is at the right hand as you look at it. In a three piece, because Paul's left-handed and I'm right-handed, we're symmetrical. Basically we're trying to frame Dean in the best way possible.

OUR MINDS ARE BLOWN – WE'VE NEVER THOUGHT ABOUT SYMMETRY IN BANDS.

G: We were thinking of having a gazebo effect, attached to the necks of the guitar. That'd be good, wouldn't it?

P: A left-handed guitar is a rarity, so whenever I see one, I get it. Kurt Cobain was left-handed, and he had a right-handed guitar, so he would have been stage left. I can't think of a band with only two at the front where there's one left-hander. Can we put a plea out to your readers? Also, how many bands are there with multiple guitarists, where more than two people are left-handed? There's still time to find out. **FRONT**

You may have seen Harry as a contributor to our Sex In 2011 feature back in issue 153, where he said he'd been with "millions of girls from all over the world"

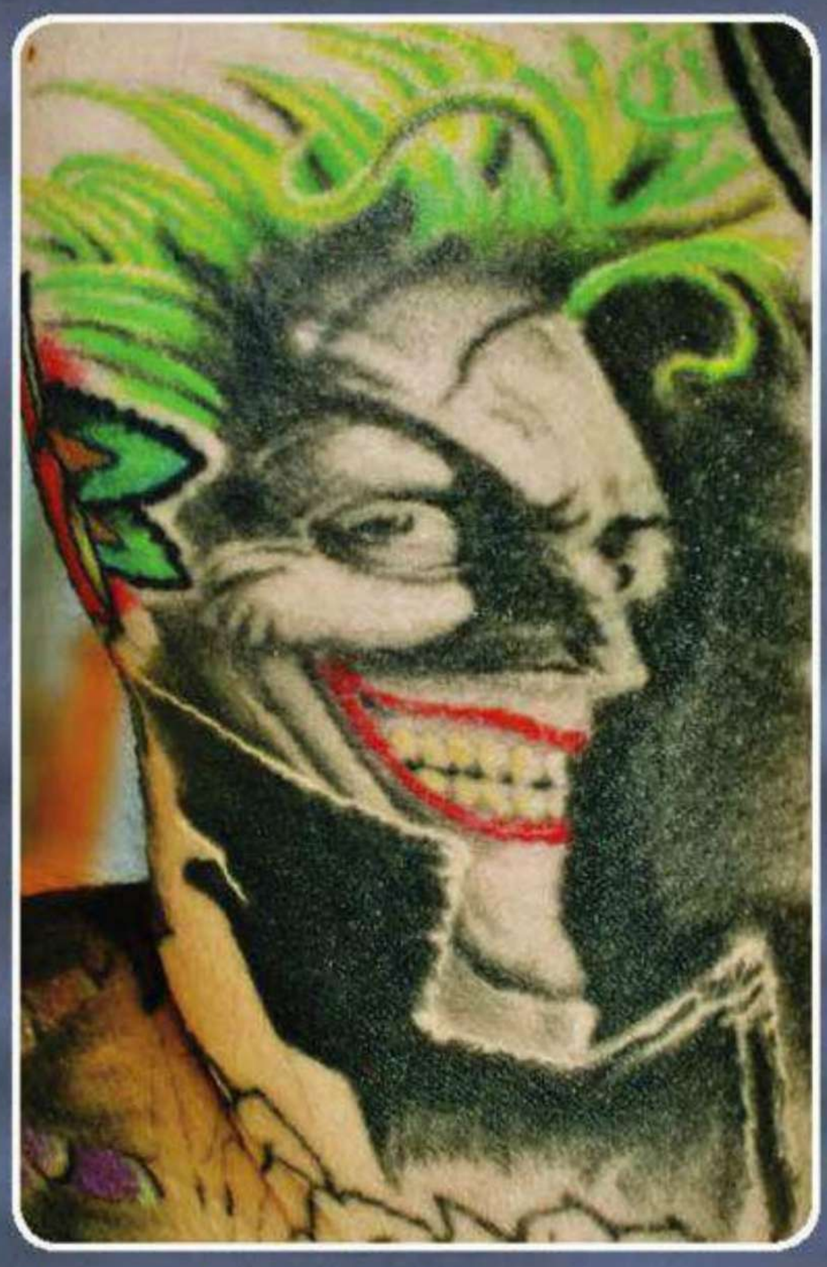

NECK ON THE LINE

My mum pretends she isn't sure about this heart on my neck, but I think she secretly likes it. When I look in the mirror it reminds me to follow my heart to achieve whatever I want. This attracts the most attention of all my work. Old people hate it whereas girls love it.

BONES BRIGADE

I wanted the whole of my left sleeve to be full of skulls and really black – they're sick. I have about 12 in all. It definitely attracted some attention, especially seeing as I had this at 18 and nobody my age had anything that big. In a couple of weeks I'm getting my hand and knuckles done, which I'm really excited to do.

JOKER'S ON YOU

The Joker kinda came out of nowhere. I just decided that's what I wanted, saw Tony at Dabs and was stoked when he said he was into it. I really like the green hair.

UNDEAD FITTY

This was my first tattoo outside the UK. I fucking love her, more than any chick that comes along in my life! Unfortunately, when I'm BMXing my elbows take a scuffing, so she gets a beating.

I LOVE FURRY PITS

Why do I find that girls with hairy pits give me an erection big enough to put up a massive tent?

Jamie, Munich

Because you're clearly a massive cock-forager, who forages for cock in poverty-stricken bars and cut-price supermarkets. I notice that you're currently living in Germany, which explains both the urge for sausage and hairy girls. So you couldn't be in a better place. Get out there and wet your willy, you twisted douchebag.

FISHY FUN

I love the smell of fish. Any tips on catching a bird that's more on the fishy end of the spectrum?

Bertie, Grimsby

Bit much, but fuck it – I like doing boys in the wrong'un with my taxidermy badger paw, so each to their own. You can't usually judge a girl's scent from her look alone, however, grungy types with pit hair and dreads tend to STINK, as do I after a three-day bender, so anywhere a bit hippy or ravey would do it. Or, you could try introducing actual fish into your sex sessions. It's not conventional, but no girl is going to complain if you suddenly bring out a stinky kipper as a sex aid. Well, not the type of mangy dead-beat types that'd sleep with you, Bertie. Much love.

I GOTS A RASH

After a quality pissup with the lads, I met this fairly fit girl. Got her back to my place, and then, after a bit of tongue action, she gave me a foot job, for some reason. Now I've got some weird smelly rash on my knob. Any tips?

Mark, London

I like giving foot jobs because I've got really long toes – in fact, my second toe is longer than my little finger, which really helps when maneuvering foreskin. If I were you, I'd full-blown avoid feet for a while. Your dick might be allergic to the sweat on the sole of the girl's foot, which can lead to blindness. The way to stop the rash spreading might be to have your knob surgically removed. Not the best news, but hey, it could be worse. Okay, maybe not.

MY MATE'S MISSUS

Von, every time I give the ol' twanger a jerkin', all I can think of is my best mate's missus. Anything I should do about that?

Adam, Winchester

Most people think of someone they know when they wank off – as long as it's not close family, a serial killer or a doppelganger of yourself, you're completely normal. Why not, for fun, tell your mate's missus on a drunken night out when he's nipped to the bogs? Maybe even throw in some actions of how you do it to make sure there's no confusion over exactly what you mean – honestly, nothing can go wrong here. Really, have fun.

Von's NAUGHTY DOs DON'Ts

#26 PUBLIC NUDITY

Getting nude in public is one of my favourite pastimes, but ensure you follow my simple DOs and DON'Ts to avoid situations such as imprisonment and unwanted sex. **DO FLASH PEOPLE WHO LOOK SAD** in cars, while stationary at traffic lights, for instance – genitalia always brightens one's day, but **NEVER GO FULL A-HOLE** pressed against the glass – this is not a strong look. If you're doing nude beach, do do flaccid. **NEVER BUST OUT A FULL ERECTION**, unless you're going for sex-intended public nudity, in which case, try hiding your modesty by doing it against a tree, or over someone's car (my favourite). **DO GO NUDE SWIMMING** and wonder why your dick looks strange underwater but **DON'T DO NUDE IN THE SUPERMARKET**, they are always much colder than you expect.

ALICE: MADNESS RETURNS

ELEVEN YEARS AFTER THE INSANITY OF AMERICAN McGEE'S ALICE, THE LONG-AWAITED SEQUEL ARRIVES, AND IT'S NO LESS BONKERS...

In 2000, a video game came out that was a twisted, messed-up look at a children's classic. Using the 'going to Wonderland' idea as a metaphor for going completely batshit stone bonkers, it was a pitch-black bit of aceness that still holds up. The dude behind it, the far-too-awesomely named American McGee, is now back with a followup, Alice: Madness Returns, so we thought we'd dress the conveniently-named Alice Sey up to celebrate. We're good like that. Thank us later.

THUS GREW THE TALE OF WONDERLAND: THUS SLOWLY, ONE BY ONE, ITS QUAINT EVENTS

Q&A AMERICAN McGEE
GAME DESIGNER/PRODUCER

THERE ARE VERY FEW PEOPLE WHOSE NAMES APPEAR BEFORE GAME TITLES – YOU, SID MEIER AND TOM CLANCY. DO YOU THREE EVER MEET UP FOR A FEW BREWSKIS?

I've never had the pleasure of meeting Mr Clancy, but I have bumped into Sid a few times. It's a strange club, to be sure. But now that I'm here I won't knock it – certainly it's helped open doors and keep our studio alive. Can't complain about that.

FOLLOWING AMERICAN McGEE'S ALICE THIS MANY YEARS LATER, WAS THERE EVER THE FEAR THAT IT WOULDN'T BE AS GOOD?

There's something magical about Alice as a property and developing it into a game. When the first game was in development, you could feel that magic – like, the game urging us on. It was the same during the development of Madness Returns, something I attribute to Alice as a character. She speaks to the team, guides us in our decision-making and shepherds us through. The game is the result of listening to ten years of feedback from the fans, applying advances in technology and a lot of hard work by our development team. We're pretty proud of it.

YOU UNDERSTAND THAT "AMERICAN McGEE" IS PRETTY MUCH THE BOMB AS FAR AS NAMES GO, RIGHT?

It's definitely better than what my mother said was the alternative: Obnard. Not sure I'd be where I am today with a name like Obnard McGee, so I feel lucky with American, although I can never just introduce myself and be done. Introductions always require a double-take, restating of "Yes, American" and then some storytelling. But I've met people one time, briefly, then met them again ten years later and they still remember it. Not a good thing when it comes to speeding tickets, by the way.

WHAT'S THE ENDURING APPEAL OF ALICE IN WONDERLAND?

It's Alice as a character. In the books, she's infinitely curious, witty and precocious – an appealing character for young and old, male and female. Her imagination draws us in, reminds us of our own dreams and fantasies. Wonderland is her super power, and it's a power we all share with her. In the game, she's wounded and unstable – another aspect of her personality a lot of us can identify with.

WHAT'S THE BIGGEST PAIN IN THE ARSE ABOUT BEING A GAME DESIGNER?

Game development is a team effort, and with any team effort there are days when the personalities and individual agendas don't click. On the flipside, what gives me the greatest pleasure is when everyone is humming along on the same wavelength, as if we're reading each other's minds.

HERE'S A GCSE-TYPE QUESTION. VIDEO GAMES ARE THE CLOSEST WE HAVE TO REAL-LIFE MAGIC: DISCUSS.

When you think about how our perception of reality is constantly being synthesised by subconscious processes within our minds, you start to wonder how long it will be before we're no longer able to distinguish between 'reality' and something generated by computer. Could be that we're already living inside an alternate reality created millennia ago by game programmers who hoped to provide escape from a world corrupted by over-consumption and waste? I thank you. GRIME

WILEY
100% PUBLISHING

PRODUCER/RAPPER/LUNATIC

Wiley is one of the UK's busiest and most schizo artists: one minute he's masterminding cheesy trance-pop-rap hits about going shopping and wearing nice watches; the next, he's doing aggy grime about doing sketchy shit in alleyways. Anyway, this album (his 12th!) finds Wiley in cheese-free mode, and if you only know him for his money-spinning chart cack, you'll be amazed at how properly good he is when he doesn't give two shits about royalties or radio play. 100% Publishing is all mad robot beats and bizarro lyrics that'll make your brain fizz like a shaken-up can of Tizer. SURVIVAL HORROR

SHADOWS OF THE DAMNED

360/PS3

FIRST, A WARNING: this game will melt your brain with its epic awesomeness. Produced by a veritable dream team of Japanese survival horror, with Suda51 (creator of Killer7), Shinji Mikami (creator of Resident Evil) and Akira Yamaoka (sound designer for the Silent Hill series), SOTD is a game with serious horror heritage.

You play as Garcia 'I fucking hate puzzles' Hotspur, a rough-and-ready demon hunter who jumps through a hole into hell after Fleming, Lord Of The Demons, to save his girlfriend. Aided by a hovering flaming skull called Johnson, who – conveniently – can turn into a range of weapons and motorbikes, you make your way down into the depths of hell, leaving a trail of increasingly disgusting demons in your wake.

Hell is an upside-down world where demons lurk in the dark – you'll be shooting sleepy goat's heads in the face to give an area light and drinking bottles of sake, tequila, and absinthe to 'un-kill' yourself. Weapon-wise, you start out with two guns, the 'boner' (a basic pistol-type gun) and the 'monocussioner' (a laser shotgun). Both can be upgraded throughout the game by collecting gems, culminating in you achieving the 'big boner' with which you can run around shouting "EAT MY BIG BONER!"

The sense of humour in this game is immense, and while the Grindhouse style has been done to death, there's something about the anarchic punk rock attitude of Damned that pulls it off and adds something new to the genre. Gameplay is what you would expect from a third-person survival horror, and while there some genuinely scary opponents, the sarky banter between Garcia and Johnson helps keep terror levels down. Still, I wouldn't want to play it on my own. Or in the dark...

RED FACTION: ARMAGEDDON

360/PS3/PC

THERE SEEM TO be a lot of games with 'red' in the title recently, and the latest game on the red team is Red Faction: Armageddon. The game is – as the title would suggest – very red. That is because it is set on Mars, which is very red, apparently. I've never been.

Darius Mason is the main guy who looks a bit like a kinky Satanist, I don't know why. Maybe it's the bald head. Then there's Adam Hale, the actual cult leader kinky satanist, who you just know enjoys a kinky fetish party or two. Probably with Darius.

Anyway. Darius is a businessman of sorts who is sent down to free some colonists from an evil cult leader (Hale) but is tricked into unleashing lots of bad Mars creatures in the process inadvertently setting an armageddon in motion. Luckily, you have loads of cool guns and gadgets, including an exosuit thing that is massive, and a magnet gun that throws things at each other. Sweet. Loot/ammo pickups can be a bit confusing as they all look a bit similar, but other than that, it's a fun game.

ALICE: MADNESS RETURNS

360/PS3/PC/

THE ORIGINAL American McGee's Alice was released as a PC game in 2000 and became a bit of a cult classic. Now, 11 years on, comes its highly anticipated sequel which comes with the original game as an unlockable download. Good times!

So, Alice is older and living in Victorian London under the care of a psychiatrist. When she starts experiencing repressed memories, she heads back into Wonderland to try and rebuild her mind, but doesn't count on the madness she unleashes as she gets sucked back into saving Wonderland from the evil within.

Alice is armed with her usual arsenal, including a pepper grinder machine gun, hobby horse club, and teapot bombs, all of which can be upgraded by collecting teeth. Looks-wise, Alice herself wouldn't look out of place in FRONT (as proved on page 126) and only seems to get fitter, not to mention her changing outfits made up of Tumblr girl fantasies.

Once again, Ted Danson has proved himself to be just a generally excellent human person. He plays Jonathan's editor, and often ends up getting into mischief himself. Look out for the episode where he gets herpes cos that shit is LOL-funny.

JONATHAN
(JASON SCHWARTZMAN)
As you'd expect of most magazine writers, Jonathan is a proper wino who ends up getting in all manner of shitty scrapes. The main character in the show, he ends up masquerading as a private detective to make money and get his life back on track.

DVD

COMEDY

BORED TO DEATH

STARRING: JASON SCHWARTZMAN, ZACH GALIFIANAKIS, TED DANSON

IF WE'VE LEARNED anything about private detectives from this latest HBO offering, it's that private detectives get lots of sexings, smoke lots of weed, and have lots of fun.

In this, pint-sized funster Schwartzman plays down-at-heel alky writer Jonathan, who's just been dumped by his girlfriend and is struggling to pen a second novel. With fuck-all else to do and no money, he advertises himself as a private detective which, somewhat handily, lends itself to a series of neat 30-minute adventures.

Although monkey-features Schwartzman's a pleasure, the show's somewhat stolen by the supporting cast. Beardy chubster Galifianakis brings his weird Hangover charm to the role of Jonathan's bezzie mate, and lanky legend Ted Danson hams it up to the tits as a pot-smoking magazine editor.

Sure, at times the whole thing can get a bit up its own smart arse (there's no shortage of arty-balled New York artist cameos we don't understand), but the comedy is sharp as shit and the storylines gleefully absurd.

A smorgasbord of near-the-knuckle gags. Wait, not near the knuckle – it's taken a razor, scalped the skin, shattered it, and then pissed on the wound.	RUDE, OFFENSIVE AUSSIES 4/5
THE GUARD *Starring: Brendan Gleeson* *Out 8 July* DVD	Giant actor-man Gleeson (he's literally the biggest man in the world) plays a lazy, prozzy-loving cop who gets teamed up with a straight-laced FBI agent. Now what could go wrong there?	It's easy to see why this one was proper bummed by the critics. It's got a nice, offbeat quirkiness, that isn't a million miles from In Bruges. TWO PINTS OF LAGER AND A PACKET OF CRISPS SEASON 9

Season 9? Fucking hell. We could've stared at two actual pints of lager and a packet of crisps and got more laughs than from this poisonous televisual fart.

PORSCHE 911 GT3 RS 4LTR

£130K

THE POSH BEETLE with its engine in the wrong end has been going for over 40 years now, but the latest version is a bit special – and we don't mean it's licking windows and watching Monster Trucks. No. This is the fastest, hardest, scariest porker money can buy. Said to be the last of the 911-shape models, the GT3 4ltr gets a larger engine, more power, and a bunch of other go-fast mods that turn it into the ultimate track car. Okay, you can drive it on the road, but with ultra stiff suspension, super direct steering and a roll cage in the back, get it on track and it'll be untouchable – as long as you're a bit of a hero behind the wheel. And it doesn't rain. And you take some spare pants.

BAD-ASS SLICE OF PORSCHE

SPECS

- **ENGINE** 4LTR FLAT-SIX
- **POWER** 493BHP
- **0-62MPH** 3.8SEC
- **TOP SPEED** 190MPH

ABT AUDI R8 GT

£130K

AUDI PROPERLY stuck it to Porsche and Ferrari when they launched the R8, but this ABT-tuned version is better than all that's come before. With bucketloads of body styling, carbon fibre and big wheels, plus more black and red than a stripper's underwangers, it looks good and goes even better. The mighty V10 lump has been tweaked to kick out an extra 100bhp and give a savage sound – which is even better with the roof down.

THREE MORE BAD-ASS PORKERS

PORSCHE CARRERA GT

A mid-V10-engined monster that went like fuck and cost over £350k when new. Had a reputation for twitchy handling – just what you need when you're knocking on the door of 200mph.

PRICE: £350K

GEMBALLA AVALANCHE GTR

This 650bhp Avalanche is mental. Favoured by Russian gangsters, it's fast, expensive and way OTT.

PRICE: £350K

9FF GTURBO 1200

With over 1200bhp and giant twin turbos, the 9ff is well fucking fast and has potential for over 250mph. Sounds like a fighter jet, too.

PRICE: £250K

SKIDS NEWS

MONSTER MINI

The WRC rally has kicked off and this year, the Mini is back. Based on the 4WD Countryman, the WRC version costs over £150k, has 350bhp and can do massive jumps and long skids. See it take on the might of Peugeot and Ford on Dave, Sky channel 111.

BUMPER CARS

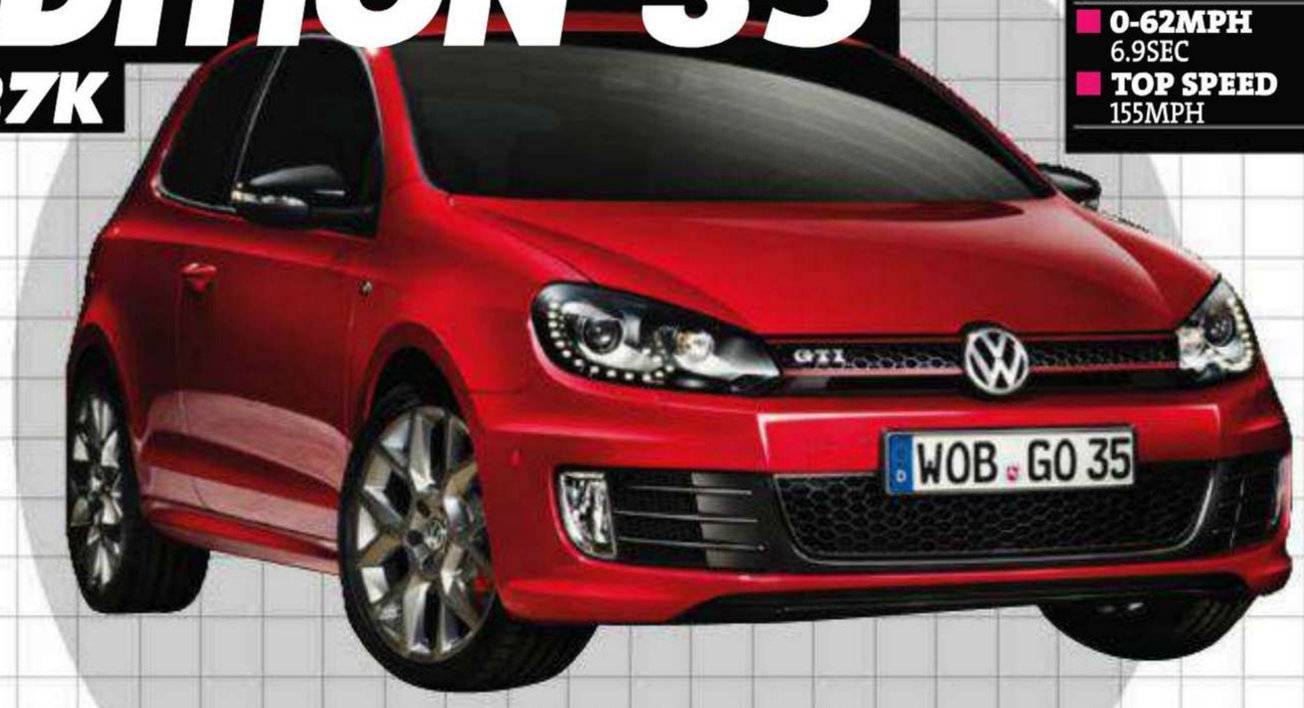

A fairground worker in China has been busted trying to simultaneously drive TWO dodgems through town. He claimed he was taking the battery-powered cars into town to drum up some trade for his fair. Fair play.

GOLF GTI EDITION 35

£27K

SPECS

- **ENGINE** 2LTR TFSI TURBO
- **POWER** 232BHP
- **0-62MPH** 6.9SEC
- **TOP SPEED** 155MPH

THE GOLF has been going strong for 35 years and to celebrate, VW has launched the Golf Edition 35. Aside from the unimaginative name, the car's a right little belter. The 2ltr TFSI engine's had a rework and now kicks out 232bhp, making it the most powerful Golf GTI ever. With subtle styling tweaks, bomb-proof build quality and eager performance, it's going to be a winner.

NO. 15: BMW M3

These days, M3s are big V8-powered buggers, but things were very different when the first M3 launched in 1986. The little 1,300kg saloon had a 220bhp four-pot lump and no traction control or electronics if you overcooked it. Today's hot hatches may be faster, but the original M3 is still one of the best cars ever made. Fast, raw and lots of fun.

THE FRONT MANIFESTO

THE INDEPENDENT MAG

FRONT is not owned by some evil corporation, although sometimes we wish it was because then we might have toilet paper in our bogs. On the plus side, it means we don't have to listen to people in suits telling us to put Mika felching a disabled donkey on the cover.
We listen only to you, our semi-deranged-yet-genius readers.

FRONT IS NOT A LADS' MAG

Lads' mags are, like, so 1994 – a gentler time before global terrorism, when you could leave a £50 note in a pub and it would still be there a week later (with interest). FRONT is a mag for true legends, who when staring death in the face, shake it by the hand and proclaim: "Gaylords say what?"

NO FAKE BOOBS

That's right, readers: all boobs in FRONT are as real as the air we breathe. Whether they're part of a lovely lady or hanging from a fat sweaty dude, they're bona fide genuine and will not explode at high altitude.

WE HEAR YOUR PAIN

Your comments, letters, e-mails and texts: we fucking love 'em all. Whether it's through the mag or on the website, tell us what you want to see in FRONT and we'll pull out our finger and get it done. We won't even stop to wipe the sweetcorn bits off first.

YES

MURRAY

Why isn't Colin Murray from MOTD2 on the Cuntdown? The witless fuck ruins the programme with his cunty face and thoughtless fuck-all-to-do-with-football remarks. He's a pasty-faced cunt.

Harry and Jack, from Hull

Nice call, Harry and Jack. Murray's a weird case in that he seems like quite a nice dude while clearly also being kind of a cunt. Like, you get the impression you could have a fun evening getting hammered with him, and then afterwards you'd think "That was fun, but he's a bit of a dick, isn't he?" Therefore, in at ten for one month only!

FOGLE

How comes that massive cunt Ben Fogle is not number one, the floppy-haired I-do-a-bit-of-everything-on-TV cunt? Posh boy cunt travels the world with that fucker Cracknell doing dangerous things, and it proper grips my shit. Do us all a favour: in at number one I think.

Mango, Kent

It's true, Mango, the man's a cunt. It seems a shame really – he's achieved things most of us mere mortals can only dream of. He's rowed across the Atlantic, run across the Sahara and trekked to the South Pole, but he's done it all in such a foppish poshly cuntish way that rather than going "Fair play, he's hard as nails" you find yourself thinking "Hell's bells, what a cunt". In at one!

BRAND

Please put Russell Brand on the Cuntdown. I can't be the only person who hates him. He is a talentless wanker who can't act and seriously is not funny. I hate everything about him and to top it off, he's married to Katy Perry! Why Katy? Why? Please put him in there, it'll make my day.

Scott, via text

Ah, come on, Scott. Is Russell Brand a cunt? Surely he's just kind of silly-looking and jammy as fuck? True, his last few films have been total turd sandwiches, but the dude's genuinely funny. No cunt is Russell, Scott!

NO

SOUTHGATE

Gareth Southgate is a cunt so hard, I lose sleep at night over it. The fact he exists makes me question my own life. He's about as appealing as a freshly-wiped skidmark. Go die, you fishy cunt.

Tom, Greg and Luke, via text

We can see why you've brought this up, fellas. The pointy-noised bottle-job did cost us certain victory with his fluffed penalty at Euro '96. He's also a failed manager and a tiresome pundit who goes round too many houses with his long-winded analysis. But, in truth, he's about as offensive as an old lady struggling to park her car in a disabled bay. Southgate's a reet wally, sure. But he's no cunt.

NO

BISHOP

Mr Bishop from Eastenders is a slimy cunt. Leave Dot alone, you old fart, walking around like a corpse dressed as the fucking Joker.

Kerr, from Cumberland

Absolutely, Kerr. In an ideal world, Jim would somehow get regenerative powers like Wolverine, recover from his stroke, slice Bishop into little pieces and do one final big sex with Dot, bent over the bar in the Queen Vic. Hang on, we're off to be sick a bit. That idea got out of hand.
